**EUVITA.**  
 CHARLES RAULEN.—Gentlemen.  
 KINSTON COIN AND BOOK EXCHANGE.—What a Nuisance.  
 EINSTEIN BROS.—The New Dress Goods, Silks and Trimmings.

Miss Kate Harvey, who has been in the northern markets for several weeks has accepted a position with a large millinery firm in Roanoke, Va., and will stay in that city during the season.

The criminal docket was not finished in the superior court Saturday but will be today and the trial of civil causes will commence tomorrow. Probably the whole week will be consumed in trying the civil docket.

Mr. E. K. Hassel, who has been in Kinston several years as chief engineer for the Hines Bros. Lumber Co., but whose family had been in Scotland Neck, moved them to Kinston last week and will make this his permanent home.

A special meeting of the Women's Foreign Missionary Society will be held tomorrow afternoon at 2 o'clock at the home of Mrs. E. H. Davis on Independent street. A full meeting is desired as matters of importance will arise.

Streams of melody issuing from the county jail today indicate a satisfied contentment not in accord with the idea prevailing about it being a place of tribulation. The prisoners today were singing in such a lively way that one was led to believe that they were perfectly happy with their lot.

To the following were issued marriage licenses last week: White, J. M. Brown and Annie E. Newborn, S. C. Cox and Julia Brown, Jesse S. Fordham and Mary R. Williams and W. F. Nunn and Miss Annie Pate. Colored: Isaiah Anderson and Martha Gregory and Allen Droom and Pauline Whitfield.

Dr. Wm. Edwards returned Saturday afternoon from Spring Hope where he had been called to a patient. Dr. Edwards had accompanied the patient to John-Hopkins hospital at Baltimore to have an operation performed at that institution and returned to Spring Hope last week and Kinston Saturday.

A crowd of dandies deeply engrossed in the fascinating past time of crap shooting at Mrs. Harper's stables yesterday afternoon were raided by the police and instead of the usual "come seven" it was "go seven," there being seven of them, and they were marched to the station house. They were before the mayor this morning and bound over to court.

On and after Sunday, Nov. 22, the A. & N. C. railroad company will run the "Shooey" train to Morehead city on Sundays. This early morning train does not go further than Newbern now but the Sunday train will, beginning Nov. 22, run through to Morehead city. The same schedule will be in effect from this place as now, that is, leave Kinston depot at 8:46 A. M.

A suit of ejectment against R. and S. Burke tried Saturday afternoon resulted in a verdict for the plaintiff, Mr. S. H. Loftin. The defendants gave notice of appeal. This case is one of a series between Hecker and Burke Bros. for the possession of the store building next to Oettinger Bros. and the result of Saturday's trial gives Hecker possession of the store if no appeal is taken.

A small blaze occurred this morning about 8 o'clock at the city market house and a large crowd soon gathered. The cause of the fire was a defective flue which caused a blaze between the ceiling and roof and was burning quite briskly when the stream was turned on but the flame was soon extinguished, and very little damage resulted. The fire department responded quickly and a stream was on in a short time.

Mr. A. Einstein returned yesterday afternoon from a business trip to northern markets in the interest of Einstein Bros. store and says that he has bought more heavily than usual this year of the many beautiful styles for the spring and summer. Mr. Einstein believes in telling the public of the good things he knows and a careful perusal of his ads can only prove of great advantage to prospective purchasers. Watch out for his ad.

Yesterday was Epworth League day in the Methodist church all over the United States and it was properly observed at the church in this city. The house was decorated beautifully and in a manner that was unblemished of the League, and speeches were made at the evening services regarding the work of the League. The Kinston organization is a live one and great interest is being manifested in the work, and a large membership is expected to result from the activity shown.

The game of ball Saturday afternoon between the "Kinston Stars" and the "Goldboro Roosters" ended in a score of 7 to 3 in favor of the Kinston boys. A very good game was played, there being only 3 hits during the game, Kinston getting 5 and Goldboro 3. The batteries for the home team were Cummings and Joyner and for the visitors, Holmes and Carter. They both showed up very well but Goldboro couldn't hit Master Cummings' curves and young Joyner caught a game that would have been a credit to one much older. The game was over in one hour and thirty minutes and the gate receipts were \$16.

The best pill means the sure and simple. It dissolves the system and never cures. Reliable Early Relief of weekly repetition. Ask for the "Wife's" and take no substitute. Small pill, easy to buy, easy to take. Easy to use, but never failing in results. Dewitt's Little Early Relief cures the secretions and acts as a tonic to the liver, curing permanently. Beware of cheap imitations.

Mr. Clarence Oettinger returned yesterday afternoon from an extended trip to the northern cities where he has been to buy spring stock for the firm of Oettinger Bros. Mr. Oettinger has given the selecting of the stock his careful supervision and the large purchases made by him will prove of great benefit to their customers.

Rev. Ada C. Bowles whose temperance lecture drew so large a hearing on Sunday at the court house, will deliver her lecture on "Woman As An Inventor", in the Christian church on Wednesday evening of this week. A Boston paper says of this lecture that "the facts were of so much interest that the report of it, as given in that city was taken up by the great dailies and republished all over the country."

Marcellus Harper colored, and a white man traded horses Saturday afternoon and Marcellus becoming dissatisfied with his trade afterwards, went up to the man and jerked the reins out of his hand, which held the horse and made off with the horse, leaving his in the place of the one he carried off. The man warranted Harper for forcible trespass and the case will be tried this afternoon. Harper is only recently free from the roads and make this bid for another job with the superintendent of road construction.

Persons who are holding books belonging to the Kinston Library association on which the time limit has expired, are requested to return them by May 1st. If they do not do so a bill will be rendered for the value of the book so held, and if satisfactory settlement is not made, the bills will be put in the hands of a collector. The association has been compelled on account of the demands of the subscribers to purchase duplicates of some of these books. It is with regret that this step is taken in the matter, but self-protection seems necessary.

**Women Find Work.**

New-Observer.

New avenues of employment for women are being opened every day in this State. In Reidsville the F. R. Penn Tobacco company will in the future employ young women and girls in the smoking tobacco department. The Old North State company tried employing girls some time ago and has found it profitable and satisfactory. In Greenville and Elizabeth City women are employed as printers and in the office of King's Weekly a woman is pressman.
