On Monday go to the polls and vote early and as often as the registrars will let you for bonds!

The regular monthly meeting of the Kinston auxiliary of the C. W. B. M. will be held in the Christian church tomorrow afternoon at 4:30 o'clock.

Mrs. George A. Dawson, recently of this place, died at her home in Beaufort Thursday night of heart trouble. The burial took place at that place today.

Several from Kinston went to Wilmington this morning to hear Nordica and DeReske at that place tonight. Among the number that left here were Mrs. L. Harvey and daughter, Miss Maye and Mr. and Mrs. D. T. Edwards.

Mr. John Cameron, of Harnett county, a cousin of our townman Mr. A. McF. Cameron, is visiting in the city. Mr. Cameron is a millwright of reputation in North Carolina and used to ply his trade in this county a half century ago, before the war.

Sheriff Wooten holds a letter from superintendent Dill, of the A. & N. C. railroad, telling of a habit that a certain colored man has of getting drunk and sitting on the railroad track, near this place. He has been driven off the track several times. Mighty bad habit, and may result in something serious if the aforesaid doesn't mend his ways.

The register of deeds issued license to the following to get married during the past week: White—J. C. Benbury and Martha A. White, Stephen L. Fordham and Eula Smith, Paul Hill and Mary Gray and L. H. Taylor and Leone F. Davis. Colored—Nelson Biggs and Nannie Miller, Ivey Jones and Ida Wise, Haywood Jones and Lester Sutton and James Jarman and Mary York.

Mr. W. D. Suggs received a letter from his brother George, who is with the Nashua, New Hampshire baseball team, of the New England league, in which he says they have the fastest line up that is in the league. Two exhibition games have been played this week, one with Lowell, Mass., and the other with Haverhill, Mass., and the Nashua team gave both the others a good drubbing. George is a fast one himself and can go any pace set by the New Englanders.

Appropos the early closing movement the Statesville Mascot says the petition being circulated there among the merchants to close their stores at 7 o'clock p. m. is meeting with a ready response and that all stores except the drug stores and those selling refreshments are signing the petition. At Greenville the same movement is on foot and the merchants are falling in line. Of course in the larger cities the custom is already established and has proven to be a wise move on the part of the merchants. Kinston merchants will not be behind other towns in this matter and will do likewise.

The news has been received by his people in this city that Amos Phillips, a young negro, who some time ago drove a delivery wagon for Mr. W. R. Thompson, was killed in West Virginia, where he went some time ago to work in the Pocahontas coal mines. He left here with an agent of the company, who furnished the negro money to pay his railroad fare. It is reported that Phillips was trying to run away and get rid of the debt and that he was shot by the overseers.—Goldsboro Argus. Quite a number of barkers from Kinston went to the mines in West Virginia with this same agent, and no doubt all of them would like to get back to their old home in "Calany."

The registration books show 769 names enrolled as duly qualified electors provided the 9 challenges of the judges are sustained and no other challenges are made. Of this number 385 will be necessary to carry the bonds. Of course more than that number are in favor of the bonds, but to get the vote out on election day will be the question, as very little interest will be manifested in the election of officers because every one looks on the nomination in the primaries as settling the election as to officers. This of course is so, and the thing for friends of progress to do is for every man to deputize himself a committee of one to remind some one else that it is election day and that possibly the future of Kinston depends on his vote. Do this and there will be no doubt about the result.

Picnic at Holland's School House.

There was a picnic and school exercises at Holland's school house, about eight miles south of Kinston yesterday at which an entertaining program of exercises by the scholars was given and an address by Clerk of the Court Plato Collins.

The children acquitted themselves in a very creditable manner, reflecting honor on their instructor, Mr. Phillip Stroud, who has labored among the children of that section for 5 years, trying to instill into them the rudiments of education, and which has borne splendid fruits.

The children's exercises were the first on the program, after which the address of Mr. Collins and then an old-time basket picnic. A table 75 yards long laden with all that goes to tempt the inner man was on the school grounds, and 300 people enjoyed the occasion to the fullest extent.

Mrs. F. B. Fields, of LaGrange, who has been visiting in Pitt county, took the cars here last night for her home.

Mrs. J. W. Bizzell, who has been visiting friends and relatives in the city, returned to her home in Goldsboro, this morning.

Mrs. F. M. Shamburger and mother, Mrs. N. D. Norman, of Wilmington, are visiting Mr. J. W. Grainger's family at Vernon Hill.

Mrs. L. W. Dawson went to Beaufort to attend the funeral of her daughter-in-law, Mrs. G. A. Dawson, who died there Thursday night.

Miss Eva Pollock and Mrs. Kinsey, of Trenton, delegates to the Sunday school convention just closed, returned to their home this morning.

Miss Bessie Cobb returned from Perfection, Craven county, this morning, accompanied by her sister, Mrs. W. G. B. Lane, who will visit her parents here.

Dear Ladies: Please do not let your husbands, fathers and brothers sleep late on Monday next, but get them up early, give them a good breakfast, and send them down to the court house with a promise that they will vote for bonds—and see that they vote that way.

The Colored Graded School a Success.

A meeting of the sub-committee was held May 1st 1903. It viewed the progress of the school under Prof. L. D. Merritt. A. B. The school year is the most prosperous of any year since it has been established. The principal, Prof. L. D. Merritt is fully competent for such a school, and has done efficient work.

Rev. Sampson has charge of the 4th grade and has done remarkable work. Rev. Nichols has the 3d grade under his guidance, and has helped in making the school a success. Mrs. Ruthertford, of the 1st and 2d grades have laid the foundation for the future of the school. She is the best primary teacher the school has ever had.

We, the sub-committee, take pleasure in endorsing all the teachers and beg that Prof. L. D. Merritt be given the place as principal again. This will give entire satisfaction to the patrons of the school.

We are respectfully,
