MISS MEACHAM & CO.—Ladies' Neckwear.

Mr. Alfred F. Hammond, of Trenton, is a member of the graduating class of the University College of Medicine, of Baltimore, Md.

The Kinston Fire company met in regular monthly session last night at the mayor's office. Nothing but routine business was transacted.

There will be a meeting of the Retail Grocers' association at the mayor's office tonight at 8 o'clock and all members are requested to be present.

The adjourned meeting of the Elks from last night will be held at the hall tonight at 8 o'clock. Initiatory work is on hand and a full attendance of the members is desired.

Those in front of the stage last night knew nothing of the lamp explosion behind the scenes, but which was thrown from the window in the dressing room, thereby averting a fire and possibly a panic.

Mr. R. B. West went to Goldsboro last night to play with the K. of P. band of that city at an Elks social, given there last night complimentary to the lady friends of the members of the Elks lodge.

Managers of the M. E. Sunday school picnic excursion are trying to arrange with the manager of the steamer Wilmington to take the picnicers down the Cape Fear on a pleasure trip. This will be an occasion much enjoyed.

On account of the unveiling exercises by the Woodmen of the World at LaGrange Sunday the A. & N. C. will sell round trip tickets at the very low rate of 50 cents. Kinston will furnish the orator for the occasion in the person of our esteemed townsman, Dr. H. D. Harper, Sr.

Dr. J. A. Pollock received a telegram from Rev. B. W. Spillman and party, who are touring Florida, this morning, that they were water bound at Jacksonville and could not get away but were all well and safe. Rev. and Mrs. B. W. Spillman and Misses Emmie Pollock and Nannie Cox are in the party.

It is a pleasure to note the success of The Bobbit Chemical company, of Baltimore, Md., manufacturers of Rheumacide, which is said to be a very superior remedy for rheumatism and other blood diseases. This company has grown from a small beginning until it is now one of the most extensive advertisers in the United States, using newspapers and other methods also.

Mr. D. L. Hines, of near Seven Springs, brought a cat to Kinston yesterday that he had killed at his home because of the belief that the cat was mad. The peculiar actions of the cat in biting and snapping at people led to the belief. He had bitten Mr. Hines' child and also a colored boy on Mr. Hines' place and Mr. Hines brought the cat to Kinston to have the doctors investigate to determine if it was affected with rabies. A live rabbit was inoculated with blood taken from the cat and the experiment will be watched with interest. It will take about 14 or 15 days to find out the result.

A touching instance of sisterly affection was seen at the A. & N. C. depot this morning when two little girls about 8 and 10 years old respectively, came in on the train from Goldsboro and met their sister, who was a member of the Helen May Butler band which played here last night. The little girls, who are also members of the band, came all the way from Kansas by themselves. The elder sister who was here last night was at the afternoon train yesterday to meet her little sisters and when the train pulled in without them she turned away from the depot with an expression of acute distress written on her face which was remarked by those standing at the depot. The mutual joy at the meeting at the train this morning was extremely touching. They all left on the Coast Line freight to join the band at Greenville.

The Helen May Butler Band. The Helen May Butler Band gave a very good musical concert at the opera house last night which was especially well received by the audience, who evidenced their pleasure by frequent applause.

Every number on the program was rendered in a faultless manner and particularly were the solos of the cornet, piccolo and clarinet appreciated.

Miss Butler showed herself mistress of the baton and a leader of great tact and skill. Her work was perfect.

The band left for Greenville this morning and will delight the music lovers of that city tonight.

Why Willie Wasn't at School.

Black Mountain Eagle. The following excuse was received by a Yancey county school teacher from the mother of one of her pupils: "Respected Miss: Please excuse Willie for absence. He fell down stairs just before school time and we feared his internal insides was hurt at first, but they ain't. The doctor says that no part of his anatomy is hurt but bruizing of the epidermis of the outside hide and also his hip hurt some. But he narrowly escaped fatal death. So kindly excuse."

Mr. Joseph Pomerville, of Stillwater Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets a trial and you will be pleased with the result. For sale at 25 cents per box at J. E. Hood's drug store.

Vera Cruz Passengers at Newbern.

Newbern, May 13.—Bertram Stump, deputy commissioner, Dr. M. W. Glover and Louis Lottes, a stenographer, arrived here tonight from Baltimore. They will begin an inspection of the 391 immigrants now stationed at the government yards.

The inspector says it will take about two days to do the work. Those that are lawfully allowed to land will be sent to New Bedford, Mass., and the remainder returned to Havana. Several of the immigrants are sick. A temporary hospital for them was opened in the old fair grounds building. The sickness is caused by the water they drank.

Mayor William Ellis received the following telegram today, but it is not known what will be done concerning the matter:

"Have railroad work in West Virginia for Portuguese immigrants at one fifty per cent, transportation free. Answer: A. Phillips, 419 E. Main St., Richmond, Va."

Commits Suicide by Eating Chicken.

Logansport, Ind., May 11.—It is thought that Fred Rush, who died Sunday afternoon in a local restaurant, deliberately committed suicide. He was found to have a rag so tightly tied around his throat that it made impossible for him to eat, yet he crowded enough chicken into his mouth to choke a horse. Coroner Hetherington could not untie the knot that held the rag about Rush's neck and had to cut it. Those about the place assert that Rush deliberately committed suicide.

Can Choose Their Studies.

New Haven, May 11.—The Yale University corporation at the May meeting, held today, approved the recommendations of the academical professors to extend the elective system into the freshman year by allowing each freshman to choose five out of eight courses of study and to allow the substitution of advanced work in mathematics or modern languages in place of Greek for admission to college.

They Raffle Their Son.

Peoria, May 12.—The two month-old son of Major and Mrs. Smith, of the Salvation Army, was raffled by a divisional meeting last night and the affair drew a great crowd.

Some one put the name of the Lord on a ticket and this ticket won the baby. The youngster was thereupon dedicated to the service of the Lord amid much applause and singing of Hallelujah songs.

THINK FIRST—THEN ACT.

Don't send for any plumber, no matter how urgent the need for one may be. A rush order may result in nothing more than a promise to send a man around. Take the time—a minute or two longer, perhaps—to communicate with us. Then the job is as good as done and "done so" We are the plumbers who never promise unless we can perform and never fail to perform well.
