 KINSTON COIN & BOOK EXCHANGE.—The Baltimore Sun.

All members of the Jr. O. U. A. M. are urged to be present at the meeting tonight at Canaday's hall at 7:30.
 A pretty full docket will be tried by the mayor late this afternoon. The approaching busy season seems to infuse new life into the "fighting brigade."

The Christian Endeavor Society of the Christian church, will meet Wednesday evening at 7:30 o'clock with Miss Marjorie Kennedy as leader. Subject, Mission Work in South Africa. A full attendance is desired.

A young colored man by the name of Phillips and his brother, who lives in southeast Kinston, became involved in a row Saturday afternoon in the field and when they quit work went to their home and re-opened the row and the younger went into the house after his gun. On returning he fired the gun, the load going through the roof of the porch. He said that he was just trying to scare his brother, but the case will be aired before his honor, Mayor Rouse, this afternoon.

The largest crowd that has gone from this place to Morehead this season went down Saturday evening and yesterday morning. Upwards of 300 from Kinston were at the seashore yesterday, and the most of them expressed themselves as having had a delightful time. The surf was by far the most popular pleasure of the day, and hundreds were in old ocean during all hours. The two morning trains were filled with people from along the A & N. C. railroad.

Mr. E. D. Harrell and Mr. J. G. Tilghman had a scrap at Mr. Harrell's saloon today at noon, in which a lick or two was passed but no serious damage was done to either. The affair grew out of a discussion concerning a horse that Mr. Harrell sold to a man at Dover. It seems that Mr. Harrell took exception to a remark that he claimed Mr. Tilghman had made to the purchaser of the horse, and talking about it today the lie was passed and some licks. The scrap which was begun in the saloon was renewed on the street in front of the saloon, on Gordon street, later.

Three excursions out from Kinston tomorrow, so you can "pay your money and take your choice." "Hatch Bros" will leave the Coast Line depot at 7 a. m., and the price is \$2 for the round trip of two days to Norfolk. R. E. Pipkin will pass through Kinston on the 10:12 train and go to Norfolk, Baltimore and Washington. This will be a four days' trip and the fare from Kinston will be \$4.00 to Norfolk and \$7.50 to Washington and Baltimore. The knitting mill and cotton mill excursion to Morehead City, for the benefit of the stockholders and operatives will leave at 7:15 a. m.

Jesse Kennedy, of this place, had his scalp laid open yesterday afternoon by Thad Tyndal, of Southwest township, at the latter place. The boys were over there yesterday, drinking cider, it is said, and Kennedy became involved in a row, and Tyndal interposed, when according to Tyndal's account, Kennedy cut at him with a knife, inflicting a flesh wound on the finger. Tyndal then struck Kennedy with a stick, laying his scalp open for a good bit. Others interfered, and Tyndal believing they were trying to do him harm pulled his gun and held them off. One person told it that Kennedy was trying to get away when Tyndal hit him the second time. The trial took place at justice Cox's court this afternoon but the result was not known when the paper went to press.

The boys in camp are having a lot of fun out of the camp blanket trick, that is, taking a fellow up in a blanket and with men at each corner of the blanket he is tossed high in the air. If he don't know the trick he thinks every minute that his neck is going to be broken. Yesterday while this prank was being played on a Kinston boy down at the encampment a certain young man of this place was very much aroused by the act and expressed himself as being nearly mad enough to whip the whole regiment, when the first thing he knew he was "riding" himself. The onlookers said of him that his facial expression was a sight to behold, for he was badly frightened. The young fellow is very reticent about his "ride" today and hasn't sufficiently recovered to attend to business. Moral: Don't defy a regiment of soldiers.

A Big Lumber Plant.
 Mr. B. H. Mallison, with the Manhattan Beach Lumber Co., incorporated under the laws of New Jersey and doing business near Croatan, was in the city to spend Sunday and says that the company has recently increased their capital stock from \$50,000 to \$250,000 and will add the manufacture of excelsior.

Mr. Williams, of Baltimore, the inventor and owner of improved machinery for the manufacture of excelsior will himself be interested in the Croatan plant, which will make fine excelsior for mattresses as well as the coarse kind for ordinary packing purposes.

Just About Nothing
 take a little Early Riser—it will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are different from other pills. They do not grip and break down the mucous membranes of the stomach, liver and bowels, but cure by gently arousing the secretions and giving strength to these organs. Sold at J. E. Hood & Co.'s drug store.
