The Round Table Club will meet at the residence of Mrs. J. Hickson, Jr., tomorrow afternoon at 4 o'clock.

Cotton is practically unchanged on the local market today, and very little was offered at the ruling prices, nine cents. Only about 25 bales were sold here today.

The board of county commissioners were in session today transacting routine business and also drew the jury for the November term of superior court.

The North Carolina Mutual Benefit Association, a State insurance company operating chiefly among the colored people paid the death claim of George Thompson, colored, here Saturday.

Mr. Charlie Pate, of Goldsboro, came yesterday to visit his brother Mr. Johnny Pate, who is quite ill of malarial fever at his sister's, Mrs. J. M. Howland's, in east Kinston. His condition is much improved today.

The board of education met in regular session today at Superintendent Howard's office in the court house. Nothing of unusual interest was done, the transaction of the regular business of the board occupying their attention.

Mr. Will Ormond, of Ormondsville, took the cars here Saturday night for Wayneville, in response to a message from there stating that his sister, Miss Irene Ormond, was very ill. Miss Ormond went to Wayneville some time ago for her health and suddenly took a turn for the worse.

There was a rumor on the street today that Mr. Pate, who was shot a few days ago, was dead, but the report could not be confirmed. A gentleman from that section this morning said that Pate was barely alive and that it required a good deal of morphine to enable the stricken man to bear the pain in the head.

Mr. Joe Johnson and Miss Pennie Hawkins were united in matrimony Sunday morning by Justice of the Peace J. G. Cox at the restaurant in Coleman building, corner King and Queen streets. A crowd of people witnessed the ceremony which took place at 10 o'clock. After the ceremony the newly wedded couple went to church in lieu of a bridal tour.

Judge Allen's family received a 'phone message this morning apprising them of the sudden death of Dr. Matt Moore, father of Mrs. Allen. Death occurred this morning at his home in Duplin county and was totally unexpected. Dr. Moore was 72 years old, and was one of the most prominent citizens of Duplin county. The family of Judge Allen will leave on the evening train to attend the funeral at the family burying ground of the late Dr. Moore, near Warsaw, which will take place tomorrow.

Mr. E. P. Loftin, who lives four miles from Kinston, was in THE FREE PRESS office today and showed us some very fine chestnuts raised on his place. Mr. Loftin has several trees and they are very fine. He also has a young orchard of pecan trees that bear nuts of unusual size. This industry could be made to pay handsome returns for the outlay and it would seem that more people would engage in it. The pecan nuts raised in this county are larger and have a superior flavor to the little imported nuts and would meet with ready sale in the market.

In deference to the good people of Trent township THE FREE PRESS takes pleasure in correcting an error in which the paper said that the shooting of Pate occurred in that township. Moodysville is in Neuse township and Mr. Ira Smith tells the reporter that there has not been a murder committed in Trent in over 60 years. The fact that Trent has always remained a Democratic stronghold should be proof enough to anybody that no such condition could exist there. So we take off our hat to the good people of Trent and humbly apologize, promising at the same time not to offend in this manner again.

**Our Death Rate.**  
There were 48 permits for interment in the cemetery at this place issued during the period from May 15th to October 1st, this year. While the number is greatly in excess of any previous year for the same length of time there is nothing alarming in the fact. There has been no epidemic of any kind whatever and few deaths from fever.  
Of the number 21 were colored infants under 2 years of age and there were six white infants. The white adults were nearly all aged people.  
The list includes several brought to Kinston from other places also.

### Millinery Openings.

The millinery opening which is to take place in this city on Wednesday, Oct. 7th, will be a day of pleasure to the ladies, as elaborate preparations will be made for the occasion.

At Mr. J. M. Stephenson's besides the display of hats will also be shown their beautiful line of dress goods. Considerable interest is manifested in the approaching openings and the ladies will not be disappointed for the designs this season are said to be unusually pretty and the artistic arrangements by our up-to-date milliners will make a feast of beauty for the fair sex to revel in.

The ladies of this city patronize these semi-annual "beauty shows" largely, and if Wednesday is a fair day this season will be no exception.

### QUALITY

The greatest thing in the world is not the saving of a few pennies. There is a saving which does not save. In drugs and medicine QUALITY is of first importance every time. Nothing else is of any importance.

The size of a bottle of medicine has nothing to do with its cost, or its real value. Is there any profit or satisfaction or reason in saving possibly several cents on a prescription and getting medicine of an inferior quality? What do you care about price on a prescription, provided you get exactly what your physician prescribes, compounded from the purest drugs. Above all other considerations the one thing to insist upon is (QUALITY). We do expert, trustworthy prescription work. We use only the purest drugs of the highest (QUALITY) we charge you a fair price, no more no less. We NEVER overcharge on anything; we safeguard any detail from the time we receive the prescription until the medicine is in our customer's hands. How can a druggist charge a lower price for filling a prescription than perhaps only one of the drugs in that prescription costs, if the purest QUALITY is used and still claim to do prescription work of the highest QUALITY? On the face of it there is something wrong. Look for QUALITY in prescription work—not price.

QUALITY is the only thing we think of in our prescription department—the highest possible QUALITY of drugs, the highest possible work, exact and unvarying compliance with every prescription as written by the physician. We desire prescription customers who appreciate QUALITY. Our wish is that we may do your prescription work. You are at liberty to bring us any prescription written by any physician on any druggist's blank.

Our charges are always fair and reasonable, never excessive. We stand for quality first, last, and always. Your money back if we don't suit you.

WILL HUNTER, JR.
