Cotton sold on the Kinston market today at 8 1/2 to 9 cents.

Remember the dispensary addresses tonight at the residence of Mr. Solomon Duff, in east Kinston.

The fire engine was given another test yesterday afternoon and developed great pressure. The trial was very satisfactory and shows the engine to be one of great power and endurance.

White applicants to teach in the public schools of the county are being examined by Superintendent Howard today, and the examination will continue tomorrow. Colored applicants will be examined Saturday.

Superintendent Brogden, of the graded schools, asks THE FREE PRESS to request the parents to have the children attend school promptly tomorrow and says an effort will be made to have the parade pass the school house. The children will be dismissed at the noon recess.

Dr. J. L. Jones, of Long Beach, Miss., was in the office today and renewed his subscription to THE FREE PRESS for two years. Dr. Jones was a citizen of this county once and wants to keep in touch with the happenings of his old home, which can be done in no other way so well as reading the local paper.

Newbern is to have an election for prohibition, a petition signed by 300 citizens having been presented to the board of aldermen of that place asking for it. A committee of investigation was appointed to look over the petition and report to the board Friday night, at which time a date will be set for the election.

John Cobb, one of the oldest colored citizens, of Kinston, was buried in the cemetery here yesterday afternoon. Under the Republican regime years ago Cobb was a police officer in this town and is said to have made a good one. He was over seventy years old and for four years has suffered from some incurable disease.

The Who What When minstrels, a rollicking aggregation of burnt cork artists, will hold the boards at Lottin's opera house Saturday evening, October 10th. This company played a successful engagement at this place last season and is known. Seats will be on sale at Dr. Woodley's drug store tomorrow morning.

Rev. Henry B. Anderson, of the LaGrange circuit, M. E. church, conducted prayer meeting service in the Methodist church here last night in the absence of Rev. E. H. Davis, the pastor, who is engaged in a special meeting at Rev. Anderson's church at LaGrange. Rev. Anderson returned to his charge this morning.

Sheriff Dal F. Wooten returned yesterday afternoon from Raleigh, where he has been before the superior court of Wake county in response to a summons concerning the bond of Beverly Short, referred to in THE FREE PRESS columns yesterday. On receiving the papers the judge dismissed the order on sheriff Wooten and said the error was the trial justice's as stated in these columns.

Opera House Next Sunday.
 Mr. W. C. Douglass, of the well known firm of Douglass & Sims, of Raleigh, will address the people of Kinston on the dispensary question in the opera house next Sunday afternoon at 3:30 o'clock. Mr. Douglass was a prominent figure in the dispensary fight in Raleigh and a very entertaining speaker. The committee was fortunate in securing his services for Kinston.

Healers Obtain License.
 Sheriff Wooten issued license yesterday to two Christian Science healers in this city. This is probably the first to be issued to the healers of this sect in the State.

Upon the request of a prominent healer of the church the section of the machinery act of the legislature covering it was shown whereupon application for license was made and obtained.

The section after enumerating the different profession, for which license must be obtained to carry them on in State further says, "and all other professionals who practice the art of healing for pay, shall pay a license fee of \$5."

This was construed to include the healers of the Christian Science church and license was accordingly taken out.

The idea prevails that the last general assembly of North Carolina relieved the healers of this sect from paying this fee, but this is not so. The board only excused them from a medical examination before a board of medical examiners.

The OWL DRUG STORE QUALITY

The greatest thing in the world is not the saving of a few pennies. There is a saving which does not save. In drugs and medicine QUALITY is of first importance every time. Nothing else is of any importance. The size of a bottle of medicine has nothing to do with its cost, or its real value. Is there any profit or satisfaction or reason in saving possibly several cents on a prescription and getting medicine of an inferior quality? What do you care about price on a prescription, provided you get exactly what your physician prescribes, compounded from the purest drugs. Above all other considerations the one thing to insist upon is QUALITY. We do expert, trustworthy prescription work. We use only the purest drugs of the highest (QUALITY) we charge you a fair price, no more no less. We NEVER overcharge on anything; we safeguard any detail from the time we receive the prescription until the medicine is in our customer's hands. How can a druggist charge a lower price for filling a prescription than perhaps only one of the drugs in that prescription costs (if the purest QUALITY is used) and still claim to do prescription work of the highest QUALITY? On the face of it there is something wrong. Look for QUALITY in prescription work—not price. QUALITY is the only thing we think of in our prescription department—the highest possible QUALITY of drugs, the highest possible of work, exact and surprising compliance with every prescription as written by the physician. We desire prescription customers who appreciate QUALITY. Our wish is that we may do your prescription work. You are at liberty to bring us any prescription written by any physician on any druggist's blank. Our charges are always fair and reasonable, never excessive. We stand for quality first, and always. Your money back if we don't suit you. WILL HUNTER, JR.
