 FRIDAY EVENING, OCT. 16, 1903

Advertisements to be changed must be in by 10 o'clock, day of publication

Cotton today reached 9.35 on the local market and October futures advanced 1/4.

The break yesterday was one of the largest of this season, between 250,000 and 300,000 pounds of the weed being sold.

Another big break of tobacco was sold here today and the stream of humanity on the streets at times reminds one of last season.

Registrar Honey says there has been very few to register thus far, and we call attention to the fact that if you are not properly registered you cannot vote in the coming election.

Albert Chandler received a snake from a New York "snakery" yesterday to add to his snake collection. It was of the Texas bull species, and is said to be very poisonous. Young Chandler claims to have eighteen others of different species.

At the meeting of the ladies at the Methodist church yesterday afternoon, Mrs. Mary Jackson led. This afternoon Mrs. Tiffany West is the leader. A good attendance is had at the meeting, but the ladies are urged to come out and take part.

Owing to the fact that the steel structural works for the vaults in the court house were bruised and put out of shape in transit the work will be delayed somewhat for repair work on them. The window and door casements had all to be worked over before they could be used.

Mr. Drew Thigpen died yesterday afternoon of acute bowel trouble. Mr. Thigpen was a familiar figure on the streets of this city, being drawn and crippled and a great sufferer from rheumatism for a long time. He was buried this afternoon at 3 o'clock. He leaves a wife and 4 children.

Mr. J. W. Collins was in THE FREE PRESS office this morning and while waiting stepped to the cases and "set up" his name in type. This would not be remarkable but for the fact that it has been 45 years since Mr. Collins was a printer. It shows the wonderfully retentive memory that Mr. Collins possesses.

Judge Cox has a five-months old setter puppy that bids fair to be a good one. On seeing an ornamental bird on a ladies' hat at Mr. Cox's home yesterday, the puppy promptly set it and after waiting the proper length of time proceeded to "flush" the bird. The result was detrimental to the hat, the puppy tearing the bird off.

Messrs. T. J. Walker, of Richmond, Va., and Peter Carrington, of Durham, representing the A. T. Company and E. S. Carleton, of Richmond, representing the Imperial, were on the breaks yesterday and it is said there was considerable spirit manifest in the bidding, resulting we are told in advance of about \$1.00 a hundred in the price of the weed.

The express on the A. & N. C. is so large as a result of the big catch of fish on the coast that an extra train to handle it was necessary today. The extra only carried through cars, the regular mail handling local. It is said the catch of blue fish is unprecedented, the recent storm having blown them from northern waters to the North Carolina coast where the fishermen are revelling in large catches of them.

An amusing little episode at the Farmers' warehouse yesterday during the sales furnished a good deal of fun for the buyers and those following the sale. An old colored woman had a few piles of tobacco on the floor, and when the buyers reached it she got in front of them and the antics she cut up and her pleadings for a good price was amusing to see. Her efforts had the desired result, for the good natured buyers paid for the show with a little added to the ruling price and the old soul was happy.

**Mass Meeting Last Night.**  
 At the mass meeting at the Free Will Baptist church in East Kinston last night there was a good attendance and several strong speeches were made for the dispensary. Mayor N. J. Rouse was the chairman of the meeting, which was opened by Rev. E. H. Davis.

Mr. J. J. Rogers made a strong plea for the dispensary as also did Mr. J. A. McDaniel, Mayor Rouse and Rev. E. H. Davis.  
 Mayor Rouse's speech was commented on very favorably by all those who heard it, some claiming that his effort was equal to the speakers of State reputation who have spoken here on the question.  
 The audience comfortably filled the church and were very attentive to the argument of the dispensary advocates.  
 Rev. E. D. Brown closed with the benediction.

**EXACT**  
 You can't make a photograph tell a lie. Figures may easily deceive, appearances are deceitful, so are drawings; but a photograph is exact. Now in designing the "Dorothy Dodd" shoe I have not trusted to appearances, figures or drawings, but have used "X-ray" photographs of the human foot as my guide. I have taken the flesh and bones as my Last, and shaped the shoe around them. This is the true explanation of the wonderful "Fit of a 'Dorothy Dodd.'" It fits because it is the foot itself which was taken as the model and not tape measurements which are so inaccurate. If you want to know just for once what a perfect fit is like, try a pair of these shoes.  
 Sincerely yours,  
*Dorothy Dodd*
