## GENERAL NEWS ITEMS

Matters of Interest Condensed into Brief Paragraphs.

### A LITTLE ABOUT NUMEROUS THINGS

The Pith of the World's News That Might Interest Our Readers. An Item Here and There.

New York, Nov. 1.—Coney Island today was swept by the most disastrous fire in its history, about two hundred and fifty buildings being destroyed, entailing a loss estimated at not less than \$1,000,000.

Boston, Mass., Nov. 1.—An important commission of German technical experts is now en route to America to study American systems of finance, commercialism and the technique of its manufacturing enterprises.

Rome, Nov. 2.—This morning's investigation shows that last evening's fire at the Vatican has destroyed much valuable material, which, being irreplaceable, cannot be named in money. The library in which the fire occurred is in an important part of the Vatican.

New York, Nov. 1.—Twenty-one men, three women and a ten-months-old babe were burned to death or suffocated in a fire that started early this morning in the House of All Nations, a five-story tenement at No. 426 Ely avenue, and which the police and coroner believe to be of incendiary origin.

Charleston, S. C., Oct. 31.—Safe-crackers blew open the safe of J. E. Smith, merchant and postmaster at Mullins, Marlboro county, this state, yesterday morning at 3 o'clock, and took \$700 to \$1,000 in cash and stamps. Indications are that it was the work of amateurs. No clue as yet to the perpetrators.

Indianapolis, Ind., Nov. 1.—It is reported here tonight on information received from the national headquarters of the Brotherhood of Carpenters and Joiners, that between 4,000 and 6,000 men affiliated with the Structural Building Trades' Alliance and employed at the St. Louis exposition grounds, will strike tomorrow, in pursuance of an order issued today by the officers of the alliance.

New York, Oct. 31.—That the national strike ordered by the international committee of structural iron workers will be a fizzle is pretty well assured. It will not be surprising if the order is rescinded today by President Buchanan, of the International Association. One of the officials said today that until the association drops Sam Parks and Parkman altogether, iron workers will never hope to gain the respect of employers or the serious support of decent labor.

### Chamberlain's Cough Remedy Is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of Poolsville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect." For sale by J. E. Hood & Co.

### ONLY GUARANTEED CATARRH CURE.

Hyomel Costs You Nothing If It Fails Says J. E. Hood & Co.

Among the many medicines upon the market that claim to cure catarrh, none but Hyomel has enough faith in its own merit to be willing to refund the money if it does not cure.

This remarkable remedy for catarrh kills the microbes and the germs of the disease and from its introduction has been sold under a positive guarantee to return the money to all dissatisfied customers.

J. E. Hood & Co. have sold a great many Hyomel outfits in the last few years, and they stand ready today to refund the price to any one who has not been helped by Hyomel.

The complete Hyomel outfit costs \$1 and comprises an inhaler, a bottle of Hyomel and a dropper. The inhaler will last a lifetime; and additional bottles of Hyomel can be obtained for 50 cents.

Breathe Hyomel for a few minutes four times a day, and your catarrh will grow better from the first day's use, and will be completely cured in a short time.

Do not try to heal catarrh with ordinary stomach medicines. Breathe the healing Hyomel which goes to every part of the air passages and respiratory organs, killing the catarrh germs and preventing their growth.

If in the end treatment for catarrh does not give you relief, please send your name and address to J. E. Hood & Co., 111 N. 7th St., Kinston, N. C., and we will refund you the money.

## A STATESMAN'S ROMANCE.

How Senator Platt First Met His Charming Bride.

The matrimonial alliance of Mrs. Lillian T. Janeway of Washington and Senator Thomas C. Platt of New York marks the culmination of a friendship formed many years ago. Mrs. Janeway has been twice before a bride. She is a native of Maine, and her first husband was named Snow, and with him she lived in Tloga county. It was there that the Snows and the Platts first met. At that time Senator Platt was happily married to the former Miss Ellen Lucy Barstow, who died a couple of years ago. After the death of

SENATOR PLATT'S BRIDE.

Mr. Snow his widow married Dr. Theodore Janeway, a nephew of Dr. Edward G. Janeway of New York. He died six years ago.

The senator's bride is a handsome brunette of tall and commanding physique. She has a profusion of beautiful dark hair and expressive gray eyes, and is one of the most attractive women in Washington. She is bright, intelligent and clever in conversation and is about forty years of age, although she looks much younger. Since the death of Dr. Janeway she has resided at the national capital with her daughter, now about twenty years old. Until last year she had been an employee of the Congressional library. Her house in Washington, which was built recently, is one of the handsomest on I street. She recently leased it for a term of two years to the assistant secretary of the treasury, the senator and his wife preferring to make their home in New York except when congress meets.

Senator Thomas C. Platt is a native of Owego and has just passed his seventieth year. He was educated at Yale and entered on a political career early in life. After serving several terms in congress he was elected senator and came into national prominence as an ally of General Grant and Roscoe Conkling. With Conkling he apparently died a political death when he resigned from the senate and failed in the election that followed to be returned to that body. But he steadily gained in political power and has long been the acknowledged leader of the Republican party in the Empire State. A New York newspaper, commenting on the senator's latest alliance, wonders if he will continue to be boss.

### Water and Earth.

The amount of water within the crust of the earth is enormous, amounting to 555,000 million million cubic yards. This vast accumulation, if placed upon the earth, would cover its entire surface to a uniform depth of over half a mile.

### Rembrandt.

Next to money Rembrandt loved nothing so well as his monkey. He shed tears when the ape died and painted a portrait of his pet from memory.

### The Footbath.

It is customary throughout Spain for the waiters of cafes to fill a glass with wine or liquor so that it overflows upon the patron. This custom, in which it is desired to show an appearance of liberality, is called the footbath.

### The Cost of Eating.

A German statistician calculates that the average man when he has reached the age of seventy has eaten food that would cost \$10,000 in the markets.

### Only Makers Had Matter Worse.

Perhaps you have never thought of it but the fact must be apparent to every one that constipation is caused by a lack of water in the system, and the use of drastic cathartics like the old-fashioned pills only makes a bad matter worse. Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken their action is so natural that one can hardly realize it is the effect of medicine.

### The Women Rebelled.

In 1843 Henry II. of France interdicted trimmings, borders, gold lace, gold and silver cloth and satins. Great lamentations from the women ensued, and the edict was modified.

### CASTORIA.

It is the best for all uses. It is the best for all uses. It is the best for all uses.

## THE FUNERAL SERVICES

Over Mrs. Booth-Tucker Held in Carnegie Hall, Which Was Filled To Overflowing.

New York, Nov. 1.—The funeral services over the remains of Mrs. Emma Booth-Tucker, of the Salvation Army, were held this afternoon in Carnegie Hall. The auditorium was filled to overflowing and hundreds of persons who had been unable to gain entrance waited in the streets until the ceremonies had concluded that they might file past the catafalque and look upon the face of the dead Salvationist. The services, which were conducted by Col. E. J. Higgins, chief secretary of the Salvation Army in America, were most impressive and consisted of a musical programme, made up of the favorite hymns, of the dead woman and by eulogies of her life and of the good she had done for mankind. The grief of Commander Booth-Tucker was most poignant, and, as he knelt by the bier, sobbing pathetically, the greater part of the vast congregation wept with him.

### Steamers Won't Stop.

Experiments show that a large ocean steamer going at nineteen knots an hour will move over a distance of two miles after its engines are stopped and reversed, and no authority gives less than a mile or a mile and a half as the required space to stop its progress.

### Rot in Trees.

In many cases rot in trees may be stopped by carefully removing all the decayed wood and covering the wounds with liquid shellac or common white lead paint, being careful not to paint the bark.

### Rubinstein and the Public.

Rubinstein was professor of the piano to Carmen Sylva at one time, and it was to one of her ladies that he said: "When I first went to England and was young and could play, I used to perform to empty halls; now that I am old and cannot play they all go over me and can't find a hall big enough for me to perform in."

### Bananas Versus Beefsteak.

"Weight for weight" it is claimed that bananas beat beefsteak, and moreover, "there are cases on record where children's lives have been saved by keeping them on a diet of bananas."

### Your Share.

If all the money in the world were divided equally among the people, each person would receive about \$30.

### Henry de Vic.

The first artificer ever ennobled for his work was Henry de Vic, a converted Arab, who built a gigantic clock for Charles V., king of France, in 1570. The clock weighed 500 pounds. De Vic also received a life pension.

### Oyster Measurers.

An official of the state administration of Maryland is the commander of the state fishery board. He receives an annual salary of \$1,500 and has the appointment of seventy-five oyster measurers chosen from the various Maryland counties on the Chesapeake. The duty of the oyster measurer is to prevent the marketing of very small oysters.

### Cicada Concerts.

A Natal naturalist asserts, from observation, that other insects are attracted to bear the cicada sing, just as humans gather about a concert performer.

### The Island of Crete.

The island of Crete was referred to by Homer as having "a hundred cities." Its population according to the last census was only 310,263.

### Pancakes.

Pancakes baked on a soapstone griddle are much more digestible than those cooked on iron. A soapstone griddle should be heated very slowly to avoid the danger of cracking. It is never greased, but is rubbed thoroughly with dry fat.

### Paper Money.

Paper money developed from the bills of exchange or certificates of the banks and was probably first issued by the Italian bankers of the fourteenth century.

### Wrote Sermons While Asleep.

It is reported that a young French clergyman frequently arose in the middle of the night while asleep, and wrote several sermons. Not only did he compose them, but he spent much time in making perfect grammatical and other corrections on his manuscript, which he would find perfectly legible the next morning.

### The Women Rebelled.

In 1843 Henry II. of France interdicted trimmings, borders, gold lace, gold and silver cloth and satins. Great lamentations from the women ensued, and the edict was modified.

### CASTORIA.

It is the best for all uses. It is the best for all uses. It is the best for all uses.

## BROTHERS DRAW GUNS.

A Tragedy Averted by Timely Interference by Witness.

Newbern, Nov. 2.—What came near terminating in a tragedy occurred today at the office of the Pine Lumber Company, of this city, where two brothers were the principals. The matter was over a financial dispute. J. E. Hawk, one of the parties involved, is president of the company, which does a large business, and the other, E. G. Hawk, is manager of one of the small mills of the company at Croatan, 10 miles from this city. It seems that J. E. Hawk had suspicions that the financial affairs of E. G. Hawk were not what they ought to be; so this morning J. E. Hawk, learning that his brother was in the city, drove to Croatan and got possession of the books used at the mill and brought them back with him. When E. G. Hawk had been informed of his brother's actions he went to the office of the company and demanded that the books be returned to him, but upon refusal, witness says, he drew his revolver and then demanded the books. The other ran his hand to his hip in an attempt to draw his pistol, but W. F. Aberley, secretary and treasurer of the company, interfered, and in the melee one gun was exploded, but no damage was done. An officer arrived on the scene and arrested all the parties. The preliminary trial was held this afternoon and E. G. Hawk was held under \$100 bond for his appearance at court, also \$500 justified bond that he would keep the peace for six months. Aberley was put under a \$50 bond.

## SOME FALL FASHIONS.

### The Sloping Shoulder Effect of 1890 Again Coming Into Vogue.

According to the dictum of fashion, square shoulders for women are no longer the thing, and in the new styles is noticeable a tendency to return to the sloping shoulder effect which was fashionable away back in 1890.

### The Lace Bertha Illustrated in the 1890 Style, with Closely Fitted Shoulder.

THE NEW LACE BERTHA.

ders, and is an Irish point pattern with an introduction of modern fancy effect. The sun ray skirt is made with panne yoke, and the waist is plaited and bloused, with embroidered girdle. The collar is of cord passementerie, with two silk tassels in front. This is one of the season's novelties.

The new small fall hat of brown panne velvet, with a knot of brown satin under the brim, is trimmed with fur covered with cotton chignon.

### Charles II.'s Crown.

The oldest English crown is the ancient imperial diadem made for Charles II. to replace the one worn by Edward the Confessor, which was broken up and sold during the civil war.

### A Cave of Bats.

There is a salpeter cave in Burton county, Ga., that is overrun by millions of bats and has been so ever since the first settlement of the country.

### Square Toed Shoes.

In the reign of Queen Mary square toed shoes were the fashion. Men took to wearing them so broad that a proclamation was issued restricting their breadth to six inches square at the top.

### Coal in Ireland.

It is estimated that there are 182,000,000 tons of anthracite coal waiting to be worked in Ireland.

### Chamberlain's Stomach and Liver Tablets are becoming a favorite for stomach troubles and constipation.

For sale by J. E. Hood & Co.

### CASTORIA.

It is the best for all uses. It is the best for all uses. It is the best for all uses.

## NEW HOPE ITEMS.

November 2, 1903.

Mr. and Mrs. Jesse Heath, of Cross, spent Saturday night and Sunday with Mrs. Guy Sutton.

Miss Ethel Lincoln, of Kinston, spent Saturday and Sunday with Misses Dora and Flora Grady.

Mrs. Jesse Jackson is quite ill with fever, and we hope for her a speedy recovery. A trained nurse came Friday to nurse her.

Miss Kate Jackson returned home Friday from Frog Level, where she is teaching school. She is quite sick and did not return to her school this week.

A large crowd attended the association at this place Saturday and Sunday. There were some good speeches and everybody seemed to enjoy themselves.

Mr. and Mrs. Isaac Powell, of near Ft. Barnwell, spent Wednesday night at Mr. R. I. Sutton's. They were on their way to Bladen county to visit friends and relatives. Their destination is about 200 miles distant and they propose to make the trip by means of relays of their friends' conveyances, as they consider this the safest way to travel. Mr. and Mrs. Powell are among the oldest and best citizens of Craven county. They are 83 years old, there being only eight months difference in their ages. Mr. Powell says that when he took the last census, two years ago, he had 105 children, grandchildren and great-grandchildren.

## FOUR WHALES WORTH \$40,000.

Another Whaling Vessel Reaches San Francisco From The Okhotsk With Oil Cargo Worth \$117,000.

New Bedford, Mass., Nov. 3.—A private telegram received here from San Francisco reports the arrival of the whaling bark Gayhead from Okhotsk Sea with 300 barrels of sperm oil, 300 barrels of whale oil and 300 pounds of whalebone. This catch will net, it is stated, \$117,000 to Capt. Fisher, who is a native of Edgartown.

The Gayhead is the first whaler to bring in a cargo of whalebone from the Okhotsk Sea for a considerable time, and indeed the whaling industry is reported to be worse this season than it has been for some time, so that Capt. Fisher's cargo will help out the whalebone market very much.

Another telegram from San Francisco reports the arrival of the steam-whaler Janet from the Arctic with four bowhead whales. As this huge monster of the sea is yearly becoming more scarce they bring a high price now, being valued at about \$10,000 apiece, which will net the Janet the sum of at least \$40,000.

## True Bill Against Daniels.

Trenton, Nov. 2.—The grand jury found a true bill against Alfred Daniels for the killing of Mr. F. G. Simmons. Sheriff Taylor brought him down here last night from Newbern, via Cove.

Daniels confessed to Sheriff Taylor to the killing of Mr. Simmons. He says he did it in self defense. It is universally believed, however, that it is a case of cold blooded murder. The case is called for trial Wednesday at 12 o'clock. The sheriff was ordered to summon a venire of a hundred men, from which to get a jury.

## Tobacco Sales For October.

The tobacco sales on the Kinston market during the month of October were:

	Pounds.
1902 amounted to	4,335,784
1903 amounted to	3,540,421
Decrease 1903 from 1902	795,363

## Attention! Company B.

You are hereby commanded to assemble at the armory Wednesday evening at 8 o'clock, for monthly inspection.

H. D. HARPER, JR., Captain.

## The Best Lintment.

"Chamberlain's Pain Balm is considered the best lintment on the market," writes Post & Bliss, of Georgia, Va. No other lintment will heal a cut or bruise so promptly. No other affords such quick relief from rheumatic pains. No other is so valuable for deep seated pains like lame back and pains in the chest. Give this lintment a trial and you will never wish to be without it. Sold by J. E. Hood & Co.

## NORTH STATE NEWS

Clipped and Called From Our North Carolina Exchanges.

### ODD AND INTERESTING HAPPENINGS

Gossip Gathered from Murphy To Mantoe of Importance to Our Tar Heel Readers.

Horse Mackay, a negro, who lives in Goldsboro and who has just finished a twelve months' sentence on the county roads is now in jail charged with stealing \$10 from the apron pocket of Mrs. Sasser in Goldsboro Saturday afternoon.

On Wednesday, November 11, there will be held in Raleigh a meeting of the Sir Walter Raleigh Monument Association, to consider arrangements for the erection of the monument on Nash square in that city, to commemorate the famous soldier, courtier, scholar and discoverer after whom the city is named.

Raleigh Correspondent: The dispensary managers for Raleigh are to be elected this week. Of course there are plenty of aspirants. Organized labor wants William M. Utley, of Raleigh Typographical Union, made secretary. The positive claim is made that it was the vote of organized labor which carried the election in favor of the dispensary. It is said that the dispensary will be on the principal street very near the station house; that it will have an open front and no screens and will be like any other store.

Wilmington, Nov. 2.—The second child of Mr. Charles McMillan, who was poisoned by drinking water which ran off a freshly painted roof into a cistern, died last night after four days of intense suffering. The little daughter died Saturday night and the year old son lasted a day longer. The newly made grave in Oakdale cemetery was reopened this morning and the baby was placed in the casket with his sister. This is one of the saddest cases ever known in the city. The father and mother are heartbroken from their double sorrow.

Charlotte Observer: Human blood and hair and a bright metal coffin plate were the ghastly decorations on the engine of the Southern's south-bound train, No. 39, when it reached this city Sunday morning. At Glass, a small station six miles north of Concord, Sunday morning, at 9:30 o'clock the engine had struck a wagon containing four inmates of the county home of Cabarrus county, and the dead body of Mrs. Kate Lewis. All the occupants of the wagon were killed, and the coffin was splintered into kindling wood. The dead are: Miss Lou Townsend, Dan Weaver, Benjamin Tipper and John Key.

## Judge Allen Means Business.

Yadkinville, N. C., Nov. 2.—Yadkin court which was in session last week, finished its work yesterday. Judge W. R. Allen and Solicitor Hammer sent consternation among the distillers of this county by having the men who were in the employ of the distillers arrested, convicted and four of the fellows will do service on the county roads for a term of eight months each.

The fellows who were actually running the "hell kettle," could not be found. It was boldly said in the county that the Watts bill would not and could not be enforced. Judge Allen has taught the brave fellows a different lesson from that. There is not now a single distillery running in violation of the Watts law.

Judge Allen has closed down three stills this week, and it is not now thought that any others will start. Judge Allen is being complimented by all parties.

## FROM SOUTH AFRICA.

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy that the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby. This remedy is for sale by J. E. Hood & Co."
