Saturday Evening, March 7, 1914.

Basketball teams of both boys and girls arrived from New Bern this morning. They will meet like fixtures from Kinston high school this afternoon.

World-famous Evangelist Ira D. Sankey was tricken stone-blind in Brooklyn. Lo Washington, an Indian, was frozen to death near Wolfstown, Jackson county, after he sought refuge from the weather in a hollow log, and his body was partly eaten by hogs.

Dr. J. M. Parrott was recuperating from illness. There was much building going on. L. Hines spent the day in La-Grange. Dan. Quinerly went to Goldsboro. C. R. Dodson was in Richmond. J. E. Cameron came from Raleigh. Col. W. D. Pollock and Hon. Y. T. Ormond returned from Raleigh.

Just For Fun.

Green—What! Fifty cents toll for my auto! I can go by the other road for only ten.
 Tollgate Keeper—Yep. This is the highway.—Judge.

Church—This paper says it will cost \$18 to talk for one minute to San Francisco over the telephone.
 Gotham—Indeed! Well, even talk isn't cheap any more.—Yonkers Statesman.

Henry A. Grady, Esq., who was here for two days in the interest of his candidacy for the judgeship in the sixth district, was called to his home by a telegram announcing the death of his aged father at Clinton.

Fitzhugh Whitfield, Esq., his campaign manager, left Friday evening with Mr. Grady.

The funeral of Marvin R. Wiggins, a former Kinston insurance agent who died in Durham Thursday night of pneumonia, was held in Raleigh this afternoon at 3:30 o'clock. His mother, Mrs. M. A. Wiggins; one sister, Mrs. R. T. Langston, and three brothers, Hassell, Clayton and Dan. Wiggins, reside in Kinston and Lenoir county.

Miss Sara F. Browne, an elderly lady of Wilkesburg, Pa., may locate in New Bern in the winter seasons, being attracted by a space article in a Sunday paper describing that town. A young printer who has applied for a position in THE FREE PRESS office would prefer Kinston, because he wants to live in an "honest-to-God town".

The Southern Gas and Improvement Company, who through Kuemmerle & Co., of Philadelphia, are seeking a franchise to operate a gas plant here, will locate its main office at Elizabeth City, it is rumored. The proposed franchise has passed first reading in Kinston city council and the plant is expected to be in operation here by 1915. The Southern Company now operates in Elizabeth City, Henderson and Oxford, N. C., and will soon control plants in 11 North and South Carolina towns, it is said.

While their aged grandfather, Mr. Leavelle Byrd, was lying dead in the house, recently, Collin, 5, and Frances, 3, children of Mr. Geo. Byrd, a farmer of Institute township, were attacked by a rabid cat. One was bitten on the face and the other on a hand. Negroes living in the vicinity said the animal had been attacking domestic animals at their place. The feline was shot and its head sent to Raleigh. A message received from the Pasteur institute stated that the cat had rabies, and the children were immediately sent to Raleigh for treatment.

"Michael" Shalet, a Jew with an Irish name, was "canned" at the Dixie theatre Friday night. Shalet is a character singer with a good voice having recently from New York, where he was a cabaret soloist. Employees at the Dixie characterized him as "fresh" and one threatened him bodily harm. Elliott, Belmont and Elliott, in a novelty acrobatic act, are good. This offering is one of the best of the kind ever seen here. They conclude tonight. "Saturday night specials" in motion pictures are: "A Girl and Her Money", Florence Lawrence starring, in two reels, and The Animated Weekly. Big picture features are promised at the Dixie next week.

\$100 Reward, \$100
 The readers of this paper will be pleased to learn that there is at least one divided disease that science has been able to cure in all its stages, and that is Cancer. It is a natural cure in the only positive cure now known to the medical fraternity. Cancer being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
