

HUERTA GOES THE WAY OF HIS PREDECESSORS

SAILS ON FIRST LAP OF TRIP TO PARIS.

WILL MAKE HOME THERE

Ex-Dictator and Party Leave on British Man-of-War for Jamaica—Carbajal Without Funds.

(By the United Press.)
Puerto Mexico, July 18.—General Huerta sailed for Jamaica at noon on the British cruiser Bristol. The ex-dictator looks old. His face is drawn, evidently from the strain of the past few months. His drinking also has added to the lines of his face. His family and staff are en route to Kingston with him.

According to the Huerta's present plans, the party will sail for Paris from Jamaica. In the French capital he intends to make his future home. The plans for the departure on the Bristol provided for a little ceremony as usual.

Huerta dramatically declared: "When I took the presidential chair I said I would bring about peace, cost what it might. It is necessary for me to go to bring peace. In this way I keep my word."

Mexico City, July 18.—With the treasury completely stripped of funds, it is feared Carbajal will not be able even to pay the salaries of government employes due Monday.

Washington, July 18.—Provisional President Carbajal will not stand in the way of the pacification of Mexico, he told the diplomats in Mexico City yesterday, according to a report to the state department by the Brazilian minister. Carbajal gave a formal reception. He said he planned to stay in his present position only temporarily.

Interruptions of communication with San Luis Potosi are thought to indicate that the city has been captured by the constitutionalists, according to a report from Consul Sullivan.

Juarez, July 18.—The constitutionalists headquarters today announced that 5,000 federal prisoners now held by U. S. troops at Fort Wingate, N. M., will be permitted to enter Mexico without molestation.

Mexico City, July 18.—Huerta today wired Carbajal: "I desire your government to continue. If you still require my service I assure you I am at your disposal."

Juarez, July 18.—Realizing that he would be given no quarter if he surrendered, General Orozoco has fled from San Luis Potosi with 4,000 regulars. He plans to carry on a guerrilla warfare in the mountains, according to word received by Villa.

OPPOSE INSPECTION LAWS

Witnesses Declare They are for Slavery and Boycott.

Practical slavery results from the present Federal steamboat inspection laws Capt. Wm. Westcott, of San Francisco, declared before the Senate commerce committee today. Captain Westcott appeared in favor of the Hardy bill, already passed by the House which would repeal the provision under which officers who decline offers of service on any boat endanger their licenses.

Other witnesses opposed the bill, declaring it would pave the way to boycotts.

MRS. CARMAN CALLS BURNS BULLY, BRUTE

ACCUSED WOMAN RELEASED ON BAIL.

WILL TAKE LONG REST

Tramp Who Testified Against Her at Inquest "One of Burns' Creatures," Defendant Says.

(By the United Press.)
New York, July 18.—Mrs. Carman, released on bail last night, is preparing for a complete rest of several weeks. She is suffering greatly from the ordeal which she has gone through since her arrest for the murder of Mrs. Louise Bailey in the office of her husband, Dr. Carman.

Mrs. Carman today denounced Detective William J. Burns as "a bully and a brute." She is incensed at Burns' methods.

She described the tramp who swore he saw her run from the window through which the fatal shot was fired on the night of the shooting as "one of Burns' creatures."

750 GO BACK TO WORK

L. W. W. and Employers' Rules Conflict in S. C., Mill.

Greenville, S. C., July 17.—After a conference with the mill management this morning, the 750 operatives on Monaghan mills agreed to return to work Monday morning. After the resumption of work they will take up with the management the issue which last July caused the employes of the weave room to walk out.

The trouble arose over a conflict in the rules of the company and the Industrial Workers of the World. Joseph J. Etter came to Greenville on Thursday to take charge of the situation for the I. W. W. He took no part in the proceedings today, it is said.

WANT JONES TO ANSWER

Friends in Senate Ask for His Reply to Majority Report.

Washington, July 17.—Democrats of the Senate banking and currency committee who favor confirmation of Thomas D. Jones, of Chicago, as a member of the Federal reserve board have urged him to answer the report of the majority of the committee, which opposed his confirmation on the ground that he is a director of the International Harvester Company, which is under indictment for violation of the Sherman act.

Senators Hollis, Sharoth, Lee and Pomerene, who voted to recommend Mr. Jones' confirmation, sent a telegram and forwarded a copy of the majority report though it has not been released by the Senate. Meanwhile the minority report will be delayed and this will postpone Senate action on the nomination.

There was no official action in the Jones case during the day. Neither did the banking committee hear anything from Paul M. Warburg, of New York, whose nomination rests in a committee pigeon hole waiting for Mr. Warburg to appear for examination as to his financial affiliations.

ONLY 4 WOUNDED IN BATTLE AT COAL MINES

HUNDRED SHOTS FIRED BUT LITTLE DAMAGE.

MINERS ACCUSE GUARDS

Ammunition Ran Short and Caused Cessation—\$200,000 Worth of Property Destroyed.

(By the United Press.)
Fort Worth, Ark., July 18.—The lack of ammunition forced the cessation of hostilities between the striking union miners and mine guards at the Mammoth Vein Coal Company's mines at Prairie creek yesterday. The authorities think it remarkable that only four were wounded, as more than a hundred shots were fired in the battle which preceded the dynamiting and burning of \$200,000 worth of surface work by three miners.

The union miners declare the trouble was started by the shooting up of their camps by mine guards. No requests have been made for militia.

CLAIMS \$306,000,000

Action Brought by Stockholders Against N. H. Directors.

Boston, Mass., July 17.—The appointment of a receiver, special master or other official to prosecute claims aggregating \$306,000,000 against defendant directors and estates of directors of the New York New Haven and Hartford railroad, is asked in a suit filed in the Supreme Court today. The action is brought by Whipple, Sears and Ogden, representing minority stockholders of the company.

The suit in which the attorneys recently demanded that the directors join, is designed to force restriction from those responsible for funds alleged to have been illegally expended in building up the New Haven system.

Judge Brady issued an order of notice returnable next Friday to show cause why a receiver should not be appointed and why an injunction against the disposition of the defendants stock should not be issued.

HOME RULE THREATENING GOVERNMENT

SITUATION IN GREAT BRITAIN GRAVE.

KING AND ASQUITH CONFER

Both Sides Will Grant No Further Concessions—Resignation Would be in Ulster's Favor.

(By the United Press.)
London, July 18.—With the leaders on both sides determined to grant no further concessions, the gravity of the home rule situation was brought home to England today by the king's threat to postpone the great naval review at Spithead to enable him to confer with Premier Asquith.

The minority cabinet is leaning towards the Unionist demands that all Ulster be excluded from home rule. The end of the present government is freely predicted. The resignation of any one of four ministers will play the situation into the Ulster men's hands.

MAY USE STATE TROOPS

Ohio Governor Keeps two Regiments in Readiness for Strike Duty.

Columbus, Ohio, July 17.—Officers of two regiments of the Ohio National Guard tonight received unofficial orders to be in readiness to go to Bellaire if the sheriff of Belmont county continues unable to enforce order among striking miners who have been rioting for a week under leadership of Industrial Workers of the World agitators. Early today the sheriff wired Governor Cox 500 soldiers would be necessary to preserve the peace.

Governor Cox will not send troops, however, until county civil authorities have exhausted all means to quell the riots. State officials tonight expressed the belief that the situation will become quiet.

PRICES NOT PUBLISHED

Chicago Egg and Butter Board Artificially Created Prices.

Chicago, July 17.—An injunction restraining the Chicago butter and egg board from publishing prices on butter, eggs and other products was issued today by Federal Judge Landis.

In a suit filed some months ago the government charged that by publishing prices the board artificially created prices higher than the market warranted, and violated the Federal law prohibiting all acts in restraint of trade.

The suit is similar to the recent action against the Elgin Board of Trade which resulted in the entering of a decree directing that actual sales alone should be quoted and no attempt to fix prices be made.

Unhappy Capt. West Dies.
Chattanooga, Tenn., July 17.—Capt. E. E. West, retired marine corps officer who shot himself here a month ago, died at Rhea Springs this morning from uremic poison. He went to the springs ten days ago upon his release from the hospital and has been ill since Tuesday. Captain West was left blind in one eye from the effects of the self-inflicted wound.

M'REYNOLDS SEEMS TO HAVE BEST CHANCE

WASHINGTON THINKS HE WILL SUCCEED LURTON

NOT A GOOD POLITICIAN

Officialdom Believes He Would be Better Fitted in Supreme Court—Justice Talked.

Washington, July 17.—Judge B. F. Long has been added to the list of North Carolinians aspiring to succeed the late Justice Lurton on the Supreme court bench. Senator Overman and A. L. Brooks, of Greensboro, will present the petition of Judge Clark. The best guess here, however, is that Attorney General McReynolds will succeed Justice Lurton.

McReynolds is a lawyer of great ability. As an adviser to the President on political matters, however, he has not been a success. Politics has been a secondary matter with the attorney general. He has refused to play the game.

Gentlemen here who generally know what they are talking about say that in the event of Attorney General McReynolds being named to the Supreme bench, E. J. Justice, of Greensboro, will be urged to succeed him as attorney general.

FOUND AFTER 50 YEARS

Ring Lost by Officer on Old Frigate Returned to Daughter in N. C.

Washington, July 17.—Secretary Daniels today forwarded to Mrs. Francis D. Winston, of Windsor, a ring which her father, Dr. Kenny, lost on the old sailing ship Constellation, during the Civil War.

When Mrs. Winston, who is the wife of the United States district attorney for eastern North Carolina, saw in the newspapers that the Constellation was to be overhauled preparatory to taking part in the celebration at Baltimore of the centennial anniversary of the "Star Spangled Banner," she wrote Secretary Daniels, saying that her father had lost the ring during his service on the ship either during or after the war.

Mrs. Winston said that her father always said the ring would never be recovered until the ship was overhauled in some navy yard. The ring was given Dr. Kenny by his mother and he prized it very highly.

Secretary Daniels forwarded the letter to the commandant at the Norfolk navy yard where the ship was being overhauled and the workmen kept a watch for the token. It was found under the iron covering plates on the gun deck forward and today reached the secretary.

The ring was a small gold circlet and was perfectly preserved. Dr. Kenny came to the Constellation from Maine, but after having retired from service went to North Carolina to live.

GOVERNMENT VICTORIOUS

Recapture Haitian Towns From Rebels Who Occupy Them.

Cape Haitien, Haiti, July 17.—Gen. Leon Duque, with a government force today recaptured from the rebels the towns of Pere Du Midi and Millor and established communication with the column commanded by the president, which had engaged another band on the plains of Limonade.

Another force of government troops took Fort Deronville and then began its march on Quansaminthe, the rebels' principal stronghold.

CRAIG ASKS STATE'S AID FOR SUFFERERS

FARMERS OF 3 COUNTIES NEED RELIEF.

NEED REAL AND URGENT

Planters of Mecklenburg, Gaston and Cleveland in Destitute Circumstances.

(By the United Press.)
Raleigh, July 18.—Governor Craig today issued a special appeal to the people of the whole state to come to the relief of the farmers in the sections of Mecklenburg, Gaston and Cleveland counties swept by the severe storm of July 7.

Many planters lost the whole of their crops. Much stock and poultry was destroyed, numerous houses destroyed and unroofed, and other damage done by the wind and hail.

GOOD ROADS EXPENDITURES

What it Costs the United States to Maintain the Highways.

Washington, July 18.—Approximately \$206,000,000 was spent last year on public roads in the United States, according to statistics prepared by the U. S. Department of Agriculture. In 1914 the total was only \$79,000,000. In nine years, therefore, the increase has been over 250 per cent.

This awakening on the part of the country to the importance of good roads has, experts say, been due in great measure to the principle of state aid to counties and other local communities. New Jersey began the movement in 1891 when it passed its State Highway Law. Massachusetts and Vermont followed a year later, but for the most part the other States were slow to move. In 1904 only fifteen had state highway departments; to-day there are only six that have not. In 1913 the individual States appropriated a total of \$38,755,088 to supplement local expenditures.

The value of this state aid is, however, not to be measured by the figures alone, for the bulk of this money comes, and always must come, from the counties and townships. Thus, in 1912, the cash outlay by counties, districts and townships, was \$137,492,985. Complete figures for 1913 are not available, but it is safe to estimate the sum at approximately \$151,000,000. To this must be added some \$15,000,000 to represent the value of the labor contributed instead of cash in districts where this practice prevails. Last year, therefore, local communities contributed, in round numbers, one hundred and sixty-six millions of dollars, as against appropriations from state treasuries of \$38,755,088.

WOULD STOP "PLUCKING"

Bill to Abolish Board Which Deprives Naval Officers of Their Jobs.

Washington, July 17.—A bill to abolish the "plucking board" of the navy was introduced today by Representative Britten of Illinois, a member of the Naval Affairs Committee. The measure would provide for retirement through a system of mental and physical examinations. On a second failure to pass the examination an officer automatically would be retired.

Little Girl Swims 6 Miles.
Tarrytown, N. Y., July 17.—After being in the water four hours Dorothy Bauer, 14 years old, of Hastings, climbed on the rocks at Phillips Manor at 7:15 tonight, having completed a six mile swim from Nyack to Tarrytown. The feat is unparalleled.
