

OF LOCAL INTEREST

W. C. T. U. Workers to Meet.
A meeting of the ministers and the members of the W. C. T. U. of Kinston, is called for Tuesday morning at ten o'clock at the home of Mrs. H. C. Hyatt.

SYBIL HYATT,
Recording Secretary.

Lyman Ormond Improving.
The many friends of Mr. Lyman Ormond, of Ormondville will be glad to hear that he is improving very rapidly from the cut he got several days ago by a coco-cola bottle exploding in his hand. Young Ormond is still in bed and has some fever, but the doctor says his condition is greatly improved, and expects he will be able to get out in a few days.

AFFRAY ON QUEEN STREET.

This morning an altercation took place on Queen street between Mr. C. A. Jeffries and Mr. J. E. Hudson. The affray grew out of some trouble between the children of the two families. After several blows had been dealt the combatants were parted and later were summoned to appear before the mayor.

Trouble at Falling Creek.

On Saturday night last Frank DeGruffenried and a man by the name of Wiggins engaged in an affray at their home at Falling Creek. The outcome was that DeGruffenried came off with his throat badly cut. The wound was dressed on Sunday by Dr. John A. Follock, of this city; and while it at first seemed to be of a serious nature the wounded man is now getting along nicely.

Mains to be Again Flushed.

Superintendent John E. Weyher, of the water department states that the city mains will again be flushed Tuesday morning. There are ninety-six hydrants in the system and they will all be opened for the purpose. The Superintendent thinks that very little if any of the objectionable odor remains in the pipes and that with the flushing on Tuesday the last vestige will be gone.

Mr. Weyher stated that he had received a letter from the State board of health commending the action taken as wise. He expects in a day or so to receive a tentative analysis of the last sample of water sent.

The city standpipe is screened so that no foreign substances can get into it. The reservoir into which the water from the wells accumulates is not now screened. But the aldermen have taken steps to permanently screen it with a cap of steel framework and galvanized iron covering. This will protect it from the stress of all kinds of storm and guarantee the exclusion of any objectionable matter whatever. To do so will cost from \$800 to \$1,000. The reservoir has been repeatedly cleaned out, and never has any foreign matter been found.

**GOLDSBORO CITIZEN
PASSES AWAY IN BALT.**

Mr. Henry Weil, Director in Various Kinston Enterprises and Well and Favorably Known is Dead.

Goldsboro, Aug. 10.—Mr. Henry Weil, senior member of the firm of H. Weil and Brothers, died Sunday morning in Johns Hopkins hospital, where he went two months ago for treatment for a sudden illness, which attacked him while attending his daughter's graduating exercises in Massachusetts.

Mr. Weil was 68 years old and was one of Goldsboro's most prominent citizens. He was long identified with the best interests of his home city as well as having large interests elsewhere in the State.

Mr. Weil was well and favorably known in Kinston, where he was financially interested in many of Kinston's enterprises. He was a director in the Kinston Cotton Mill Co., The Lenoir Oil and Ice Co., and The Chesterfield Manufacturing Co., and was a frequent visitor to the city. He had a large circle of close personal friends in this locality, who mourn his loss.

Mr. Weil is survived by his wife and two sons and two daughters.

**MEMBERS OF FEDERAL
RESERVE BOARDS SWORN IN**

Washington, August 10.—The members of Federal Reserve Bank Board, who are Mr. C. S. Hamlin, of Boston, Governor, Mr. Frederick A. Delano, of Chicago, Vice-Governor, Mr. W. F. G. Harding, of Birmingham, Mr. Paul M. Warburg, of New York, Mr. Adolph C. Miller of San Francisco, Secretary McAdoo of the Treasury and Comptroller of Currency John Skelton Williams, the last two being ex-officio members, were today sworn in and the board is now complete and ready for work.

STATE-WIDE PRIMARY ENDORS-

ED.
(Continued from page 1)

signer might come from each. The committee also authorized Chairman Cowper to draft resolutions of sympathy for President Wilson in his bereavement, by the loss of his wife and forward same to the white house.

To more fully inform Lenoir county voters of the purport of the constitutional amendments, Mr. Cowper stated that he would distribute three thousand pamphlets giving the text of each one proposed.

In addition to the committee several representative Democrats were present at the meeting. The following is a copy of the resolutions of sympathy adopted:

Kinston, N. C., Aug. 10, 1914
At a meeting of the Executive Committee of Lenoir county held in the court house in Kinston on Monday, August 10, 1914, the following resolutions were unanimously adopted by rising vote:

BE IT RESOLVED that in this hour of sorrow caused by the great personal loss sustained by President Woodrow Wilson, and especially coming as it does at a time when the duties and responsibilities of his office press heavily and with unusual strain upon him, we express our profound and sincere sympathy with him, our unqualified approval of his course in the past, and our greetings and "God Speed" to him in the future.

BE IT RESOLVED that a copy of these resolutions be forwarded to the President's Private Secretary, with the request that they be handed to the president or that he be made acquainted with the contents of same.

G. V. COWPER,
Chairman.
H. F. LAWS,
Secretary.

**DRUNKEN BRAWL ENDS
IN DEATH OF MAN**

E. W. Sarlandt Found Unconscious in New Bern streets, Early Saturday Morning.

New Bern, Aug. 10.—E. W. Sarlandt, who lives a few miles out from this city was found early this morning near the tracks of the street railway company, by a motorman in an unconscious condition and died without regaining consciousness.

It is thought that the man came to his death in a drunken brawl in which he and three companions engaged. Alexander Curtiss is detained by the police pending an investigation. Clyde Canady and Sid Sautier are the other two, who are alleged to have been in the party and the police are on the lookout for them.

**MOVING PICTURE WILL
ILLUSTRATE LECTURE
TONIGHT AT COURT HOUSE**

A free lecture will be given at the court house tonight on the subject of Road and Street Improvement, by Charles E. Foote, a Road Roads and Paving specialist, of New York city. The lecture will begin at 8 o'clock.

Three reels of moving pictures will be shown in illustrating the lecture. These portray the Asphalt Lakes of the Island of Trinidad in the British West Indies, and in Venezuela, on the mainland of South America, and the methods by which the material is mined and hauled. They also show various methods of constructing and maintaining pavements, as the work is actually performed in those localities which have made the most careful study of economic street construction.

There is no subject that comes closer to the hearts and pockets of the people than proper and economical methods of street construction. The court house should be filled with taxpayers and their families who desire information along these lines.

The lecture and pictures are purely educational in their character, and are entertaining as well.

**SIMPLE SERVICE MARKS
LAST RITES TO MRS WILSON**

No Funeral Music or Eulogy. Presbyterian Ritual Read by Princeton Pastor.

(By the United Press.)
Washington, Aug. 10.—The Rev. Sylvester W. Beach, of Princeton, former pastor of the Wilsons, read the simple Presbyterian ritual at the funeral of Mrs. Wilson today. The occasion was marked by no funeral music or eulogy.

Prof. Stockton Axson, Mrs. Wilson's brother, who has been in the far west, arrived this morning.

Both branches of Congress adjourned today and all departments of the government are closed.

**Florence Told All
the Neighbors**

"You come in and see my Florence oil cook stove work just once—and you won't be happy until you have one."
"You can have a slow, simmering fire on one burner at the same time you have a quick, hot fire on another—and the other one regulated exactly to any work you want done. Just set the levers as you want them—and you can go away for two hours and find all the burners at exactly the same heat when you come back. That's because the oil supply is automatic and there are no wicks."

"It's so simple, so clean, so convenient, so cool, that I don't know what I should do without it."
"My husband has tested the FLORENCE with other stoves and he says it produces a wonderful amount of heat for the oil consumed and that it costs only about two cents an hour to run four burners."

**FLORENCE
Oil Cook Stoves**

"Look for the Lever"
In the Florence you have—at last—the safe, reliable oil stove. Safety—and simplicity—and economy. They go together. Come in and see these wonderful cook stoves. They carry the manufacturer's guarantee in addition to our own.
