COURTESY ALL TOO SCARCE

Cleveland Man Set Fine Example of the Duty of a Gentleman to the Fair Sex.

The youthful Walter Raleigh spreading his velvet cloak on muddy walk for his queen to pass, is a pleasant historical picture. But the heart of a courteous gentleman may beat under the blouse of a workman as well as under the cloak of a courtier.

Last November the city of Cleveland, O., was cut off from the outer world by the worst storm of wind and sleet and snow in its history. Traction lines and railways were tied up for several days. Four days after the storm, a woman reached Cleveland to visit her sister. She knew that the cars were not yet running on the line she wished to take, and so she took a car on another line that would take her to the city limits, where she hoped to connect with a car that would take her where she wanted to go.

Forty minutes later she stepped from the car at the edge of the city. Between her and the curbstone a wide stream of water six or eight inches deep was running. As she looked helplessly about, a workman whose hair was touched with gray left a group on the sidewalk, waded out to her and said: "Madam, you don't know me, and I don't know you, but if you'll let me, I'll be glad to help you to the sidewalk." She thanked him, and he took her suitcase to the curb, splashed back, and taking her up in his arms, waded with her to the walk. There he put her down dry-shod, carried her suitcase into a near-by store, and told her he would tell her when her car came; for he was also waiting for it.

Two hours later he waded with the suit case to the long-delayed car, returned, and splashed once more through the stream of melting snow as he carried her to the step. Then he said: "I hope you'll be all right," and took a place at the opposite end of the car.—Youth's Companion.

BRITISH BOARD AMERICAN SHIPS FOR RESERVISTS.

Honolulu, Hawaiian Islands, Sept. 1.—The American liners Manchuria and China, of the Pacific Mail Steamship Company's Oriental fleet, were halted by British warships off Hong Kong and forced to surrender sixty German and Austrian reservists who were bound for the European war from the Philippines. This was the news brought by Captain Thompson and Purser Landers of the China, which arrived here today bound for San Francisco.

According to officers of the China, the Germans and Austrians, before starting on their journey, asked for and received assurances that they could not be molested on an American registered vessel. Then they took passage for San Francisco via Hong Kong, Shanghai, Nagasaki and Honolulu.

State Department Not Surprised.

Washington, Sept. 1.—State Department officials did not regard as unusual the reported removal of German and Austrian reservists from American ships off Hong Kong, provided the incident occurred within the three-mile limit of the British port. Inasmuch as Hong Kong is under British jurisdiction, her warships could arrest the nationals of any belligerent within territorial waters.

QUIT TAKING RISKY CALOMEL

Here is a vegetable tonic that is far better for you to take than the dangerous drug and poison called calomel. You never can tell when calomel is going to "get you." That's the worst thing about taking so uncertain and dangerous a drug for constipation and liver trouble. Calomel is liable to salivate you or "knock you out" for at least a day the very next time you try it.

E. B. Marston's Drug Store has the mild vegetable remedy that successfully takes the place of calomel. This remedy is "Dodson's Liver Tone, a very pleasant tasting liquid that gives quick but gentle relief from constipation, torpid or "lazy" liver.

Dodson's Liver Tone is fully guaranteed, and if you buy a large bottle for fifty cents and it does not entirely satisfy you, the drug store where you bought it will promptly give you your money back with a smile.

Dodson's is fine for both children and grown people.
