CHICHESTER'S PILLS

W. T. Huchens, Nicholson, Ga., had a severe attack of rheumatism. His feet, ankles and joints were swollen, and moving about was very painful. He was certainly in a bad way when he started to take Foley Kidney Pills. He says, "Just a few doses made me feel better, and now my pains and rheumatism are all gone and I sleep all night long." J. E. Hood & Co. (advt.)

NEW POSTOFFICE
WILL BE A BEAUTY.

Postmaster W. D. LaRoque is back from a trip to Washington, where he visited the supervising architect's office to inquire about progress in the plans for the new postoffice here. He saw the blue prints of the plans and declares they were gratifying to him. The building will be a handsome affair of colonial design, with six massive columns adorning the front. Bids for the construction will be advertised for about November 1, and the contract placed probably before January 1.

Deafness Cannot Be Cured

unless you use the best medicine. It is not a disease, but a symptom of a general weakness of the system. It is caused by the accumulation of acid in the blood, which is the result of indigestion and constipation. The only way to cure it is to purify the blood and strengthen the system. Dr. King's New Life Pills will do this. They are sold by all druggists.

PICKPOCKETS PICKED UP
AT THE CIRCUS

Two Young Negroes Who Proved to Be Inexperienced, Tried Their Hands and Bungled Themselves Into Hands of Law.

Charlie Moore and James Middleton, black and young and indiscreet, are regretting that they ever left their backwoods homes to come to Kinston, for the purpose, Charlie told "Cap'n, boss," in the police court, of seeing their first circus. They arrived several hours in advance and occupied the interim with picking pockets. Charlie Moore snatched the watch of a white man named Smithwick, but was not skilful enough and dropped it. Smithwick kicked Moore and recovered the watch. Moore and Middleton were operating together, and two colored men saw them clumsily investigating the interiors of other's pockets. Officers hauled in the couple, and with them Will Whitfield of Wallace, N. C., also charged with pocket picking and carrying a revolver, and John Pierce, of Columbia, S. C., who, with a red handkerchief around his neck swaggered through a crowd of admiring blacks and let it be known that he was a real live colored cowboy, and "some trick shooter." All four were given thirty days for vagrancy, and all save Pierce, against whom there was no evidence that he was guilty of robbery, ordered held for Superior Court for trial on the pocket picking charge.

Two white men joked diminutive Clinton West, selling tickets behind the wicket at the Dixie Theater. One of them playfully ran his hand under the wicket and the boy promptly came down on it with a hammer. The "jesters" beat a retreat, leaving the youthful guardian of the coffer in secure possession of all his dimes and nickels.

FACTS AND FIGURES ABOUT
PITT COUNTY'S HOMES.

The federal census bureau has just issued a bulletin dealing with Pitt county homes and their owners. In Lenoir's sister county there are 7,235. The people of Kinston and those living along the line of the Norfolk Southern from Goldsboro to New Bern will note with interest the statement of General Passenger Agent Leard, printed in Wednesday's Free Press, that no passenger trains are to be taken off this division now. It was rumored a few days ago that the night trains would be discontinued, and protests from all along the line were made. Col. Leard gives assurance that, although the revenues have homes, 4,324 of them being on farms. There are 1,097 farm dwellings unincumbered by mortgage, while there are 466 mortgaged farm homes in the county. Renters occupy 2,728 farm homes. There are 2,911 urban homes and 868 urban home owners. Of the homes in towns, 142 are mortgaged and 609 free from incumbrance. There are 1,798 rented urban homes in the county. The census enumerators were unable to secure data pertaining to the ownership of a small percentage of both the rural and urban homes in Pitt county.

COLE BLEASE 46 YEARS OLD.

(By the United Press.) Columbia, S. C., Oct. 8.—Gov. Cole I. Blease, famous for his policy of emptying the penitentiary through pardons to prisoners, today celebrated his 46th birthday anniversary. He was recently defeated for the Democratic nomination for U. S. senator, soldier, who has seen service through several campaigns, smiled grimly when pajamas were mentioned to him. "They may be all right," he said, "but give me a good warm shirt. It's the shirts that the men want, and socks. They want good socks, too; seamless ones, so that they can turn them inside out without chafing their feet. "I was three weeks in South Africa without a change of shirts. We left Bloemfontein one day and didn't get a change for three months. Officers and men were in the same boat, and we did the best we could, turning them inside out from time to time. "I'll tell you one thing the Red Cross could do very handily. That is to provide some boracic powder in the soldiers' supplies. The men could use in their socks on the march, and it would heal a lot of sore feet."

FATE'S PART IN GREAT
AMERICAN GAME'S RESULT

By Hal Sheridan (Written for the United Press) New York, Oct. 8.—With the amazing record-breaking rush of the Boston Braves to the top of the National League after being a poor last the first of July is taking up all spotlights in this world of sport, and some other mighty interesting features in connection with the annual baseball marathons have been overlooked. One of these features—and one that deserves far more than ordinary mention, is the work of Grover Cleveland Alexander, that pitching phenom who wiggles for the greatest hard luck club in the world—the Phillies. This year Alexander has been breezing along at the fastest clip of any pitcher in the National League loop, literally standing the batters in that organization on their heads. Alexander, with a patched-up very ordinary club behind him, has piled up the best pitching percentage in the league. His work has been marvelous, considering the support accorded him. He has been the one and only consistent winner for the Phillies. He has worked, too, worked like a Trojan all year. Dooin determined to keep his warriors out of the cellar, called on Alexander often and the big twirler responded with a victory almost every time. Which causes us to pause and think what might have happened. Just suppose for instance, that Tom Seaton hadn't jumped to the Brooklyn Federals. Seaton, with his class, would have added at least twelve more wins to the Philadelphia club's standing. And those same victories, marking off a like number of defeats, would have put the Phillies out in front of the Braves, where they could not have been headed. Another thing that figured strong in the slump of the Phillies this year was the absence of Shortstop Mickey Doolan. He, too, fell for the big salary inducements held out by the Feds and Baltimore got him. Dooin was in sore straits to plug the gap left by Doolan's departure. For the first three months of the season he kept trying out different ones there, and in the meantime the ones getting the trials kicked many a game away for him. These same games would have won in all likelihood if Doolan had been in the line-up. Reports now have it that Dooin is to be deposited this winter as manager of the Phillies. The rumor has floated often before. This time it really seems to be founded on fact.

HAVE YOU CATARRH?

It's a Dangerous Disease—Hyomei is the Effective Remedy.

Catarrh, which is indicated by sniffing, frequent colds and crusts in the nose is a serious disease and if not checked surely spreads to the delicate lining of the air passages, and frequently destroys the hearing. To cure catarrh you must have something that will quickly reach the diseased tissues, kill the germs, and drive out the poison. Hyomei is just such a remedy. Being a mixture of antiseptic oils that you breathe through a small inhaler its health-restoring medication cannot help going direct to the raw and inflamed lining of the nose and throat, quickly relieving that choked-up feeling, stopping the unclean discharges, and healing the sore spots—you breathe freely. Even the worst cases respond at once.

There is nothing for the treatment of catarrh ills that is easier, more pleasant or so satisfying as Hyomei. J. E. Hood & Company sell it on the "No-cure-no-pay" plan. (advt.)
