Mrs. M. L. BRASWELL

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Family Kidney Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 4 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. See the circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Kidney Cure for constipation.

SOCIAL And PERSONAL

Mr. H. R. Lee of Washington was in the city today.

Mr. R. J. Ballard of Richmond was here this morning.

Mr. C. F. Getsinger of Rocky Mount spent today here.

Mr. Vance M. Weill of Goldsboro was a Kinston visitor today.

Mr. G. G. Mathews of Caswell was a visitor in the city Saturday afternoon.

Mrs. R. F. Hill will entertain the reviewers tomorrow afternoon at 3:30 o'clock.

Mr. John Askew has returned from Raleigh, where he has been on a short business trip.

The Round Table will meet with Mrs. E. V. Webb Tuesday afternoon at 2:30 o'clock.

Mr. and Mrs. S. T. Pate and family spent Sunday afternoon with relatives in the country.

Mr. J. S. Wood of New Bern passed through the city yesterday en route to Raleigh on a visit.

Mrs. Olive Pope returned to her home in the country Sunday afternoon, after a short visit in the city with relatives.

Mrs. Ray Croom has returned home from Aniston, Ala., where she has been visiting her sister, Mrs. C. A. Quinn for several days.

Mrs. Henry Archbell has returned home from Raleigh, where she has been attending the convention of the Daughters of Confederacy for several days.

Myers—Taylor.

LaGrange, Oct. 19.—The Christian church, simply and artistically decorated, was a scene of beauty last Thursday night, when interested friends and relatives gathered to witness the marriage of Miss Mabel C. Taylor, the lovely and cultured daughter of Mr. George L. Taylor of this city, and Mr. Sidney J. Myers, the efficient and admired manager of the Kentucky Horse and Mule Co., here.

Just before the ceremony, Mrs. Daisy Smith sweetly sang, "I Love You Truly." Then a choir, composed of Mesdames J. W. Fields, Van W. Dillon, Daisy Smith and Mr. J. P. Joyner, with Miss Frances Hodges presiding at the organ, sang in sweetest harmony the "Bridal Chorus."

While this was being sung the bride party entered in the following order: "Little Misses Christine Fields, and Lenah Best, ribbon girls, wearing dainty white lingerie dresses, with pink and blue sashes; Mr. Bernard P. Smith of Kinston, minister; Miss Bernice Taylor of Winston-Salem, wearing blue crepe de chine, followed by Mr. David Farrier of Goldsboro; Miss Mary Uzzell, wearing pink satin, followed by Mr. Samuel Abbot; Miss Sadie Harper, wearing blue crepe de chine, followed by Mr. D. M. Stanton; Miss Jennie Welcher of Stanford, Ky., wearing pink satin, followed by Mr. R. A. Creech; Mrs. James Wooten, a sister of the bride, Mrs. McKlewaine of Mount Olive, the bridesmaids, both wearing blue crepe de chine, followed by the ushers, Messrs. Roy and James Wooten; Master Horace Wood Isler, carrying the ring in a lovely white rose; the groom, with his best man, Mr. Charles Lotes of Goldsboro, approached the altar from the side aisle, while the pretty bride with her sister, Miss Fleeta Taylor, who wore pink crepe de chine, came down the center aisle. The bride was attired in Duchess satin trimmed with chiffon and opalescent pearl and veil caught with lilies of the valley. All the maids and the brides were dressed in train and dainty white veils, which made a most unique and attractive effect. They carried pink roses, tied with tulle.

Immediately after the ceremony a formal reception was given at the home of the bride, Mrs. Jim Edwards and Mrs. Ada Carter received the guests in the front hall, which was artistically decorated with goldenrod and fern. The bridal party, Mr. George F. Taylor, father of the bride, and Mrs. Will Brothers of Winston-Salem, a sister of the bride, composed the receiving line in the parlor, which was decorated with white La France roses, ferns and white candles. From the parlor the guests were ushered to the dining room, which was decorated in pink and green. The table was lovely with its handsome center and pink killarney roses. Here Miss Nannie Joyner received and a

salad and ice cream course was served. In the back hall in a tower of goldenrod and fern Mrs. E. B. Wooten and Miss Virginia Stanton gracefully presided over the punch bowl. Mrs. Fred. Isler welcomed the guests in the gift room. Here the display of the numerous presents was a galaxy of such beautiful and handsome things as beggar description, but eloquently testified to the wide-spread popularity of the happy young couple.

While the guests were enjoying the delicious refreshments and admiring the hundreds of presents, the bride and groom, with a few of the bridal party, quietly stole away and motored to Goldsboro, where under a shower of rice, Mr. and Mrs. Myers took the northbound train for Washington and New York.

Their host of friends wish for them long years of happiness and prosperity.

"EDISON DAY" WILL BE CELEBRATED WEDNESDAY

Electricians in Kinston as well as throughout the world will Wednesday celebrate "Edison Day," in commemoration of the thirty-fifth anniversary of Thomas Alva Edison's invention of the incandescent electric lamp.

A replica of Edison's first lamp is being displayed at the Water and Light Department's office. For nearly ten years the Edison lamp was made with bamboo filament, and to that lamp must be attributed in large degree the marvelous development of electric lighting and power all over the world, as well as the creation of the modern central station industry, which in the United States alone represents an investment of over \$2,500,000,000, and annual earnings of over \$350,000,000. Even as late as 1908 a few special types of Edison bamboo lamps were being made. Tungsten finally succeeded entirely bamboo as a filament.

Nature never had such a savage cross-examiner as Edison, when he was in search of his first filament. Fifty thousand tests of bamboo were made by him. But the principle of "damnable iteration," Edison, confident that bamboo would answer his purpose, finally discovered the shape in which he wanted it, and made with it—light. He gutted the terrestrial sphere of its supplies. His parties in China, Japan, the tropics and elsewhere bought up the available bamboo, and McGowan, one of his representatives in South America, it is said, discovered several rivers which, unlike Roosevelt, he did not even take the trouble to name, leaving that for the explorers.

The Water and Light office is giving away photographs for framing of the famous inventor.

CARMAN MURDER TRIAL BEGUN TODAY AT MINEOLA.

(Continued from Page One.)

had been indicted, coolly admitted she had had it placed there so that she could "spy" upon her husband while he was closeted with women patients. She confessed that she was jealous of him and she wanted to find out whether or not her suspicions were correct.

The State expects by dictograph records which it has in its possession to prove that Mrs. Carman had cause to be jealous of her husband. This, the district attorney asserts, will supply a motive for the murder.

The weapon with which the murder was committed was never found. The prosecution has made an extensive search for it, spending a great deal of time and money in an effort to find it, but all its efforts were unavailing.

Following a highly sensational hearing, the grand jury of Nassau county returned an indictment against Mrs. Carman, charging her with manslaughter in the first degree. Her bail was arranged at once, numbers of Dr. Carman's friends coming forward with offers. Subsequently District Attorney Smith uncovered new evidence that resulted in another grand jury hearing and Mrs. Carman was re-indicted, this time on a charge of murder.

The district attorney is said to have prepared a surprise for the defense in the introduction of two women as witnesses who were in the waiting room adjoining Dr. Carman's office at the time of the murder. He is declared to have learned the identity of these two women and has planned to subpoena them during the trial.

Mrs. Carman's remarkable composure during the grand jury investigation, prior to her first indictment and up until the time she was indicted for murder, was much commented on. Following her indictment on the murder charge she seemed to show traces of worry for the first time. She grew ill when confined in county jail and for a time it was feared her health was such that she could not be tried at this time.

HOPELESS LUNG TROUBLE CURED.

Many recoveries from Lung Troubles are due to Dr. Bell's Pine-Tar-Honey. It strengthens the Lungs, checks the Cough and gives relief at once. Mr. W. S. Wilkins, Gates, N. C., writes: "I used Dr. Bell's Pine-Tar-Honey in a case given up as hopeless and it effected a complete cure." Get a bottle of Dr. Bell's Pine-Tar-Honey. If your cough is dry and hacking let it trickle down your throat, you will surely get relief. Only 25c at your druggist. (adv.)

GERMANS OFFICIALLY DECLARE THE SITUATION O. K.

Washington, Oct. 19.—The German embassy officially advises that the "western situation was quiet yesterday. In the east the German forces are active near Lyck. Fighting is in progress south of Warsaw."

SOUTHERN RAILWAY COMPANY To Shippers and Receivers of Freight in North Carolina:

Attention is called to revised tariffs containing rates for the transportation of freight between points in North Carolina, effective October 13, 1914. These tariffs are issued in accordance with the decision of the Special Rate Commission, dated August 13, 1914.

All freight tariffs of the Southern Railway Company in conflict with the provisions of this order have been canceled or revised to conform to the rates, rules and regulations prescribed by the Special Rate Commission.

Special attention is called to the fact that in the application of this new law, many important changes and new conditions are brought about, the knowledge of which is essential to every shipper and receiver of freight in North Carolina. Ordinarily there is but one rate between any two points within the State. Under the new law there will be as many rates between two given points as there are available routes between such points. A new basis for making joint rates with other lines is provided and the shipper has the right to select the shortest available route. Some of these routes, while physically shorter than others, are longer from the standpoint of efficient service, and the movement of freight via these unusual routes will necessarily require more time than if sent via more efficient routes.

Shippers should in all cases insert in the bill of lading the route over which it is desired that the shipment move. If shipments are tendered to agents of this company and desired to a point on its own line, but without specific routing instructions, it will be assumed that it is the desire of the shipper that the shipment move over the Southern Railway at its lawfully established rate, even though a lower rate may be in force via another route. For further information apply to the agent of this company at this station or to the following officers:

MR. HAMILTON BAXTER, Div. Frt. Agent, Greensboro, N. C.
MR. J. H. ANDREWS, Div. Frt. Agent, Raleigh, N. C.
