SENT UP TO SUPERIOR COURT FOR PISTOL-TOTING.

William Perry, a livery stable proprietor of South Queen street, was held in jail by the City Court Thursday night to appear in Superior Court to answer to the charge of carrying a concealed revolver.

TURKEYS WILL BE PLENTIFUL HERE.

Although there will be no such excess of production as last season, when Lenoir county supplied besides this market numerous other towns in the section, turkeys will be here in plenty next week for the Thanksgiving season. Climatic conditions favored the young birds in the spring, and on many plantations now they are being fattened in great numbers. Prices, it is expected, will be similar to those of last year. In New Bern in particular, and other places in Eastern North Carolina in 1913 experienced a dearth of the Thanksgiving bird and large shipments to the depleted markets were made from here.

GOVT. TAKES LONG LEASE ON PRESENT POSTOFFICE.

Papers were recorded this morning at the Courthouse conveying a lease of the present postoffice, the property of C. F. Harvey, on Gordon street, to the government for ten years from July 1, 1914. The department agrees to pay \$900 a year for the place, but reserves the right to annul the lease "whenever the postoffice can be moved into a government building." The long lease is just the government's way of doing business. It is probable that the present quarters will not be occupied more than 24 or 30 months, since actual construction of the federal building at Queen and North streets is expected to be commenced not later than January or February next.

DAVID DUGGAN GRAND OPERA COMPANY COMING NOV. 21.

The David Duggan Grand Opera Company which gives the opening Lyceum attraction in Loftin's Opera House Saturday evening, November 27th, will be followed by four other high class entertainments which are put out by the Redpath Lyceum Bureau. The press notices regarding the opening attraction are very flattering and lovers of music will be highly pleased with their offering. This company carries a full equipment of costumes and scenery, and have a repertoire of many standard grand operas and quartet works. Given under the auspices of the Daughters of Confederacy it will no doubt be well attended.

NAVY WOULDN'T TAKE MUSICIAN LISTED HERE

Arthur Whiteley, Jr., an accomplished young trombone soloist of Mount Olive, was refused admission into the band corps of the navy on Thursday because he is enlisted in the band of the Second North Carolina Infantry here. The machinery necessary to secure Whiteley's discharge from the National Guard was today put in motion to enable him to "take a permanent position with which his enlistment would interfere." Meanwhile Whiteley, an excellent performer, is waiting at the Portsmouth, Va., naval station. The case is believed to be without precedent, the regular service customarily ignoring the militia bureau in taking men from the Guard, it is said.

CLEANING-UP IN ORDER DURING NEXT FORTNIGHT

City authorities call attention to the fact that the sanitary inspector, who will be inducted into office on December 1, in accordance with the recent laws requiring supervision of meat and milk, business and residen-

tial premises, etc., will have a great deal of fault to find with back lots unless they are cleaned before the laws become effective. The conditions at this season of the year, with the prevailing contrary winds and shedding of leaves by the trees, are peculiarly trying to the average householder, as lots become littered again usually as soon as they are swept. The authorities suggest that the coming two weeks will find most of the trees bare of foliage, and that in this time an ideal opportunity will be had to put premises in order.

REPORT BATTLE BETWEEN MOONSHINERS AND OFFICERS

Deputy Collector of Internal Revenue J. M. Tull spent Thursday in New Bern. Federal and State officers have been unusually active in that vicinity lately. In Carteret county a few days ago a bill illicit still was destroyed, the operators escaping. Persistent rumors from Core Creek now are to the effect that a party of deputy sheriffs engaged in a pitched battle with moonshiners there and were beaten off. Afterward, the reports say, federal officers went to the place to take up the task the county men left unfinished, and found the site deserted of men and equipment, all having left and taken the still with them. Core Creek is in Carteret county. The deputies claim to know the identity of the men who shot at them, it is said.

BANDSMEN IN MILITIA NOT ALLOWED TO QUIT.

Several members of the Second Infantry band, non-residents of this city, where the organization has its headquarters, will not be allowed to quit the National Guard for the reasons they have advanced, the regimental headquarters has decided. It has cost the War Department in excess of \$100,000 to equip the men, it is claimed, and the duties involve no hardships. Individual talent is so important in the organization that the loss of some men for flimsy excuses might seriously cripple the organization, is the view of the adjutant, who has recently promptly turned down applications for discharge from non-commissioned officers of the band. One member is in Syria and another in Ohio, and even these will not be released for the present. The fact that the musician in Asia Minor might have been impressed into the Turkish army, something of this sort being feared since efforts to locate him having failed, may be called to the attention of the War Department or investigation.

WOMAN NERVOUS, WEAK AND DIZZY

Could Not Do Housework for Family of Three. Vinol in a Short Time Made Her a Strong Well Woman.

Fort Edward, N. Y.—"I was in a run-down condition, nervous, weak and dizzy, so that in doing the housework for my family of three, I would be all exhausted. I tried cod liver oil emulsions and three or four other medicines without benefit. Finally a friend told me about Vinol and I tried it. I soon felt better and now it has built up my strength, I have no more nervous or dizzy spells, and can do all my housework without getting all tired out."—Mrs. Elmer Glidden, Fort Edward, N. Y.

Women are so active nowadays, and so much is expected of them that they constantly overdo and suffer from headaches, backache, nervousness and kindred ills. Vinol is a most efficient strength creator for such women.

It is the medicinal elements of the cod's liver, aided by the blood making and strengthening properties of tonic iron which makes it so far superior to all other tonics.

J. E. Hood and Company, Druggists. If you are in this condition try Vinol on our guarantee to return your money if it fails. adv.

THE "SEALY" TUFTLESS MATTRESS

At first sight it is hard to make people understand the wonderful qualities of a "SEALY MATTRESS." It looks different and feels different from any other mattress.

It violates all the hoary-headed mattress traditions. Instead of being straight and dotted with tufts, it is smooth and curved. Instead of being hard to the touch, it yields to pressure with the gentleness of a fine pneumatic cushion—and yet with none of the clingingness of the old feather bed.

One has to sleep on it to understand why it is that so many who have tried the "Sealy Mattress" refuse to use any other kind.

We are willing to let customers prove this mattress out for themselves—to send one to your home and to take it back any time within 60 days—if it is not all you hoped it would be.

You are the sole judge of its merits. There will be no quibble about it. Any mattresses returned are sent right back to the factory and not sold again.
