**LAWSUITS GROW OUT OF OPEN DITCH ACCIDENT**

City of Kinston and Lenoir Oil and Ice Company Jointly Held Responsible by Plaintiffs, Who Were Victims of Steam.  
Suits for damages have been instituted against the City of Kinston and the Lenoir Oil and Ice Company by Franklin Stroud and Charlie Conway. Stroud and Conway, the latter about ten years of age, were scalded by falling into hot water in an open ditch near the company's plant, the former in December and the boy during this month. George Conway, father of the boy, brought the suit in that case. Both plaintiffs contend that the city and the company are jointly liable for having permitted the dangerous ditch to remain uncovered. The sum named in each case is \$10,000. Stroud is said to have been bed-ridden for some time as the result of his burns, while the little Conway boy is yet confined with the injury which at first threatened to be fatal. The defendants, it is said, are both denying responsibility for the exposed sewer, each claiming that the other should have made arrangements to eliminate the danger.
