Mr. J. M. Howard of New Bern is
a business visitor in the city today.

Messrs. F. C. Dunn and J. W. Black
have gone to Raleigh on a business
trip.

Mr. F. M. Kilpatrick of Smithfield
was a Kinston visitor yesterday on
business.

Miss Vivian May, who has been on
a short visit to her parents at Be-
ton, has returned to the city.

Mr. and Mrs. E. L. Jenkins left
for New Bern, yesterday, where they
will make their home.

Mrs. R. A. Lomax returned to her
home at Goldsboro last night, after
a short visit in the city to her par-
ents, Mr. and Mrs. J. W. Russ.

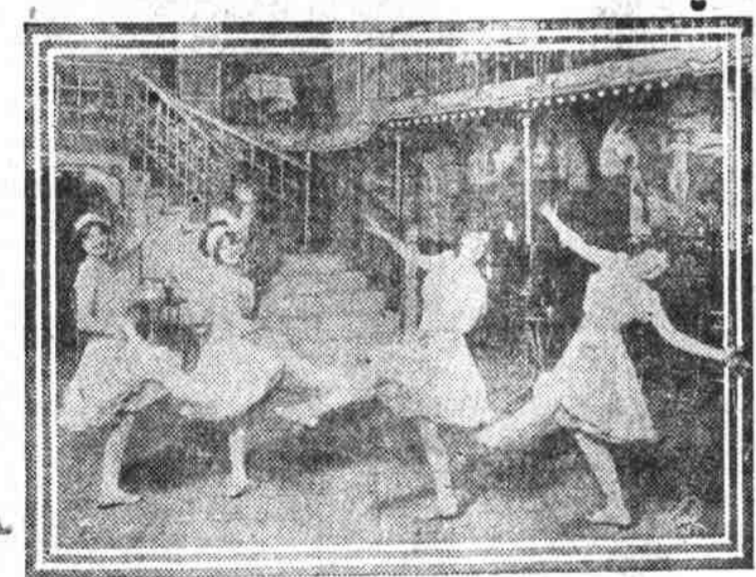

Mr. Meriwether Lewis, who has
been on a visit to his parents, Mr.
and Mrs. E. B. Lewis, has returned
to his studies at Chapel Hill.

"The Shepherd of the Hills," Har-
old Bell Wright's novel dramatized,
will be the attraction at the new
Grand Theater, tonight, and the first
dramatic offering yet staged there.

In making a play of his famous
novel, Mr. Wright, with the assistance
of Elsbury W. Reynolds, has retained
all the dramatic moments of the
story and enlarged upon the charac-
ter of "Preachin' Bill," making a
character of him that will be long
remembered by theater-goers. Natu-
rally the love between "Sammy
Lane" and "Young Matt" is the pivot
upon which the play revolves. Messrs.
Gaskill and MacVitty, the producers,
have "mounted" the play in a sum-
ptuous manner and given it a cast that
is unique in the matter of types.

The seat sale for "The Shepherd of
the Hills" has been large.

No use to squirm and wince and
try to wear out your rheumatism. It
will wear you out instead. Apply
some Sloan's Liniment. Need not rub
it in—just let it penetrate all
through the affected parts, relieve
the soreness and draw the pain. You
get the ease at once and feel so much
better you want to go right out and
tell other sufferers about Sloan's. Get
a bottle of Sloan's Liniment for 25
cents of any druggist and have it in
the house—against Colds, Sore and
Swollen Joints, Lumbago, Sciatica
and like ailments. Your money back
if not satisfied, but it does give al-
most instant relief. Buy a bottle to-
day.

ALL PLANS FOR HUGE
DRAINAGE PROJECT MADE

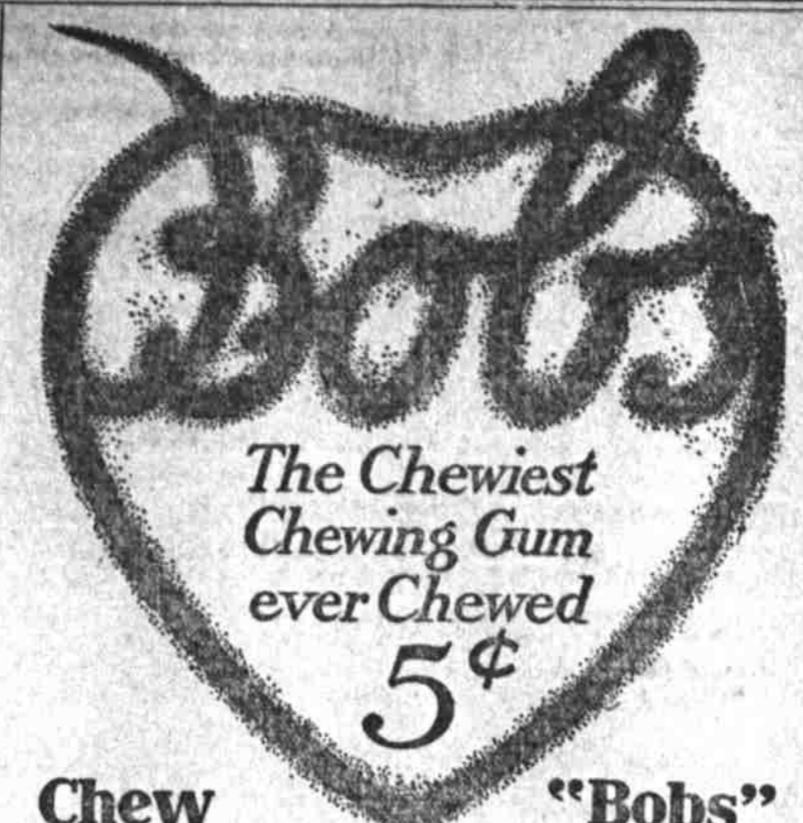

40,000 Acres of Rich Alluvial Lands
In Louisiana, Partly in New Or-
leans, to Be Reclaimed—Will
Be Worth \$3,000,000.

(By Walter Parker.)

New Orleans, Feb. 2.—Gushing 1-
600,000 gallons of marsh water a
minute when President Woodrow Wil-
son touches the button in Washing-
ton on February 13, five huge pumps,
the largest in the world, will begin
the colossal task of draining 40,000
acres of land partly in New Orleans
and which will reclaim and make
ready for habitation and farming
delta alluvial soil as rich as the val-
ley of the Nile. This gigantic work
of conservation, backed by the State
of Louisiana itself, is part of the vast
scheme of systematic reclamation of
alluvial lands which, put under way a
few years ago, will eventually bring
into us 10,000,000 acres of land now
idle and waiting for its ages of ac-
cumulated richness to be put into
service for the benefit of mankind.

Holland drained 40,000 acres of her
soil after seventy-five years and with
an expenditure of \$3,200,000. This
so-called "drainage district" of Loui-
siana, with an equal number of acres,
will be drained in three days after the
pumps are started and after a year
of construction. The cost will be
\$234,000. Land which heretofore has
been normally valued will be worth
\$3,000 an acre and, as a matter of
comfort in human living and health,
the mosquito will perish as the waters
fall.

This Titanic job, as that at Pana-
ma, is the work of one man. Aptly
his name is Hero. Some years ago
George A. Hero, a wealthy citizen of
New Orleans, conceived the vision and
placed his name and reputation
against the task. Laughed at as a
dreamer, derided by skeptics as a
rainbow-chaser, he persisted in spite
of all drawbacks, discouragement and
defeats, until today, his task com-
pleted, his State has asked no less a
person than the President of the
United States to flash the electric
spark which will set in motion a new
economic destiny for Louisiana. Fin-
ancially, the task was a simple one,
and from an engineering standpoint
the obstacles were few. The land-
owners of Orleans, Jefferson and
Plaquemine Parishes, embraced in
the drainage district, voluntarily sub-
mitted to a drainage tax of 75 cents
per acre per year for forty years.
State bonds were issued, with intel-
ligent laws so framed as to make the
land stand securely behind the bonds,
the issue was floated and the work
commenced early in 1914. In less than
one year by the simple process of
drawing off the water, the \$8,000,000
valuation of the district will have

AN ABSOLUTELY
TRUE STORY
Of How E. L. Marshall of Shreveport,
La., Was Cured of a Stomach Trou-
ble That Kicked Him Out of Work
for Months.
Shreveport, La.—"I had a bad
stomach trouble for years and be-
came so weak I could hardly walk or
do any work. My appetite was very
poor, then my food would not digest,
I bloated and was very weak and ner-
vous, and it seemed impossible to get
any relief. I was so bad I could not
work for months at a time. I tried
too many remedies to name, but with-
out help. I saw Vinol advertised and
tried it, and soon noticed an improve-
ment. I continued its use and now
my stomach trouble is completely
cured. I am a well man, enjoying
perfect health and have gained in
weight."—E. L. Marshall, Shreve-
port, La.
The recovery of Mr. Marshall was
due to the combined action of the
medicinal tissue building elements of
the extract of cod's livers, aided by
the blood-making and strength creat-
ing properties of tonic iron, contain-
ed in Vinol, which seldom fails to
strengthen and tone up the tired,
overtaxed and weakened nerves of the
stomach and remove the trouble.
