DEATH OF CHILD. Bernice Corbet Grady, Jr., son of Mr. and Mrs. Bernice Grady, died at the home here at 5:30 a. m. He was three years old. The little one will be buried in the country this afternoon.

NEW CLERK AT CUMMINGS'. Mr. Sam Varnedoe, who has been in the employ of the John G. Cox shoe store for some time, has accepted a position with Mark Cummings. His friends will now find him at the latter place.

TO TRY MOTHER AND SON. I was said at the Courthouse this morning that Blaney Morgan, colored, as well as his mother, Sylvia Morgan, a notorious South Kinston character, is to be tried in the Recorder's Court for selling whisky. The woman is also charged with perjury. Both may be tried this afternoon.

NAMED WRONG CHURCH. A big missions convention of colored Baptists in session here is being held in the Missionary Baptist church of that race on South East street, instead of in a Free Will Baptist church, as stated in The Free Press Thursday through misinformation.

DROVE AUTO INTO DITCH. Local Syrians who left here in an automobile to attend the New Bern Fair early Thursday, met with an accident on a road near the latter place. The Ford machine was driven into a ditch by the man at the wheel, who is said to have been asleep. It was pretty badly smashed. One of the men sustained a bruised hand, another was hurt on the back, etc., but none seriously.

LOCAL HIGHS START SEASON AT GOLDSBORO

The Kinston High School football eleven and the Goldsboro highs began in that city at 4 o'clock this afternoon the first game of the season for both teams.

With few of the '14 players left, the local eleven, well-seasoned by long practice, still had strong hopes of taking the game. The aggregation is a little off in weight, but very fast.

The following went to Goldsboro at 10 o'clock, all hoping to get into today's line-up: John Louis Nunn, center; Norman Hardy, Donovan Lewis and Jack Long, guards; Sherman Morris and Marvin Whitaker, tackles; Doc Whitaker, Jack Tyndall and Cecil Wooten, ends; Will Lewis, quarterback; Clay Brewer, Leonard Fields and Heber Gray, halfbacks, and Clayton Morris, fullback. Clay Brewer is captain of the eleven.

FALSE PROPHETS PROOF OF TRUE ONE

"The fact that the Bible warns us so much about 'false prophets' in these days, is an evidence that there is a true one somewhere. There can be no counterfeit without the genuine," said U. D. Pickard, the Seventh Day Adventist evangelist, at his Bible Institute on North Queen street, on Thursday night.

"The law and the prophets are inseparable. When you lose one, you lose the other.

"Jesebel, who represented a false church in the days of Ahab, had thrown down the commandments of God and killed his prophets.

"The spirit of prophecy is one of the gifts found in the early church, and Paul says 'the church that waits for the coming of the Lord will come behind with no gift. John tells us that the 'remnant' church will keep the commandments of God and have the 'testimony of Jesus,' which according to his 10th chapter and 10th verse is the 'spirit of prophecy.'

"We are not to despise prophesying, but to prove all things, and hold fast to that which is good. How shall I prove all things? Isa. 8:20, says, 'To the law and to the testimony, if they speak not according to this word, it is because there is no light in them.' We are to line them up with the written Word. If it disagrees with the word it is surely false."

Mr. Pickard's subject for tonight will be "Bible Baptism."

PIG GAINED POUND AND HALF A DAY

Planters in this part of the State are interested in the unusual record made by a pig on the farm of F. B. Johnson in Sampson county.

The porker, now six months old, weighs 254 pounds. At one month old it weighed 25; at two, 62; at three, 108; at four, 145 pounds. So far the pig has gained one and a half pounds a day since a month old. Mr. Johnson estimates the cost of the meat at seven cents a pound.

Several instances in which pigs gained more than a pound a day have been reported in Lenoir county recently.

ASPHALT USED ON LOCAL STREETS IS THE BEST IN THE WORLD

"It will be of interest to Kinston people," said a recent visitor here, to give them a little history of the source of Bermudez natural lake asphalt with which the local streets are being paved. This asphalt, as its name implies, comes from a natural lake of asphalt located in the State of Sucre, Republic of Venezuela, South America, where for thousands of years the asphalt has been exposed to the hot tropical suns until in a natural process, in the course of time, it has refined itself. The asphalt is secured from the surface of the lake in very much the same manner that earth is dug.

"It is loaded on cars and transported seven miles by rail to the seaboard, where it is loaded in steamers for transportation to the United States. Arriving in Maurer, N. J., at the refinery of the Barber Asphalt Paving Company, the asphalt is again taken from the hold of the vessel, it having amalgamated into a solid mass enroute, placed in open stills and heated to not over four hundred degrees Fahrenheit in order to get the debris out of the asphalt which naturally accumulates in it while coming to the surface of the lake.

"The Bermudez is then loaded in barrels and shipped to various parts of the country for use in street paving. Many millions of square yards of sheet asphalt have been laid with natural lake asphalt in the United States in the past 35 years, and the long service tests have proven beyond a doubt that natural lake asphalt has the stability to give a long-life pavement and that it deserves the name of 'the standard asphalt of the world.'"

THROUGH the influence of the various styles of furniture brought to this country in the early days of the colonies, certain other styles have developed and have become American. Of the most charming of these, the Post Colonial, occupies a favored position. It is a style developed from the furniture of the more southern of the colonists, and interprets certain of the best features of a variety of Early English ideas.

In the interpretations of this style that we have selected from our Grand Rapids connections (the Sligh Furniture Company) there are evident the elements that have made the greatest appeal to the discriminating American people. As such we offer them to you and earnestly solicit your appraisal of our choice. The showing is quite comprehensive and one we believe you will enjoy looking over.
