OF LOCAL INTEREST

Epiphany Service.
An Epiphany service was held in
St. Mary's Episcopal church this
mornin' at 10:30 o'clock.

Small Boys Arrested in Petersburg.
Roland Turner and George Bursell,
Kinston youngsters arrested in Pe-
tersburg, Va., a couple of days ago,
arrived in the city this morning in
custody of an officer. Both are held
in bail on a charge of larceny.

Frederick Perry Makes Debut.
Frederick Perry, the noted star,
has gone to the William Fox Photo-
play organization, and makes his de-
but in motion pictures as portrayer
of "Dr. Rameau" in the film special
of that title. "Dr. Rameau" is to be
the feature of tonight's bill at the
Grand Theater.

To Address Juniors.
Mr. Bob Maxwell, a prominent
Seven Springs man, is expected to
address the local council of the Jun-
ior Order, U. A. M., tonight, at 7:30
o'clock. It will be the regular meet-
ing of the Council, and will be oth-
erwise important. Officers are to be
installed, etc.

"A Little Brother of the Rich."
A screen presentation of a famous
play, "A Little Brother of the Rich,"
will be the top item at the Dixie The-
ater this evening. Hobart Bosworth
is the star. The subject is a five-reel
version of the celebrated story of so-
ciety and the stage.

Leslie Stroud Not "R. B. Davis."
Leslie Stroud is not "R. B. Davis."
A person alleging that to be his
name several days ago attempted to
give a bad check to A. Diamond, a
merchant, and stole a suit of clothes
from Diamond's place. Suspicion
was directed to Stroud. The young
man was arrested several days ago.
In Recorder's Court this morning
Diamond declared Stroud was not the
man, and the case was thrown out.

Funeral Mrs. Levi West.
The funeral of Mrs. Levi West, the
well-known Vance street woman who
died at her home Wednesday after-
noon, was conducted this afternoon,
with interment in Maplewood ceme-
tery. She had been ill a week with
pneumonia. She was sixty years of
age, a native of and life-long resi-
dent of Lenoir county, and is sur-
vived by her elderly husband, who
sustained a stroke of apoplexy as the
result of the shock at her demise,
and four children, all of this county.
Mr. West is said to be doing well.

Weather Brewing Strange Things.
Old heads have been put together
to solve the present freak weather.
Oldest inhabitants say there are few
precedents if any for the climatic
condition that has existed since be-
fore Christmas. For two weeks now
it has seldom been cold enough to
have fires to retire by. January 1
of four or five years ago was warm
enough to have doors open, but then
only for the day. It is believed no
such extended period of spring weath-
er has been had in January before
in this part of the country.

Death of D. Stadiem in Greensboro.
Funeral services over the remains
of D. Stadiem, who died late Tues-
day night at his home in Greensboro,
were held in that city Wednesday af-
ternoon. Mr. Stadiem was the father
of H. Stadiem of this city and sev-
en other children, residing in other
cities, and is also survived by his
wife. He had been ill for several
months and was advanced in age. The
News says: "He was most charitably
inclined and was never known to turn
a deaf ear to appeal of the worthy
poor. Mr. Stadiem was generally con-
sidered to be wealthy, and was the
owner of much real estate in the
Gate City.

**ACTION OF SINGLE SPOONFUL
SURPRISES MANY.**

Kinston people who bought the
simple mixture of buckthorn bark,
glycerine, etc., known as Adler-Lika,
are surprised at the INSTANT ef-
fect of a SINGLE SPOONFUL. This
remedy is so complete a bowel clean-
ser that it is used successfully in ap-
pendicitis. Adler-Lika acts on BOTH
upper and lower bowel and ONE
SPOONFUL relieves almost ANY
CASE of constipation, sour or gassy
stomach. ONE MINUTE after you
take it the gases rumble and pass
out. Lenoir Drug Company. adv.

COLEY-KIDNEY PILLS

**STILL A HOPE THAT COUNTY
BOARD WILL ADOPT INSPECT**

(Continued From Page One)

There are a great many better-
ment movements on in North Caro-
lina. Every department of the State
Government has numerous projects
under way for improvements in va-
rious lines. A State is not financially
able to donate large sums for the
things it agitates must of necessity
look to the counties to carry out
the betterment plans. Some coun-
ties adopt some things and others
other things and out of the shuffle
is coming a great deal of good, Mr.
Pridgen says. Few of the counties
are able to adopt all the schemes pro-
posed at one time. Good roads, es-
pecially, is a subject occupying the
attention of the County officials and
eating up the funds. Farm demon-
stration work has been adopted for
the benefit of the older planters who
did not have the advantages of col-
lege training in their youth, to im-
prove the county's resources. Bridges
have been built, and many other
things done by the Board. The Com-
missioners are none of them willing
to parade the Board's accomplish-
ments before the public, and it is a
well-known fact in interested circles
that all the publicity that is had by
anything good done by the Board
has to be sought out.

In the office of the Board of Edu-
cation there is plotting and planning
and hoping that by some means the
medical inspection, to cost only
\$300 or \$400 under the supervision of
a State expert, may yet be had dur-
ing this year. The Commissioners
have really taken no action, it is
pointed out.

AGRICULTURAL

**FERTILIZER FORMULA
FOR CORN AND COTTON.**

State Agronomist Burgess states:
Those farmers who want to use a
complete fertilizer for corn and cot-
ton, and find those mixtures contain-
ing potash too high in price, may use
the following with very satisfactory
results, especially in the Piedmont
and mountain sections of the State
where the soils contain a high per-
centage of insoluble potash:

One ton of ground limestone or
marl should be used broadcast to the
acre and plowed or harrowed into the
soil at once, followed, at planting
time, with 1,200 pounds in the drill
of the following mixture:
600 lbs. ground limestone or marl;
400 lbs. 16 per cent. phosphate, and
200 lbs. cottonseed meal or some
other ammoniated goods carrying an
equal amount of nitrogen.

By using the above applications
the soil will receive from 1920 to
2160 lbs of lime or calcium carbon-
ate, about 68 pounds of available
phosphate and about 14 pounds of
available nitrogen to the acre, with
a small amount of potash if the cot-
tonseed meal is used. For best re-
sults this entire amount should, as a
rule, go on an acre, but the amount
of this mixture may be increased or
decreased, according to the varying
fertility of the soils.

In addition to supplying an essen-
tial plant food in itself, the lime will
react with the insoluble potash, phos-
phate, and nitrogen of the soil and
render a portion of these elements
available for the growing crops. In-
deed, lime is now looked upon as a
real fertilizer for all crops, and espe-
cially for those of the legume family,
such as the clovers, vetches, beans,
peas, alfalfa, and so on.

The Commissioner of Agriculture
will furnish ground limestone and
marl to the farmers of the State at
the lowest possible cost, but they
must get their orders early to get
them filled on time.

It Closes Saturday Night, January
8th. Everything is Reduced.

Barrett & Hartsfield

**A New Shipment Of
Library Tables**

Has just been unpacked. The styles are
very artistic and attractive, and would add
much to the beauty of a room. All of them
are genuine veneered or solid mahogany—
no imitation—and the prices are the lowest
we've ever had for tables of this quality.

May we have the pleasure of your inspec-
tion?

Oettinger's Furniture Store

**ATTENTION
FARMERS!**

It is a well known fact that stan-
dard properly balanced fertilizers
will not be obtainable for next
year's crops. All materials are al-
ready very much higher than for
years, and muriate and sulphate of
potash practically unobtainable at
any price. The very best base
goods and also best balanced ma-
terial obtainable is

COTTON SEED MEAL.
Meal contains 2 per cent. phospho-
ric acid, 7 1-2 per cent. ammonia,
and 11-2 per cent. potash.
You should exchange all your
seed for meal or buy meal now,
for it will certainly sell higher
later.

FORREST - SMITH

Men's Friends

An old, serviceable knife that never
balks, that's always ready for work, becomes
almost a friend—you hate to part with it.
But in buying a knife you cannot tell by
examination what sort of service it will give
unless you buy the kind whose durability
and wearing qualities are guaranteed.

**KEEN
KUTTER**
Pocket Knives

are the serviceable-kind kind. You
are absolutely sure of satisfaction when
you buy them. You know they have
the finest, strongest blades, tempered
exactly right for keen, lasting edges.
Every detail is given careful attention,
so that springs, joints, rivets, linings and
handles will last as long as the
almost indestructible blades.
Keen Kutter Knives
are fully guaranteed.

**KEEN
KUTTER**
