Only Barely Possible He Told Truth. A well-known physician relates the following: A man came to his office Monday night from the country, and remarking upon the cold, declared that forty years ago he had his feet frostbitten. "Some fellow told me to soak my feet in boiling water with cayenne pepper in it," he said. "I didn't have any better sense than to follow his advice, and do you know, my feet got cold today for the first time in forty years."

Christians' Prayer Meeting.

The Gordon Street Christian congregation will hold their regular prayer meeting service this evening, preceding the address by Dr. Sam Small in that church. It will be held in the Sunday school auditorium from 7:15 to 7:55 o'clock. If the Sunday school auditorium is needed for the crowd before 8 o'clock, the prayermeeting will be adjourned a little earlier. Those of other churches whose prayer meetings have been called off for tonight are cordially have a reliable, non-secret strength invited to worship with the Gordon creator called Vinol, which contains Street congregation and remain in iron for the blood, the curative medithe building to hear Mr. Small. ### How to Get Potash.

It is a well known fact that standard balanced fertilizers will not be obtainable for this year's crop. Muriate and Sulphate of Potash, also Kainit, are practically unobtainable at any price. Polash is indispensable in the prepa ration of fertilizers.

Cotton Seed Meal Contains-Available Phosphoric

Acid 2.50 to 2.75 per cent. Ammonia 7,50 to 8.00 per cent Potash (Soluble in water) 1.65 to 2.00 per cent.

Cotton seed meal makes a fertilizer which feeds the growing plant gradually and leaves a val uable humus in the soil to sustain succeeding crops.
