### FANCY MIXUP TODAY OF SOCIETY GINKS ALL JUST ARRIVED

Miss Spring—the well known Miss Joyful Spring—officially arrived here with her retinue today. Accompanying the perennial favorite were many of her widely known relatives and friends, the most notable among them being:

The Zephyr sisters, Miss Mild Spring-Zephyr, who never speaks above a whisper; Mr. and Mrs. Spring-Showers and all the Little Showers, who are apt to be heard pattering around any time; Mme. Spring-Fashion, who has been long remarkable for her fickleness and expensive tastes.

Sir Inthespringa-Youngmans Fancy, who as everyone knows, lightly turns to thoughts of love; also the Flowersthat Sisters, Miss Bloomintha Spring, and Miss Tra-la.

The venerable Sir Cecil Spring-Tonic also arrived with his dainty little pink-cheeked sister, Miss Sassafraas Tea and the lugubrious Tonic

Miss June Wedding, such a social favorite here for so many seasons, will follow later. It is understood, however, that even now Miss June has a number of social engagements on her calendar.

### THE DAY ON LOCAL COTTON EXCHANGE

Receipts on the cotton market had been scant up until this afternoon, with the prospect, however, for larger sales before the closing. Prices remained good. New York futures quotations were: Open 2:40 May ..... 12.02 11.98 July ..... 12.25 12.11 October ..... 12.35 12.19 December ..... 12.50 12.34 January ..... 12.57 12.40

### THE ODDEST STORY IN THE NEWS OF THE DAY

Dallas, Texas, Mar. 20.—Otto H. Lang, street commissioner, when asked by a young man in his department for a raise, told him he didn't deserve a raise because he had not done any work at all during the year. Lang proved his assertion like this:—Each year has 365 days. You sleep eight hours each day, which equals 122 days. This leaves 243 days. You rest eight hours each day, which equals 122 days. This leaves 121 days. There are fifty-two Sundays that you do not work or 52 days. This leaves 69 days. You have one-half day off each Saturday, or 26 days. This leaves 43 days. You have one and a half hours each day for lunch, or 28 days. This leaves 15 days. You get two weeks' vacation each year, or 14 days. This leaves 1 day, and this being the Fourth of July we close on that day, so you've done no work at all.

There is more Cataract in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a real disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Cataract to be a constitutional disease, and therefore requires constitutional treatment. Hall's Cataract Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Give them the State Family Pills for organization.
