(By the United Press)

El Paso, April 11.—United States cavalry are reported to have crossed into Durango State, with Villa far in advance, rapidly nearing Durango City.

Americans arriving here from Chihuahua City today denounced the Carranzistas, saying they stepped out of Villa's way after the Guerrero fight. How the Carranzistas, under Aerrita brothers, will treat Villa, is a problem. Some reports say they have entrenched against Villa, being his personal enemies.

Will Take Another Dash to Capture Villa.

Washington, Apr. 11—A duplication of Dodd's dash which routed the Villistas at Guerrero is necessary if Villa is to be overtaken. Army men believe the cavalry is equal to the task. All reports agree that Villa is a day or more ahead of Pershing's riders, but officials regard the chester-Engineer and other attacks in trail as still "warm," and still predict the punitive expedition to be nearing a success. The report of Salazar's disaffection is regarded as a border rumor.
