THE COMMUNITY BURDEN

WHAT are you and I doing to lighten our Community's Burden? Are we piling on the back of our community indifference and neglect? Are we holding back our patronage? If so, we are adding to the burden. We are making it heavy. But if we are generously giving our community our loyal support, then we are doing our share in making the burden light. We can so direct our thoughts, words and actions as to lighten that load. Don't break the back of your own community. Do what you can to lighten the load.

“GREAT IS KINSTON AND THE FREE PRESS TELLS ITS STORY.”

This page is printed in the interest of Kinston. It is supported and made possible by the cooperation of the progressive business men and firms, whose names appear hereon. The series of community building cartoons will be run, one each week for twelve months. This is a high priced copyrighted service, especially devised for the purpose for which it is to be used on the “Community Builders” page. The Free Press will be glad to have the assistance of all loyal Kinstonians in checking, if not stopping the annual drain from the mail order houses of the North and building up the home community by encouraging the “buy at home idea.”
