(By the United Press)

Columbus, N. M., May 10-The American forces were hastily redistributed and points along the communications line strengthened today following receipt of important communications by Pershing from Funston A heavy guard was thrown about the camp here last night. Outposts were moved further from the town. Every passerby wa shalted. A triple guard was thrown about the huge gasoline tanks containing a thousand gallons.

Scott Has Big End of Conference.

El Paso, May 10.-General Scott held the whip-hand today in the conferences with Obregon. For the first time the American forces available for border duty were numerically superior to the Mexican troops, and military officials believed Obregon's bluff had been called. American officials were confident some agreement would be reached at this afternoon's conference.

Carranza's Action Causes Anxiety in Washington.

Washington, May 10 .- The Administration will take no chances on Carranza- This is believed to be the inner significance of the orders reinforcing the border patrol with additional regulars and militia.

Officials believe Carranza is acting in good faith, but they admit his attitude regarding the demand for withdrawal is bothersome in view of the practical agreement Kipling's Recessional. A children's reached between Obregon and Scott.

They say the Mexican situation suddenly became more grave because of Carranza's wavering tactics. As for intervention, the Administration believes the latest steps tod toward eliminating its necessity. Some officials believe Obregon is laying the foundation for his own following to take charge in Mexico.

This Afternoon

Confederate Memorial day was observed here today in the usual manner. An audience that well-filled the Grand theatre witnessed the exercises in the forenoon. The interior of the playhouse was handsomely decorated in the colors of the Confederacy, flags and flowers in profusion being arranged about the stage. The scene was an inspiring one, and the enthusiasm of those assembled was pronounced. The veterans on hand were fewer, perhaps, than in other EUROPE EXPECTS CHINA

WOULD LIKE TO HAVE FREE BAND CONCERTS

Mr. L. J. Mewborne advocates band concerts for the entertainment of

Kinston folks on summer evenings. City Council could well afford to make an appropriation to pay the musicians, he thinks. It would give the population "something to do." The cost would not be considerable for a 12 or 14 piece on two or three nights a week. There are plenty of places where the concerts might be pulled off, and there is good enough talent here.

(By the United Press)

Washington, May 10-Germany has made good on her first promise in her note accepting America's position in the submarine issue. Ambassador Gerard today cabled the State Department that the Kaiser has formally admitted that a German submarine attacked the channel packet Sussex. 13

Note On Way Over.

The formal admission to this government, Gerard said, is enroute to Washington. Full disavowal, ample reparation and punishment of the submarine commander will be given, it was stated at the German embassy when it was learned there that Gerard had received a German admission of guilt. The pledge in the German note makes it obvious, it was said, that there will be no hesitation by Germany on these points.

Punishment Officer Uncertain.

Embassy officials refused to forecast what the punshment of the commander would be, but it was explained that it would not be "too lenient," since German naval discipline forviolation of instructions as important as those involved in submarine warfare is very strict. The question of the amount of indemnity awaits the interested Americans' claims.

Washington, May 10 .--- War on Frederick B. Lynch's candidacy for chairmanship of the National Democratic committee is under way. Mr. Lynch, chairman of the finance committee, is practically the only man repeatedly mentioned to succeed William F. McCombs.

The fight on Lynch is said to be punitive for his weakening in his support of Wilson at the Baltimore convention, and because he is said to belong to the conservative school.

He emphasized the need of upholding the hands of President Wilson in this time of international crises such as the nation had not fixed before in several generations. Teamwork is need as much as leadership, he declared. Mr. Wilson is the choice of the people of the nation and the leader of his party entrusted with the responsibility of interpreting and carrying out the policies of the party and as such leader he is entitled to the support of the representatives of the party. Not only that, but Mr. Mitchell, pointed out that it behooved every American citizen and member of Congress. regardless of his political affiliations, to support the President in handling the difficult and complex international problems that now confront the nation and which may involve the happiness and prosperity of the people of America.
