WEDNESDAY EVENING, MAY 17, 1916

Sir Roger no doubt thinks that John McCarthy, who is alleged to have discovered his attempt in landing on the Irish coast and turned him up to the authorities, did him a "dirty Irish trick."

The contemplated erection of five additional silos by the progressive farmers of Lenoir county is but further evidence of the growing tendency on the part of the agriculturists of this section to farm right.

A Beaufort county deputy sheriff and a blind tiger are said to have exchanged a dozen shots at each other within a range of ten feet without scoring a single hit. The miraculous thing about the story is that there were not several bystanders reported to have suffered because of the lack of marksmanship of the gunners.

It can probably be termed a happy accident for the revenue officer who is said to have stumbled when bearing down on an alleged moonshiner who was approaching him with a drawn gun. The stumble caused the accidental discharge of the officer's gun with fatal results to the belligerent moonshiner.

General Scott's report on the border conferences indicate a very much more satisfactory condition of affairs than did the rumors coming from El Paso, when the Scott-Oregon conference adjourned without apparently having arrived at a satisfactory understanding. General Scott is of the opinion that the parleys have at least brought about a better feeling and convinced the Mexican de facto Government of the sincerity of the United States in entering Mexico for the sole purpose of putting a stop to the bandits' depredations.

Because Mr. Rublee, President Wilson's appointee from New Hampshire as a member of the Federal Trade Commission, was "personally obnoxious" to Republican Senator Gallinger of New Hampshire, fourteen Democrats in the Senate voted against his confirmation while five Republicans voted favorably. Senatorial courtesy may have some place, but certainly the rejection of capable and qualified men for needed public service because of personal differences with some senator is working the courtesy racket to a finish.

THE WHOLE STATE WILL GIVE WELCOME.

Not only is Charlotte to be congratulated because of the coming visit of President Wilson, but the whole State is honored and will join with the Mecklenburg capital to give the Nation's chief executive a most cordial welcome.

President Wilson, himself a Southerner by birth and early education is held in high esteem in Dixie, and no

WIVES AND MOTHERS.

Have you ever stopped to realize how much the health of your family depends upon you? For instance, diet is a great factor in health, and you are responsible for it, then again when any member of your family gets into a run-down condition, when the children are delicate, cross and ailing, when somebody takes cold and develops a cough, they look to you for help. Do you know that our local druggists, J. E. Hood & Co. have a non-secret constitutional remedy known as Vinol which they guarantee for just such conditions. Many families in this vicinity have found it so reliable they are never without it. adv.

WATCH CHILD'S COUGH.

Colds, running of nose, continued irritation of the mucous membrane if neglected may mean Catarrh later. Don't take the chances—do something for your child! Children will not take every medicine, but they will take Dr. King's New Discovery and without bribing or teasing. It's a sweet pleasant Tar Syrup and so effective. Just laxative enough to eliminate the waste poisons. Almost the first dose helps. Always prepared, no mixing or fussing. Just ask your druggist for Dr. King's New Discovery. It will safeguard your child against serious ailments resulting from colds.

section of the Solid South has given more spontaneous and whole-hearted support to Mr. Wilson than has the Old North State. It is useless to say that hundreds and thousands of people from every section of the State, and from every walk of life will gather in Charlotte Saturday and visitors from neighboring states will be on hand.

The Free Press is glad that President Wilson has found it possible to accept Charlotte's invitation. There has been a feeling down here for some time that he should pay us a visit, and his coming will no doubt add many to his already overwhelming number of friends and supporters in this section of the country.

MARKET COMMITTEE NEEDED!

It is no particular credit to Kinston that cream for local consumption has to be imported from Washington and other distant markets. The natural resources of this section properly employed for dairying would not only care for the local needs, but would make it possible to establish here a creamery which could export dairy products to the larger centers of the East and it should be a most profitable enterprise.

The Free Press would like to see the Chamber of Commerce appoint a committee on the establishment of markets for various products which are now raised to some extent, and others which could be produced profitably. This question is a most important one. The possibilities for developing diversified farming by providing profitable market facilities for the farmers was most strikingly emphasized, as has before been called attention to in these columns, by Mr. Edward Young Clark of the Georgia Chamber of Commerce in his recent lecture here. The work that Mr. Clark told about is no longer in the experimental stage. He had the facts and figures gathered from the actual experience which bore eloquent testimony to the wisdom of the plans that his organization advocated; and as he said what had been done in the Georgia community through co-operative and intelligent effort could be done in other communities, certainly when the natural advantages lend themselves so splendidly as they do in this section.

WHAT OTHERS SAY

GOOD ADVICE FOR VOTERS.

Statesville Landmark: "It might be just as well to remark, anent the primary, that it would be well to get in mind that the primary election of June 3 is conducted under the same regulations and restrictions as the regular election. Heretofore in our "soap-box" primaries the voting was not regulated by law; and sometimes it was thought smart to vote a handful of tickets instead of one ballot; to vote in more than one precinct; to vote at the same precinct more than once; to vote when not legally qualified—being under age or a non-resident. Better not try any of these pranks at the coming primary. If you do the joke may be on you."

A STROKE OF ADVERTISING.

Charlotte Observer: "Three pages of display advertising in The Saturday Evening Post, telling why Theodore Roosevelt's friends believe he should be elected President, mark a distinctly new stride in the domain of advertising. Mr. Roosevelt has long been known as the world's most efficient space-getter. Even his Detroit rival is compelled to admit that for consistent every-day-in-the-year front page publicity, Theodore has his number. But it is a singular fact that whereas, on the face of the case, a 'straight article' would appear to appeal more powerfully to the public than display advertising. "Especially is this true if the free publicity is over worked. Then the public becomes suspicious and thinks that anything which requires such laborious effort to stir up interest must be lacking in merit, and it backs away, whereas a formal display advertisement would have riveted attention. This important psychological business fact is known to Mr. Roosevelt's friends, and they are making use of the knowledge in a spectacular manner. One reason the method is effective is because it is disingenuous. There is no firing from under cover, no attempt to mask what is being done. It is a clear-cut fight in the open. Hence its telling power."

Political Announcements

FOR THE SENATE.

I hereby announce my candidacy for State Senator, Seventh Senatorial District, subject to the Democratic primary, to be held June 3rd, 1916.
 WIL DILL POLLOCK.
 (Paid political advertising—D&SW)

 I will appreciate the support of the citizens of Lenoir.
 S. H. ISLER.
 (Paid political advertising—d&sw)

To the Voters of the Seventh Senatorial District:

I announce myself a candidate to represent the Seventh Senatorial District in the next General Assembly

TAKE IRON, SAYS DOCTOR, IF YOU WANT PLENTY OF "STAY THERE" STRENGTH LIKE AN ATHLETE

Ordinary Nuxated Iron Will Make Delicate, Nervous, Rundown People 200 Per Cent. Stronger In Two Weeks' Time. In Many Cases

New York, N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, secret nostrum or narcotic Sauer, a well known specialist who has studied widely both in this country and Europe. when as a matter of fact, real and true strength can only come from the food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable to change food into living matter. From their weakened, nervous condition they know something is wrong, but they can't tell what, so they generally commence doctoring for stomach or kidney trouble or symptoms of some other ailment caused by the lack of iron in the blood. This thing may go on for years, while the patient suffers untold agony. If you are not strong or well, you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, rundown people who were ailing all the while, double and even triple their strength and endurance and entirely get rid of all symptoms

of dyspepsia, liver and other trouble simply by taking iron in the proper form, and this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the fray, while many another has gone down to inglorious defeat simply for the lack of iron.

Note.—Nuxated Iron recommended above by Dr. Sauer, is one of the newer organic iron compounds. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 200 per cent. or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by J. E. Hood

of North Carolina, session of 1917. Subject to the Democratic primaries. LEVI J. H. MEWBORN. (Paid Political Advertising)

For State Senate From Seventh Senatorial District. I hereby announce myself a candidate for the Democratic nomination

for Senator from the Seventh Senatorial District, subject to the action of the primary to be held the third day of June, 1916.

I will appreciate the support of the citizens throughout the district. J. FRANK WOOTEN, Jacksonville, Onslow County. (Paid Political Advertising—D&W)

Fourth Day--Grand Climax

The Famous Roll Door "Hoosier Beauty"

\$14.75
 to
\$45.00
\$1 on Delivery,
\$1 Weekly,
No Extra Fees,
Money Back
Guarantee.

Remember there are Hoosiers for farms, camps, apartments, big and little kitchens, for window spaces and the center of big kitchens. No further need for old-fashioned, built-in, uncleanable cupboards.

Tomorrow will mark the most eventful demonstration of Hoosier Kitchen Cabinets since the beginning of this remarkable Gold Medal Sale on Monday. Men and women have come miles to attend. Our sale of Hoosier Cabinets has attracted so much attention that we may have to make arrangements for another shipment from the Hoosier factory to meet the demand. Tomorrow's sale may take every cabinet we have on our floors. If you don't want to wait for yours—be sure to come tomorrow and come early.

HOOSIER
Gold Medal Sale

enables you to see the wonderful workings of this modern kitchen machine, as thousands saw it last year at the Panama-Pacific Exposition, San Francisco. Every housewife should see it. Every husband should see it. Come tomorrow.

Quinn & Miller
