CARELESSNESS THE CAUSE MANY FIRES IN COUNTY IN APRIL

Damage to Forests in Lenoir Was \$29,500, Board of Agriculture Estimates—"What Are We Going to Do About It?"

"The loss from forest fires each year in Eastern North Carolina is appalling," says County Farm Demonstrator McCrary, in a statement issued Wednesday night. "During the month of April, it is conservatively estimated by the County Board of Agriculture, 14,000 acres of forests were burned over in Lenoir county alone. The loss is estimated by the Board of Agriculture to be \$29,500. "Hundreds of dollars worth of cord wood were destroyed, and the loss from burned fences was a considerable item. There is no estimating the damage to young timber, and the value of the humus destroyed. "The causes of these fires were carelessness, railroading, lumbering, burning grass in fields, sparks from locomotives, and incendiary. "What are we going to do about this matter? Lumber is getting scarcer all the time, and we cannot afford to have so many acres of our timber so wantonly destroyed. Lumbering should be carried on with more regard for the dangers of fire than it is at present. In some countries, people are required to plant two trees for every one they cut. We need to learn how to take care of our forests and woodlots. "It is the duty of the State or county to have fire patrolmen in each township to see that fire is kept under control. The present system of letting fire burn without any effort to stop or control it is out of date, to say the least."

NCITY'S INCOME WAS HEAVIEST LAST YEAR

Collections Totalled More Than \$110,000—Increase Nearly 20 Per Cent. Recorder's Court and Water Rentals Increase Contributed—Taxes Gave Biggest Share of Sum

There was almost 20 per cent. increase in the city's revenues in the fiscal year ending May 9, according to City Clerk Coleman. Collections in the last year were \$112,501.75, and in the previous year 93,953.57. The Recorder's Court was responsible for \$5,000 or \$6,000 of the increase. The factor outside of that contributing most to the increase was water rentals. About 250 water accounts are said to have been added in the year. Taxes were \$50,421.43; court, \$9,292.51; water and lights, \$49,418.16; miscellaneous, \$12,369.66.

OFFICIALS HAD ADVANCE KNOWLEDGE

The British Government knew several days in advance that Irish rebels planned an open revolt, but didn't disarm them fearing great bloodshed, according to an admission from Sir Matthew Nathan, who resigned as under secretary for Ireland following the rebellion, to the Royal Commission appointed to investigate the outbreak. He said that three days before the Dublin revolt began the government learned that the Irish leaders had been informed that the Germans would cooperate with them in a great land, sea and air offensive. He said the Irish constabulary were immediately warned, the coast patrolled day and night, and that it was undoubtedly due to these precautions that Casement was captured a few hours after he landed.

BROKERAGE CASE WILL GO TO JURY AFTER ALL

Court of Appeals Reversed Decision of Judge Henry Connor in Freeman vs. Kinston Mfg. Co., et al.—Another Trial. The United States Circuit Court of Appeals in session at Richmond reversed Judge Henry G. Connor in his decision in the case of Freeman vs. Kinston Manufacturing Co. and Bryant and Ellington. Judge Connor directed the jury to bring in a verdict for the defendant, holding that the evidence of the plaintiff was not sufficient to warrant a finding in his favor. The Court of Appeals holds that the evidence is of sufficient importance to be considered by a jury and so remands the case for another trial before Judge Connor. The case involved brokerage fees in the transfer of timber property. Plaintiff Freeman was suing for \$40,000 as commission for his part in negotiating certain deals. The case was watched with much local interest because of the amount involved and because one of the defendants was a local concern. Mr. G. V. Cowper of the local bar was counsel for the defendants.
