WHY DANDRUFF CAUSES BALDNESS

Get rid of dandruff if you have it and the sooner the better. Dandruff causes baldness by choking the pores of the scalp so that the hair roots do not obtain proper nourishment.

There is just one delightful hair tonic so compounded that besides ending itching scalp almost overnight, and stopping hair from falling, it will remove every particle of dandruff after just a few applications.

NORTH CAROLINA GOOD ROADS ASSOCIATION

For the above important occasion to be held at Wrightsville Beach on June 21, 22 and 23, tickets will be sold to Wilmington by and via the Atlantic Coast Line from all stations in North Carolina at reduced round trip fares on June 19, 20 and 21, and for trains scheduled to arrive Wilmington prior to 1 p. m., of June 22, limited returning to reach original starting point until midnight of June 26th, 1916.

For schedules, fares, tickets, etc., apply to D. J. WARD, Ticket Agent, Kinston, N. C. ATLANTIC COAST LINE. The Standard Railroad of the South. till June 21 adv

WILLIAM HAYES, General Superintendent. G. A. JONES, Freight and Passenger Agent. SNOW HILL, N. C.

Now! Altogether-- "WHISTLE"

The Conquest of the Arctic

DR. WIRT.

Covering three years of life, adventure and exploration in the lands bordering the Circum-Polar sea, with Eskimos for companions and dogs for heroes, Dr. Wirt's discoveries and explorations parallel in many respects those of other arctic travelers, but his interpretation of Eskimo life and the story of his dogs are absolutely unique.

His flight during the long night of an arctic winter in quest of relief for his sick, ice imprisoned companions; the almost human intelligence of his dogs; the Igloo village never visited by white man; the strange customs, fetich dances and heathenish orgies of the Eskimo; the treachery of false guides; the awful silence and loneliness; the auroral splendors; his study of arctic bird and animal life; the escape from wolves; the attack of a whale while at sea in an open kayak and the final escape--all this and much more combine to make an unusually fascinating lecture.

LENOIR COUNTY ECONOMIC AND AGRICULTURAL

(Continued from Page Two)

total deficit, 90,012 bushels. There were 83 counties that showed a deficit in wheat production in 1910. 10-year decrease in wheat production, 1900-1910, was 83 per cent. In 1860 Lenoir produced 11,167 bushels; in 1910, 1,064 bushels.

9th in wheat production per acre, bushels, 12. Wayne ranked 1st with 30 bushels per acre. State average, 8 bushels per acre.

38th in oats production, total crop, bushels, 25,483. The oats raised amounted to 1.4 pints per work animal per day. Ten-year decrease in oats production, 1900-1910, was .5 per cent. In 1860 Lenoir produced 1,731 bushels.

37th in hay and forage production, total crop, tons, 3,611. Ten-year increase, 1900-1910, was 70 per cent; rank 42nd. The hay and forage produced amounted to 5.3 pounds per work animal per day.

73rd in per cent. of farms buying feed, 27; 647 farms or nearly one-fifth of them bought feed; averaging \$45.08 per farm.

86th in beef production per person, lbs., 12. State average, 33.8 lbs.

36th in pork production, pounds, 110.9. State average, 93 lbs. State average of hogs sold and slaughtered, 47 hog; U. S., .57; Iowa, 2.72 hogs per person. Needed for farm consumption, 122 pounds per inhabitant.

63rd in poultry production per person, fowls, 5.62. Needed, 13 fowls per person per year. Deficit, 7.38 fowls per person. Total deficit, 167,983 fowls.

77th in egg deficit, dozen, 235,000. Needed, 17.5 dozen per person per year; produced, 7.1 doz.; deficit per person, 10.4.

84th in increase in farm sales of dairy products, per cent., 27. Total sales in 1910 were \$11,310. State increase was 146 per cent. Lenoir produced 3 pounds of butter per person; rank 66th. The average amount needed was 48 pounds per person per year. The per capita deficit was 45 pounds.

46th in livestock products, per person, \$16. Alleghany, \$65. State average, \$17; per capita crop production in Lenoir was \$88; total farm wealth produced was \$104 per person.

63rd in bill for imported food and feed supplies, \$1,354,000. In four years it nearly equals the farm wealth accumulated in 119 years; the accumulated farm wealth being \$6,096,000.

49th in Boys' Corn Club Enrollment in 1915, boys reporting, 13. Average per-acre yield, 67 bushels, or a little over five times the average for the county at large. At this rate the grown-ups might have produced enough corn for home use and 1,450,925 bushels to sell. Instead, they bought 303,414 bushels in 1910.

VI. Facts About Industries.

The manufacturing industries of Lenoir are not extensive as yet. In 1915 there were 34 establishments with a total capital invested of \$1,121,168, employing 1,187 factory operatives. The yearly output was \$1,625,774. The 34 establishments may be

classified as follows: 5 lumber and timber concerns, 6 woodworking establishments, 4 buggy and wagon factories, 3 tobacco factories, 3 bottling works, 1 bakery, 3 mattress works, 1 marble works, 2 publishing and printing establishments, 1 steam laundry, 1 oil and ice company, 2 sheet metal works, and 3 cotton mills. There are other small concerns that do not admit of classification. There were 14 concerns which invested over \$10,000 capital stock as follows: Hines Bros. Lumber Co., \$200,000; Coca Cola Bottling Wks., \$32,165; Hudson Buggy Co., \$24,500; Ellis Carriage Works, \$67,514; Kinston Steam Laundry, \$16,000; Lenoir Oil and Ice Company, \$167,450; Rutledge & Co., \$52,800; Sitterson Bottling Works, \$15,700; Whitfield Buggy Works, \$21,500; Rouse Veneer and Panel Co., \$32,850; Casswell Cotton Mills, \$100,000; Kinston Cotton Mills, \$230,000; Orion Knitting Mills, \$115,000.

Shipman's annual report from the Bureau of Labor and Printing for 1915 gives no facts about the Kinston Manufacturing Co. It also does not mention a few minor manufacturing establishments. These concerns evidently made no report to the Commissioner of Labor.

VII. Resources and Opportunities.

Named in the order of importance the resources of Lenoir are as follows: Agriculture, manufacturing and wood-working industries, timber, water power, and minerals.

1. The agricultural resources are boundless. In the census year the annual production of farm wealth amounted to \$2,143,247, and only 39.2 per cent. of the land of Lenoir was under cultivation. In the production of food and feed supplies Lenoir stood 32nd in corn production; 9th in tobacco production in 1910; 7th in hogs per 1,000 acres; 9th in wheat production per acre; 37th in hay and forage production; 38th in oats production.

We stand 5th in annual production of farm wealth per person with \$125.8, and 8th in per capita country wealth, with \$386 per inhabitant.

There is a great future for the farmers of Lenoir and the first to adopt the most modern methods of farming and marketing will be the first to reap the great rewards.

2. The second resource of importance is our manufacturing. The people of Lenoir are just beginning to realize the possibilities that are before them in the manufacturing world, the Chamber of Commerce of Kinston being the leading factor in this development. There is a great variety of manufacturing establishments in Lenoir, all of which show marked progress in their recent development. In 1915 the capital invested in manufacturing was \$1,128,168; the yearly output was \$1,625,774. The country over the annual output of manufactured products just about equals the capital stock; but in Lenoir the output is 45 per cent. greater.

3. The third resource of importance is the timber supply of Lenoir. There are about 30,000 acres of loblolly pine and 20,000,000 feet of standing long-leaf pine in the county. Scattered throughout the county are plains, on which there is a growth of

SOCIAL And PERSONAL

Miss Mary Tapp is spending a few days in Raleigh.

Mr. R. W. Fowler has gone to Tarboro on business.

Mr. Thos. Harvey, Jr., is in Richmond for a short stay.

Mrs. V. Lee Turrentine is visiting relatives in Richmond.

Miss Marianna Stanley is making a short visit in Raleigh.

Mr. K. L. Tolson of New Bern was a Kinston visitor yesterday.

Mr. E. Y. Speed has returned after a two-weeks' stay in Durham and Burlington.

Mrs. J. B. Leonard and little Misses Doris and Louise Cummings are in Norfolk to spend some time.

Mr. and Mrs. R. P. Haynes and child went to Raleigh last night. They expect to make their home there.

Mr. J. B. Stallings left last night for Baltimore, to visit in a hospital there his daughter, Mrs. F. M. Seagle.

Miss May Oliver of Florence, S. C., is a guest in the home of Registrar of Deeds and Mrs. C. W. Pridgen.

Mrs. J. C. Heath and Miss Gaynelle Heath are back from Greenville, where they made an extended visit.

Rev. J. H. Griffith has gone to Alexandria, Va., to attend the commencement at a theological institution. He expects to make a short visit in Washington, D. C., before returning.

Meeting Homeworkers.

The Homeworkers of Gordon Street Christian church will meet at the home of Mrs. Carson Heath this evening at 8:15 o'clock.

Biltmore Wheat Hearts. All grocers. (adv.)

PRESIDENT ATTENDS MEMORIAL EXERCISES

Washington, June 4.—President Wilson attended the memorial exercises held in the Confederate section of Arlington National cemetery today, but did not speak. His appearance was unexpected as he had previously announced that he would be unable to attend. He was enthusiastically received by a large crowd of Southerners.

ST. LOUISANS PRESENT SHAKESPEARE PROGRAM

St. Louis, June 5.—The Forest of Arden has been transplanted here, and tonight St. Louis will begin its Shakespeare recenter.

Margaret Anglin heads the cast of more than a thousand, aided by Robert Mantell, the Shakespearian actor.

oaks, maples, elms and ash.

Water Power.

The water powers of Lenoir are almost wholly undeveloped. The Neuse river flows through the central part of the county. The stream at many points is very sluggish, and consequently it would be very difficult to get the desired waterfall to develop much horsepower. At some points the fall is from 20 to 27 feet, which if properly utilized would furnish water power enough for the mills, factories, and lighting purposes. On the tributaries of the Neuse there are three flour and grist mills with a total horse power of 86.

The mineral resources of Lenoir are of minor importance. The only ones that are worth mentioning are a few beds of sand gravel, limestone, kaolin, and brick clay. The estimated value of the mineral wealth in 1910 was \$6,000.

MAYR'S WONDERFUL REMEDY FOR STOMACH TROUBLE

Gall Stones, Cancer and Ulcers of the Stomach and Intestines, Auto-Intoxication, Yellow Jaundice, Appendicitis and other fatal ailments result from Stomach Trouble. Thousands of Stomach Sufferers owe their complete recovery to Mayr's Wonderful Remedy. Unlike any other for Stomach Ailments. For sale by J. E. Hood & Co., druggists, Kinston, N. C.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day. N. C. 123
