Wants to Put On Wrestling Match Here.

"Bumps" Turner, former A. & M. football player and native of Mecklenburg, who came to the State recently from Baltimore, was here on Monday evening with his manager, H. G. Moore of New Bern. They hope to stage a wrestling match here some night next week. Kinston is the only town in the eastern part of the State not to have had the wrestling fever so far. Turner and Moore say that the sport is accomplishing a lot of good. Youngsters go wild over it and flock to the professionals, neglecting everything immoral in their enthusiasm over the art which promises to become as popular in this country as in ancient Greece. Turner is a brother of the world middleweight champion, Joe Turner.

SEVERAL MONTHS ERE COUNTY CAN GET AGENT

Home Demonstration Worker Will Probably Be Located Here About September—To Work With School Authorities—Asst. Supt. Parrott Responsible for Employment

It will be September before Lenoir county gets the home demonstration work agent for which the County Commissioners and Education Board appropriated Monday. The Assistant Superintendent of Schools, Miss Hatlie Parrott, who was instrumental in securing the adoption of the work here, was informed by Miss Jane S. McKinnon, State Agent, last week that it would be impossible to provide an appropriation before then. Miss Parrott it was who had Mrs. Estelle Smith of Wayne county come here and convince the official boards that Lenoir county should have a worker in this department.

When the agent is installed here the expense will be divided between the government and the county. The former will provide \$600, and the commissioners \$400, and the Education Board \$200 for the first year's work.

Between 40 and 50 counties in the State have or will have home work demonstrators this year. The agent here will work with the county education authorities, through and in every rural school in the county.

(By the United Press) Chicago, June 6.—What political party will officially be handed the support of 4,000,000 women's votes in the eleven "free" states at the November national election?

This question, the most important in the Woman's Party convention, meeting here this week, was to be decided today by suffrage delegates when they assemble this afternoon at the Blackstone Theater.

The Woman's party expects to place this vote where it will do the most good in helping to bring about national equal suffrage.
