**Box Party.**

There will be a box party at Con-homa schoolhouse Friday night, September 8. All persons attending are requested to wear fancy dress costumes. Three prizes are offered—for the most original, the prettiest and the most ridiculous costumes. The proceeds will be used for the benefit of the school, of which Miss Nell Wooten is the teacher. The prizes, offered by Kinston merchants, are a pair of silk hose for the most attractive costume, a box of candy for the most comical and a pair of gloves for the most original.

**Good Music at Annual Meeting.**

A special feature of the annual meeting at The Kennedy Memorial home will be the music. Beginning at 10 in the morning a choir from the Thomasville Baptist orphanage will render a program for an hour. During the afternoon a choir from the various churches of Kinston will have charge of the music. There is to be a picnic dinner to which everybody is invited, those attending being requested to bring well-filled baskets. The orphans are to be the guests of the visitors that day, Tuesday, September 12.

**Colored Girl Riffed Mite Box.**

An "imported" colored maid, sent down by relatives of her employers from Greensboro, remained in the home of Mr. and Mrs. H. Stadium, at Gordon and Independent streets, about six days, quitting late in the past week after securing a number of articles, including a valuable scarfpin and a suitcase, from the house. Her star accomplishment was the robbery of a charity box tacked up in the kitchen. This box it is the habit of the family to fill during each year with coins, to turn over to a certain charitable agency. About \$300 was in the box. The girl, about 16 years of age, has not been seen since she left the house.

**FIVE MINUTES' CHANGE WOULD GIVE CONNECT'N AT GREENVILLE IN A. M.**

Judge Oliver Allen started to Wilson this morning via Greenville, to begin a term of Wilson County Superior Court, thinking to go to Greenville via A. C. L. and there take a Norfolk Southern train. The Judge, however, learned in the nick of time that the train he wanted to take at Greenville left that town five minutes before the time for the A. C. L. train's arrival. This he considers inconsistent and unfortunate for the traveling public. The matter was, he was compelled to remain should be remedied, he stated. As it here until 10 a. m., when he went by Goldsboro to Wilson. As it was, he was compelled to remain here until 10 a. m., when he went by Goldsboro to Wilson, due to arrive in time for beginning the term this afternoon. Had he gone to Greenville he would have had to lay over nearly all day, unless the morning train to Wilson had been late.

**A LOT OF FOLKS DO NOT EVEN KNOW THAT THIS IS LABOR DAY**

This is Labor Day, with no more attention being paid to the occasion here than if it were the Fourth of July, which is stating a plain truth. There may be a dozen or so persons in the city celebrating it. The nearest honest-to-goodness observance is at Beaufort, which small city is doing the day up quite nicely. A handful of folks went from Kinston to Beaufort and Norfolk for the day. The Police Court is suspended for the day, but then, there wasn't much need for holding a session, anyway. The police got about three drunks during the week-end and called it "quits." The most gratifying thing about this Labor Day the country over is that 7 a. m. found the railroads in operation. Congress circumvented the National strike late Saturday, and the tie-up order of the railway brotherhoods was annulled.

**JOHNSTON MOWERS**

Lead Them All

ONE satisfied customer recently wrote us as follows: "The six-foot Johnstone Mower I got of you last season has given entire satisfaction. I consider it a better and stronger machine than others."

Every Johnstone Mower is carefully tested before leaving the factory. The frame is set up with pitman, push-bar and cutter bar attached and run at a speed greatly in excess of what it would be run in actual field operation. If the wrist pin is going to heat it will heat during this test. Also, if gears do not mesh properly the fact is at once detected and the trouble corrected.
