Southeast of Kronstadt, the Roumanians have wrested the initiative from the Germans attempting the invasion. Fighting in the region of Vulcan Pass is becoming more violent. The battle around the bend of the Czerna river in Macedonia, between the Bulgars and Serbs is still doubtful as to the outcome.

N.P. PREDICTS GOVERNMENT OWNERSHIP TEN YEARS

Washington, Oct. 16.—Uncle Sam is going into the railroad business within the next decade, according to Benjamin C. Marsh, New York, executive secretary of the real pre-arrangement committee of the Intercollegiate Socialist Society, an organization backed morally and financially by Amos Pinchot.

"Every railroad in the United States—252,000 miles of them," said Mr. Marsh today, "will pass from private ownership within ten years to be operated in the interest of the public instead of the interests of privilege." "The railroad capitalists, being human, wish to get wine prices for rain water. It is our mission to squeeze all the water out of the roads before the government takes them over." Declaring ultimate government operation of all roads, inevitable, Mr. Marsh said "the real problem is to see that the properties are not unloaded on the public at more than their actual value."

GERM OF WAR MUST BE DESTROYED WHEN ALLIES QUIT FIELD

Can Be No Let-Up Until Germany Has Abandoned Militarism and Austria Ceases to Exist, Says Italian Leader

(By the United Press)
Rome, Oct. 16.—Austria must be destroyed as a State, and Germany deprived of every and all thought of dominating the world, before the war can end, Signor Bissolati, Socialist leader and soldier, and one of the most powerful figures in the Italian cabinet, today told the United Press. To consent to peace now would be an act of treason on the part of any of the Allies, he declared. "I am convinced that Lloyd-George's statement to the United Press and Premier Asquith's words to the House of Commons express the firm resolve of all the Allies. Peace must be real and lasting. The deadly germ of war must be destroyed."

BUSINESS MEN OF THE NATION ARE NOT PACK OF FOOLS, SAYS CREEL

By GEORGE CREEL, (Written for the Democratic National Committee)

As never before, the United States is prosperous. It is "loaded dice" business that Woodrow Wilson has hurt, not legitimate business. In view of facts, the cry that "business men are against Wilson" is tantamount to an accusation that the business men of the United States are a pack of fools. We weathered the crash of the European war without a panic such as cursed the country in 1903 and 1907. In the last three years, manufactured products have increased by \$9,400,000,000 and less than one per cent. of this vast total is furnished by munitions exports.

There are no more breadlines; there is no unemployment; agriculture has been given new life and industry is driving forward with a new and tremendous energy. The wealth of the nation has increased \$41,000,000,000 under Woodrow Wilson.

The answer is not to be found save in the financial, economic and industrial reform effected by the Man in the White House. He drove through the Federal Reserve bill that ended the selfish rule of Wall Street, and that in the face of Republican prophecies of "ruin and disaster."

This law has lifted the fear of panics; it has ended usury; it has permitted government funds for the movement of crops; it has made credit accessible to legitimate enterprise. The Rural Credits law is the Magna Charta for the farmer; the Clayton law took much of the hate out of industry; the Seamen's law has put American sailors back on the high seas; the Federal Trade Commission is waging a winning fight against extortion and monopoly; the tariff commission has taken a question of vital importance out of politics, and the child labor law, the eight hour day and the Workmen's Compensation has energized industry as well as humanized it.

NORTH CAROLINA HAS GIVEN MORE THAN TWENTY-FIVE THOUSAND DOLLARS FOR WILSON-MARSHALL FUND; ALL DEMOCRATS ASKED TO CONTRIBUTE

The Democratic National Campaign Committee of North Carolina has made its first report, showing that North Carolinians have contributed \$25,515.75 for the Wilson-Marshall fund, besides some sums which have not been reported by sub-committees. Forsyth county has contributed nearly twelve thousand dollars, heading the list. Lenoir county has advanced the rather conservative sum of \$90. The Democracy of the Nation is striving its level hardest to re-elect President Wilson and Vice-President Marshall. The Republican hosts boast of money unlimited. Much of their financial backing comes from sources concealed—special interests' donations. The rank and file of Democracy is giving for the party's cause—the greatest cause that a party ever had: the keeping of the Nation at peace, the furtherance of the National happiness and prosperity that have come under Wilson's administration. It is the "small fellow" who is being appealed to by the Democratic committee. He is asked to take an interest and give what he can. Every dollar helps; no one's donation is too small. The appeal is to every Democrat in America. The counties of the State have given as follows:

THINGS THAT NEVER HAPPEN

KITCHIN TO SPEAK TO DEMOCRATS HERE TUESDAY AFTERN'ON

Local Congressman Will Be Biggest Figure of Campaign In Lenoir County—East Kinston Hears Him at Night

Floor Leader Claude Kitchin will speak at the Courthouse Tuesday afternoon at 2 o'clock. He will speak at Sparrow's store in East Kinston, Tuesday night at 7:30. Mr. Kitchin's appearance here will bring Democrats flocking from every part of Lenoir county. He will be the most prominent figure to come here this campaign. Recently he buried a small-sized hatchet and the President is having no more conscientious champion now than the Second district's Representative. Congressman Kitchin is about as well-informed as any man in Congress. He is about the most-feared man in the South Atlantic States; the G. O. P. has its most formidable opponent in him, according to some opinions. Mr. Kitchin is a convincing speaker, splendidly equipped, and is popular in this county.

SOLDIERS HAVE FINE OPINION CAMP GLENN

Wouldn't Swap It For Whole State of Texas—Major-General Clement Calls Tarheels Minute-Men; Odious Comparison—Human Interest Staff From the Border

Excerpts from a personal letter from the same source as The Free Press' regular El Paso letters: "We" (the Second N. C. Infantry) "have started things going for a rep. The band played a concert for Maj. Gen. Clement, commanding the division" (North Carolina and Pennsylvania troops, about 3,000 and 15,000 respectively). "He made us a speech compared the Tarheels with the Minute-men. Why he should class us with those Massachusetts Yankees, of all people in the world, I can't get through me. However, he meant well. "Kenneth R— looked me up. He's cooking in Bat. B, 2nd Pa. Artillery I'd forgotten that fancy Beaufort county product. Speaking of cooks with their sergeant's pay and private's rating, they're some important ginks—just as much so as a marine stable sergeant. Took dinner with him today. They feed better than the average hotel. The Pennsylvanians are a swell-looking lot of men; but then, we are not ugly, come to think of it. "Sand storms; living in pups for a while; rattlers, prairie dogs, horned toads and 40 other nuisances—every Pa. company has a repulsive thing of some sort for a pet—made life miserable for us for a time. Now we like it better. Still, most of us would not swap Camp Glenn for the whole d-d State of Texas. "Sergt. Rufe has been disarranged—all the way to buck. Drunk. He'll come back, though, just as he has a hundred and odd times previously. Fred is making good. You remember, he was converted by one of your local preachers some time ago."

IRRIGATION MEN SEE TROOPS' WAR GAMES

El Paso, Texas, Oct. 16.—Delegates to the Twenty-third International Irrigation Congress today witnessed the special maneuvers of the 60,000 regular troops and national guardsmen who have been mobilized here since early summer. Delegates and visitors thronged streets and visited the camps of the soldiers.

CITY SELLS BONDS FOR PAR, INTEREST AND SMALL PREMIUM

Toledo Concern Agrees to Take Over About \$450,000 Worth Soon to Be Issued. Will Be In Two Classes, It Is Stated

City Council Saturday night completed a deal with Sidney Spitzer & Co., Toledo, O., bond brokers, whereby the Ohio firm will take the bonds to be issued by the municipality about the end of this year in exchange for par, accrued interest and a \$200 premium. The transaction was consummated through J. J. George of Cherryville, N. C., for the purchasers. The deal was in every way a satisfactory one for the city, say officials. The bonds will approximate \$450,000, to cover street, sewerage and lighting improvements. About \$250,000 will be in Special Assessment bonds, to run through ten years. This sum the individuals who shared the paving expense with the city will repay in ten annual installments. The other \$200,000 will be in Public Improvement bonds, to be redeemed in 10 years. Spitzer & Co. agreed to put up a guarantee check for \$5,000.

SHADOW LAWN HEARS BIG MEN LAUD THE PRESIDENT WITH JOY

More Such Statements as Came From Underwood and Lovett Expected—Summer White House a Castle of Optimism

By ROBERT J. BENDER, (United Press Staff Correspondent)

Long Branch, Oct. 16.—Statements by F. D. Underwood, president of the Erie Railroad, and Judge Lovett, chairman of the Board of the Union Pacific, endorsing President Wilson and disputing claims that the President acted with "political expediency" when he forced the passage of the Adamson eight-hour bill, were the best news that has struck Shadow Lawn in some days, the President's political lieutenants today declared. They anticipate similar action from other railroad magnates. Shadow Lawn is very optimistic these days.

FOUR KILLED WHEN CAR STRUCK AUTO

Oberlin, Ohio, Oct. 15.—John Hughes, Jr., wealthy stock breeder, his wife, one daughter and Mrs. George Hollingsworth, a neighbor, were killed and a second daughter severely injured this evening when an interurban car struck the automobile in which the party was crossing the car tracks in the front lawn of the Hughes country home. The engine of the automobile failed when the machine was on the track and a sharp curve prevented a view of the approaching car.
