Chamberlain & Braxton TWO DOORS SOUTH OF SKINNERS

SOME OF THE BIGGEST HOG RAISERS SAY IT CURES CHOLERA

AFTER YEARS OF TESTS, STATEMENTS OF USERS INDICATE HOG CHOLERA MAY SOON BE A THING OF THE PAST IN NORTH CAROLINA, TOO

This Remarkable Remedy and Preventive Increases Hog Weight Also. With the high price of pork the question of keeping hogs well and vigorous is important whether a man has one hog or five thousand, says M. V. Bridgers, who is now in this vicinity arranging for the distribution of Anti-Choleric Hog Remedy through local stores in each town and crossroads.

"Anti-Choleric speeds up a hog's digestion and helps him to get the good out of his food. It drives out worms and prevents constipation, and other hog ailments including cholera, swine plague, and fever," continued Mr. Bridgers, "and that is what makes a hog die, look dreamy-eyed and fail to grow."

"Anti-Choleric is not a new remedy. It is the result of ten years study and research work and was

perfected in 1912. The past five years it has been tested out on thousands of farms. Has proven an absolute cure and preventive of Cholera, worms, fever and swine plague according to the testimony of big hog raisers. It is used in Iowa, the greatest hog raising state in the Union, where ten million hogs are making the farmers there wealthy. It is used in Virginia by Virginia Ham people and in many parts of North Carolina many hog raisers buy Anti-Choleric year in and year out.

"If your hogs are stunted, not growing fast, are sick or of poor appearance, get a dollar, hundred dose package at your nearest store and see how wonderfully Anti-Choleric puts them back on their feet."

If your store hasn't stocked up yet, have them order some from the manufacturer.

Red Cross Bulletin

All ladies who are willing to knit sweaters, helmets, mufflers, wristlets and socks for the Red Cross will please communicate with Mrs. Tom Harvey, 707 North Queen Street.

The Red Cross work room will be open from 9 a. m. to 1 p. m. Friday, as usual. The room is located in the Pythian hall.

It is requested that all collectors of pennies for the Red Cross leave their collections at Barrett and Hartfield's store from this date on. The money should be put in envelopes, with the collector's name and the amount thereon.

DONT BE BALD.

Here's a Good Way to Stop Loss of Hair and Start New Growth.

If your hair is thinning out, lifeless, full of dandruff, and your head itches like mad, it's a sure sign of the dangerous dandruff germ, and quick action must be taken to save what hair you have and start a new growth. Don't wait until the hair root is dead, for then nothing can help you, but get from your druggist four ounces of Parisian sage—it don't cost much and there is nothing you could use that's any better. Dr. Sangerbund, the famous Paris specialist discovered that dandruff and falling hair are caused by a microbe—then came the discovery of the value of Parisian sage (liquid form) to destroy this germ, prevent falling hair and the formation of dandruff. A few massages with Parisian sage are all that are usually needed, and very soon you should be able to see the new hairs coming in. Parisian sage is women's favorite hair dressing, because it will not stain and makes the hair lustrous, soft and fluffy. Be sure you get Parisian sage (Giroux's), for this brand is guaranteed. J. E. TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES.

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parmitin (double strength), and add to it 1-4 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial. J. E. Hood & Co. can supply you. adv
