Buy Natural Iron If In Need of Tonic

Go to Drug Store and Get a Bottle of Concentrated Acid Iron Mineral.

Non-Alcoholic Natural Iron. Just plain, old-fashioned, natural iron, without a single drop of alcohol or laxative of any kind, has built weakened, run-down people up and brought the rich, red blood back for millions of people, and doctors all over the world have prescribed it. Just iron—it is iron that builds you up and puts the rose in the cheeks of women and makes heartier, stronger, more energetic men—just plain, medicinal iron, as Nature herself compounded it, then highly concentrated, tested and bottled under the name of Acid Iron Mineral.

Acid Iron Mineral is of course more economical than other prepared iron tonics, yet it is stronger, goes farther and contains no alcohol or laxative to derange or affect the system.

Iron Has Many Uses. Iron has many uses when highly concentrated as Acid Iron Mineral. A teaspoonful in a glass of drinking

THIS MEDICINE WOMEN VALUE

Positively Relieves the Suffering.

More Convincing Proof.

When Lydia E. Pinkham's Vegetable Compound was first introduced its curative powers were doubted and had to be proved. But the proof came, and gradually the use of it spread over the whole country. Now that hundreds of thousands of women have experienced the most beneficial effects from its use its value has become generally recognized and it is now the standard medicine for women's ills.

The following letter is only one of the thousands on our files. Dennison, Texas. — "I cannot feel that I have done my duty until I tell what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female troubles so I could hardly drag around and do my work. I was very nervous, and had dizzy spells, heat flashes, and headaches until life was a burden. My husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound and I soon began to improve. I continued its use and am now free from all pains and aches that made life a burden. You may use this letter in any way you like for I want the world to know what a grand medicine Lydia E. Pinkham's Vegetable Compound is." — Mrs. G. O. LOWERY, 911 S. Earrett Ave., Denison, Texas. Write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for free advice.

water makes a delightful, unusually invigorating tonic, blood medicine, appetizer and remedy for indigestion. It will not injure teeth, cause constipation or harm the most delicate stomach.

Used externally, it stops bleeding, acts as a healing agent, preventing soreness and festering. Is an antiseptic and germicide too, and old sores, pimples, sores on the scalp, etc., are quickly relieved without the use of anything else besides Acid Iron Mineral. People with sore, bleeding gums, dilute a tablespoon of Acid Iron Mineral in a glass of water and use it as a mouth wash exactly as dentists do to stop bleeding and prevent infection when extracting teeth.

A child with sore or wound; a cut in camp, at the shore, at home or abroad, needs nothing else. Just put enough on the cut to completely cover it and Acid Iron Mineral does the rest.

Acid Iron Mineral comes from the only medicinal iron mineral deposit of its kind in the world. Analysis proves it contains in addition to iron in three forms, calcium, sodium, potassium and free sulphuric acid. Ask your doctor if a combination of these elements hasn't wonderful value. No chemist has so far been able to duplicate Acid Iron Mineral, which like radium, is another of Nature's phenomena.

Most druggists have it in 50c and \$1 bottles. The lessors of the deposit, the Ferrodine Chemical Corp., of Roanoke, Va., will send a large bottle anywhere prepaid upon receipt of \$1.

Note: The iron having an astringent healing effect, to some seems to contain alum, but such is not the case. Whole families use it. No home should be without it. If being used for stomach, kidney, digestion or blood troubles, and the bowels are not regular, we recommend that you procure a 25c box of A. I. M. Liver Pills also. Acid Iron Mineral is sold by J. E. Hood & Co. and other good druggists. adv.

"Serve by Saving"

(From the Food Conservation Division of the Food Administration)

ARE YOU A SLACKER?

Have you pledged your daily service, Mrs. Housekeeper, in the great army of women fighting to save food?

Or are you a slacker? Have you neglected the appeal your country has made to you to "do your bit"?

If so, it is never too late to join the thousands of loyal women who have already signed the food pledge and are backing it up with faithful, daily service in their kitchens.

If you did not see the food pledge in the magazines or newspapers, or have not gotten one otherwise, send today to the Food Administration in Washington and get one. In signing it you are not pledging yourself to hardship or promising to sacrifice any extra time and labor. The pledge reads:

"I am glad to join you in the service of food conservation for our nation, and I hereby accept membership in the United States Food Administration, pledging myself to carry out the directions and advice of the Food Administration in my home, insofar as my circumstances permit."

So, you see, you are only pledging a general willingness to do all you find practical in your circumstances to help the country keep the Allies from starving by sending them beef, pork, dairy products and sugar.

But how are we going to spare these foods in such abundance from our home supply? Does it mean we must deprive ourselves of food?

No, indeed! The solution suggested by the Food Administration is to eat less of these and more of other foods of which we have an abundance. Also, to waste less of all foods.

Following out this program is made very simple by the new Home Card now being sent out by the Food Administration. If you do not already have one hanging in your kitchen, send to the Food Administration in Washington for one today. It has been issued because so many women understood, since the first home card was in the form of "Six Saves", that food conservation was a matter of hoarding.

This is not necessary, nor desirable, nor the intention of the Food Administration. As the new home card explicitly states, we can eat plenty, if we learn not to waste, and to substitute for the food we must ship to the Allies, other food we have in abundance, but which is unsuited for export. The new home card tells you simply and concisely how to do this.

STALLINGS PROMISES UNUSUAL ATTRACTION.

"The most astounding act, or, we might say, the most mystifying act, that has ever appeared in the City, will be presented at the Grand Theatre Thursday, Friday and Saturday." was the promise made by Harry Stallings, manager of the Grand, to theatregoers today. "The Lady From Egypt" will feature the bill each day of the last half of the week. "She knows all." Stallings says that. He also is responsible for this: "She sees all and tells all. In fact, she will tell your name and what you are thinking of. The Lady From Egypt has appeared in all the principal cities of the world and will answer any question on any subject during her engagement in this City."
