MONDAY EVENING, NOVEMBER 19, 1917.

Are you listed among the Y. M. C. A. contributors?

Your dollar may be the means of supplying some American boy with a warm cup of tea and a cheering word just as he is called upon to go "Over the top." Have you contributed?

The Russian Embassy at Washington is apt to find itself cut off from the pay roll, if extreme care is not exercised to maintain its neutrality until the clouds of uncertainty as to who's who lift in Petrograd and Moscow.

A little more "pep" seems to have been injected into the Italian resistance than von Mackensen expected. The steam roller has apparently struck another snag. Here's hoping that it will be overturned somewhere near the top of the Alps.

The western man is entitled to the thanks of the people in city and on farm for the delightful brand he has dealt out for the past few weeks. Not only can the city fellow's desire for the free ozone be gratified but the harvesting can be accomplished. Well enough is it, too, to pause to give thanks.

Premier Kerenyky evidently finds himself in a most awkward situation. He is a fugitive from the wrath of his enemies. His country is reported to be under control of the Bolsheviks and Siberia has recently elected the ex-Czar king. Germany holds out no welcome hands to Kerenyky. He probably will have to change his name and sail for America.

### CENSORSHIP SHOULD BE LIFTED.

The War Department has given out the news of the execution of an American soldier, who was convicted of a continental rape and murder. The bare announcement that summary punishment had been meted to the culprit has been made. It is intimated in the press dispatches from Washington that when General Pershing's detailed report arrives the full story will be given to the people.

By all means this should be done. The censorship should be lifted. The people have the right to know the name of this offender, who has besmirched the fair record of the Army. The good names of the other men must not be allowed to remain under the shadow of suspicion. The full story should be given to the public and to the world. Such emphasis and example should be made as will uphold the manhood of America and differentiate its character in the minds and esteem of the people of the world from that of the German brute. The War Department should not withhold this story.

### SO BE IT TO ALL SUCH BRUTES.

One of the first public utterances made by General Pershing when his expeditionary forces landed in France, was to give assurance that the American soldier is the protector and guardian of the home. He called on his men to uphold the standard of the past, to demonstrate to the defenseless women and children, whose husbands, brothers and fathers were in the fighting lines, that in them they could put their trust with confidence that protection would be given and honor maintained.

The American people endorsed General Pershing. They felt that his assurances were well founded and safe. They expected no report of the violation of women by an American soldier. They are shocked and chagrined at the word which comes now of the rape and murder of a French woman by an American soldier. They applaud the quick and severe punishment meted out to the culprit. So be it to all such brutes.

Kinston and Lenoir County must do better in the Y. M. C. A. campaign. It is no credit to the community that it fell short by more than fifty per cent. in the apportionment for this worthy cause. The county failed to come up to the mark in the Red Cross campaign last summer. Its response to the Liberty Loan Bond issue was more commendable. The returns from the Y. M. C. A. war fund has fallen far short. The people of the county must do their part. They must not permit Lenoir's record to trail with other counties are reporting over subscriptions. Now is the time to make a subscription!

How about Kinston's municipal wood yard? Unless the city undertakes to purchase wood and sell it at a price which the average wage earner can pay, untold hardship will be experienced here among the poor. Fuel cannot possibly be bought at the prevailing prices by many of the poorer people. Take for instance the wash-women: It will require the total amount received from one to two washes to purchase enough fuel for the work of the week, leaving nothing for meat and bread or labor.

Wonder whose ammunition the various Russian rebels, seeking control of their governmental affairs, are using?

## VINOL MAKES WEAK WOMEN STRONG

Positive—Convincing Proof. We publish the formula of Vinol to prove convincingly that it has the power to create strength.

Cod Liver and Beef Peptonates, Iron and Manganese Peptonates, Iron and Ammonium Citrate, Lime and Soda Glycerophosphates, Cascarin.

Any woman who buys a bottle of Vinol for a weak, run-down, nervous condition and finds after giving it a fair trial it did not help her, will have her money refunded.

You see, there is no guess work about Vinol. Its formula proves there is nothing like it for all weak, run-down, overworked, nervous men and women and for feeble old people and delicate children. Try it once and be convinced.

Sold in Kinston by J. E. Hood & Co., druggists, and at the best drug store in every town and city in the country. adv.

## LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You —Drink Lots of Water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it is no longer irritating, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease. adv.

## Slipper Time

That's the coziest time of the whole day for father. Slipper and pipe and a book—and the Perfection Oil Heater to keep the drafts away and add an extra touch of comfort. The Perfection is good-looking, sturdy, reliable, and inexpensive both to buy and to operate.

Now used in over 3,000,000 homes.

Fill it with Aladdin Security Oil, clean, clear-burning fuel. Eight hours of comfort from a gallon.

### Bad Year for Ticks; South Has Benefitted Largely This Season.

(By the United Press) Washington, Nov. 12.—Here are some of the reasons why December 1, 1917, will be a memorable day in the Southern States:

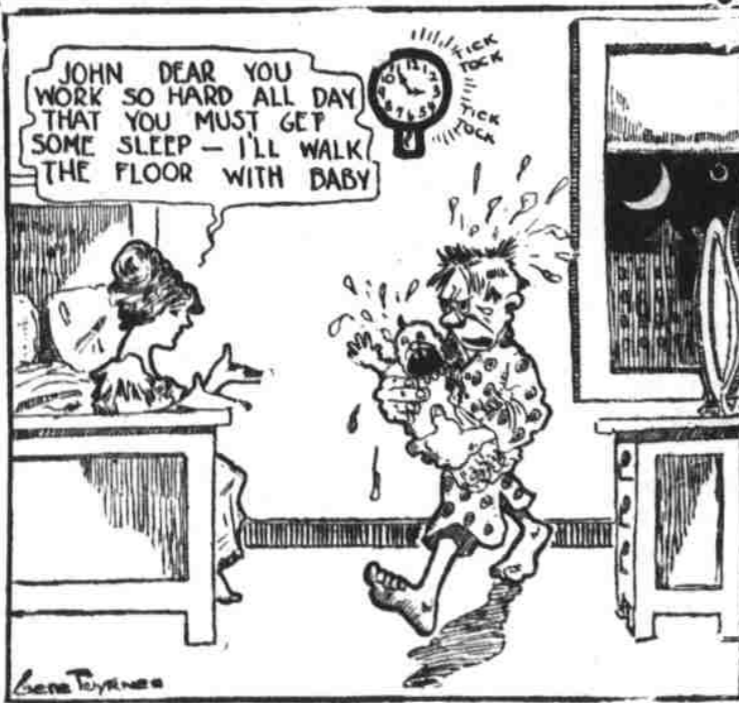

An area greater than ever before freed from Federal quarantine against the cattle fever tick will have been released between March and December.

A broad wedge of free territory will have been driven through the tick lines to the Gulf of Mexico.

More than half of the 728,565 square miles heavily infested in 1906 will have been pronounced clean.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROWN QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, Inc.
