"Something to Eat"

**DR. GEO. E. KORNEGAY** SPECIALIST  
In Diseases of Women and Children  
Office: 105 W. Caswell St. Office Hours 10 to 12.

**LOCAL INTEREST**

For North Carolina: Fair and warmer tonight. Friday fair; moderate Southwest winds.

**Pie Party.**

A pie party will be held at Lynwood School Saturday night, for the benefit of the school. The public is invited. Ice cream will also be sold.

**School Truck Useful.**

The bad roads in the vicinity of Grifton have not held up the transportation of children to and from school a single day. As at other places in Pitt County, a motor truck is being used, and with complete success.

**Had the Habit.**

Patrolman Frank Bursell reported a queer incident at the police station Thursday morning. He was standing on South Queen Street when the Courthouse bell rang, he said. Instantly an idler close by took to his heels and fled precipitately.

**Lacks Nerve.**

Northeast Kinston reports a would-be burglar who is easily frightened. He has appeared at dwellings in the dead hours but hasn't copped anything so far as known. Frightened off once, he made a record sprint over an icy street.

**Another Postponement.**

The Norfolk Southern Railroad's ice-damaged Albemarle Sound trestle may be reopened to traffic Friday, is the latest report. The bridge was to be reopened last Saturday, then Monday, Tuesday, Wednesday and Thursday in succession.

**Home Economics Lesson.**

The second lesson of the home economics and food conservation series being conducted by Miss Adna Edwards, home demonstration agent here, was to be given at the Grainger High School, Lenoir Avenue, Thursday afternoon at 3 o'clock. The subject was to be food selection.

**Peculiar Death.**

"Snow cream" is believed to have caused the death of Ephraim McClees, a farmer, in Pamlico County recently. A physician said the snow contained poison "drawn up" from the ground. After eating the stuff McClees' body was covered with carbuncles and boils, from which he died.

**Grand Jury Upholds Abernethy.**

The grand jury at a term of Superior Court at Greenville being presided over by Judge Oliver Allen of this city has reported to the bench that criticism of Solicitor Abernethy for being frequently absent from court was ill-founded. "He had a good and sufficient reason for being absent" and the State was ably represented when the prosecutor was away, the jury reported.

**Scouts' Commissions Here.**

Scoutmaster Alfred Cheney, leader of boy scout activities here, has received commissions from the National Government for the local scouts making them official dispatch bearers for the Government in war. The youngsters here and throughout the country will distribute patriotic literature to offset pro-German propaganda and perform such other duties as the President may exact of them.

**Jack Rountree's Fat Now.**

Relatives here have received a picture of Rev. Jack Rountree, who for some years past has sojourned in Arizona. The photograph shows Mr. Rountree to be developing along broad lines, literally. His health has been such as to increase his weight tremendously. His rotundity and rufescence leave him no less good-looking than he was when he left here. Mr. Rountree has a handsome pastorate in a place not far from Phoenix, capital of the Southwestern State. He has an automobile from his parishioners. "Jack"

**How's This?**

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine. Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh of the Mucous Surfaces, expelling the Poison from the Blood and healing the diseased portions. After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your condition. Send for testimonials free. S. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, Etc.

Rountree when he lived here was one of the most popular young men in Kinston. Practically everybody knew him, and all hands liked him.

**MOLASSES MUST NOT BE HOARDED; BARREL TO PERSON**

(Continued from page one) of the molasses.

There is reason to believe, thinks Mr. Rouse, that illicit distillers are using molasses and he wants it known that he is cooperating with the Internal Revenue Department to put a stop to any such use. Transportation companies will be called upon to account for the delivery of molasses in excess of one barrel at a time to consignees and the delivery of any quantity to fictitious purchasers will be regarded with suspicion and be reported to the Internal Revenue agents.

**Extraordinary State of Affairs.**

A novel situation is presented here as a result of the orders limiting purchases and holdings of flour and sugar.

Consumers are selling to merchants.

Business is very good, too. Many barrels of flour and many "surplus" pounds of sugar have been returned to groceries during the past 36 hours. The well-advertised fact that it is dangerous for a town resident to own more than half a barrel of flour or five pounds of sugar—country residents double those quantities—caused many persons to get level with the maximum. One man is said to have sold nearly \$100 worth of stuff—to his dealer!

Numerous families are rumored to have held several barrels of flour. Several came to light with all the way from five to 25 barrels, it is said, and one is reported to have had no less than 50 barrels. Dealers Thursday were not promiscuously bandying these "unfortunates" names about.

In all instances, so far as reported, compliance with the orders was in the most cheerful spirit possible. Lenoir County food "hoarders" are patriotic.

Reports to Food Administrator Rouse Thursday led him to believe there was no sugar or flour shortage here now. Oh, no.

Mr. Rouse, fuel administrator also, has diverted nearly a carload of coal to the Caswell Cotton Mills, which needed the fuel to operate. Families badly in need were supplied also.

**MRS BICKETT SAYS Y. W. C. A. KEEP FIRES ABLAZE.**

(Continued from page one)

The meeting was adjourned with the benediction and an earnest prayer by the Rev. John H. Griffith.

This morning at 10:30 the various canvassing committees met at the Christian Church and arranged for the canvass for funds, assigning territory, etc. The canvass is to be completed by Saturday. The same work will be taken into the rural districts by rural preachers and teachers and the war work fund will no doubt be helped from that source.

**Work Shoes For Men School Shoes For Children**

Our immense stock of shoes affords a selection of all styles, weights and materials. Our shoes have always had a high standard of quality. Prices too, we make satisfactory. This weather is destructive to shoes, and we advise you to see us about the next pair.

"We Also Do Plumbing"

**Every Desirable Style In Iron Beds Is Included In a Carload We Received This Week**

About 200 excellent quality iron beds and National sagless springs offer an unlimited choice in style, size and price. We bought these beds in September, but due to unavoidable delays they have just arrived. Naturally the prices are lower than the present market prices, and there is no doubt that we can give you better beds for the money than you can get elsewhere.

**Cuttingers**

**Carton Stalk Cutter**

The Carton Stalk Cutter is a simple and extra strong stalk cutter, an absolute necessity on all corn farms, and will pay for itself in time saved in a short time.

The carton stalk cutter has a cushion spring on the hitch which absorbs all jarring between the farm and the implement, and also makes it much easier for the driver. The hitch is on the center frame, giving a low direct pull, lightening the load, and reducing the strain of back work. Cylinder bears heavy shoulders for blades to rest against, and they cannot work loose. The drag books rake the stalks in line, and keep the stalks with a downward stroke. A steel hood and foot platform protect the driver. The stalk does not pass through the cylinder, and trash cannot enter the machine.

**H. E. MOSELEY HARDWARE CO.**
