In time of kidney danger, Doan's Kidney Pills are most effective.

Plenty of Kinston evidence of their worth.

Mrs. S. A. Simmons, 504 N. Heritage St., Kinston, says: "My kidneys troubled me and I suffered from dull pains in my back. I got a box of Doan's Kidney Pills from the E. B. Marston Drug Co. and they benefited me very much. I don't suffer any more from backaches and can rest much better nights. My kidneys are normal and better in every way."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Simmons had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. adv.

Vox Populi

FIXING UP THE ROADS.

Editor Free Press;

Dear Sir:—

I am surprised that Superintendent [illegible], the county road doctor, in The Free Press of January 31 admits he has laid down on his job.

Says he can't do anything in bad weather. He does not deny that the split log drags were burned to keep the convict glee club warm, but implies that they are water logged and could not be pulled out of a road.

As the road doctor has never used a split-log drag on a muddy road, and so far as I can learn on any kind of a road, I don't think he is qualified to say what they would do or would not do.

A split log drag on muddy roads pushes the sloppy mud to the center of the road and fills all the ruts and foot tracks with mud. This mud being heavier than water forces the water out of the ruts and holes and this water runs off to the sides of the road.

So a split log drag rounds up the roads and fills the holes with mud (grouts the road), leaving a rounded smooth surface to the road, thus doing away with the necessity of scraping the roads in dry weather.

There are about 21 mules at the stockade. Four mules could pull a split log drag over any muddy road, making four trips or dragging five miles of road a day per team or 30 miles of muddy road every day for all the six teams of four to each drag.

In this way every improved highway in the county could be dragged about twice each week.

At the same time have the convicts fix the worse places by poling if necessary, or better, draining them.

For Catarrhal Deafness and Head Noises

Here in America there is much suffering from catarrh and head noises. American people would do well to consider the method employed by the English to combat this insidious disease. Everyone knows how [illegible] affects those suffering from catarrh. In England they treat catarrhal deafness and head noises as a constitutional disease and use an internal remedy for it that is really very efficacious.

Sufferers who could scarcely hear have had their hearing restored [illegible] treatment to such an extent that the tick of a watch was plainly audible seven and eight inches away from either ear.

Therefore, if you know someone who is troubled with catarrh [illegible] deafness or head noises, [illegible] form [illegible] and hand it to them [illegible] have been the means [illegible] poor sufferer [illegible] total deafness. The prescription can be easily prepared at home [illegible] few cents and is made as follows: [illegible]

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
