DOCTORS FAILED TO HELP

But Lydia E. Pinkham's Vegetable Compound Removed the Cause of this Woman's Illness.

Worcester, Mass.—"I took Lydia E. Pinkham's Vegetable Compound for a weakness and pain which used to keep me in bed for two days each month. I tried many doctors without benefit until I was really discouraged. My mother urged me to take Lydia E. Pinkham's Vegetable Compound as it had helped her so much. I did so and soon saw a change for the better. I kept on taking it and am now so well and strong that I can do all my housework, even my washing and I have a little baby who is as healthy as I could ask—thanks to your Vegetable Compound."—Mrs. F. H. STONE, 24 Bowdoin St., Worcester, Mass.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, headaches and nervousness should lose no time in giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

Local Women Patent Knitting Ring.

Mrs. Heber H. McCoy and Miss Leah Oettinger of this city have patented a knitting ring, according to Fairbrother's "Everything" (Greensboro), which bids fair to become popular with Red Cross workers throughout the country. Mrs. McCoy "discovered" the ring. Miss Oettinger's brother, Mr. Eli Oettinger of Greensboro, has contracted

with one of the largest jewelry manufacturing concerns in the country to put the ring on the market. Mrs. McCoy and Miss Oettinger will draw a royalty. The ring facilitates knitting and will result in many more garments being made for the soldiers and sailors. It will be manufactured so as to be ornamental as well as useful. It will be put out in designs of gold and silver as well as in cheaper materials.

Measurements for Sweaters. Mrs. Tom Harvey, who attends to such matters for the local chapter of the Red Cross, announces the measurements for knitted sweaters as follows: Chest, 19 inches; 23 inches from beginning to neck; 18-inch arm holes, with neck large enough for man wearing a No. 8 hat. Red Cross knitters are requested to knit accordingly.

Certain-teed Roofing. The most efficient roof for factories, warehouses, office buildings, hotels, stores, garages, barns, out-buildings, etc. Made in shingle form for residences. Certain-teed is weather-proof, clean, sanitary and fire-retarding. It is not affected by fumes or gases, and does not rust or corrode. Neither does it melt under the hot sun. Because it is lighter than other types of roofs, it requires less to support it. Certain-teed is economical. Its first cost is low. It is inexpensive to lay, and it costs practically nothing to maintain. Guaranteed 5, 10 or 15 years, according to thickness. There are many roll roofings, but there is only one Certain-teed. Remember the name by its meaning—Certainty of quality and Guaranteed satisfaction. For sale by best dealers, everywhere. Certain-teed Products Corporation. Manufacturers of Certain-teed Roofing—Paints—Varnishes. Offices and Warehouses in Principal Cities in America.
