### BIG WORK BEING DONE BY LOCAL RED CROSS.

(Continued from page one)  
 ers under the flag of the American Red Cross have gone about their allotted tasks at the battle front, regardless of the personal risk involved. These workers of the Red Cross are measuring fully up to the high standards set by American womanhood in all crises of the Nation's history. Thought of danger never has prevented the American woman from doing her full part in war, nor ever will.

### Humanitarian Work Abroad and at Home.

"It is impossible to overestimate the value from a humanitarian standpoint of the work being done by the representatives of the Red Cross abroad or the inspiration they are to our own men and the men of our Allies who are bearing the burden of this great battle for civilization. So long as men remain to tell the tale the name of the American Red Cross will be blessed in France and Great Britain, in Italy and Russia, in Belgium and Serbia and Rumania.

"Less spectacular but none the less important is the work being done by workers of the Red Cross and its sustainers in this country. It is because of the magnificent support which the organization receives from the people of the United States that its workers at the front are able to do so much. It detracts nothing from the part American men are playing in promoting its interests to say that the Red Cross is essentially a woman's institution, for woman is its inspiration.

"All honor to those who bear aloft its banner in other lands! All honor to those at home who by giving of their money and their time and their services make possible the great work those others are doing!"

**Catarhal Deafness Cannot Be Cured**  
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. **Catarhal Deafness** is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarh, which is an inflamed condition of the mucous surface. Hall's Catarhal Medicine acts through the blood on the mucous surface of the system.  
 We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarhal Medicine. Circulars free. All Druggists. 75c.

Civilis-Thigpen. Miss Ada Thigpen and Mr. Tullie Civilis were married Sunday afternoon at 2:30 o'clock at the residence of Mr. R. M. Tyndall, Railroad Street. Rev. Bernard P. Smith, pastor of Gordon Street Christian Church, officiated. Mrs. Civilis is an attractive young woman of Dover. The couple left for Havelock, where they will reside.

Miss Conway Marries. Miss Margaret Conway of Richmond, young daughter of Mr. Thomas Conway of this city, and Lieut. A. E. Finch, U. S. Engineers, were married at Washington, D. C., last Thursday. The bride's father has learned but few of the particulars yet, save that the wedding was a quiet affair, that the bridegroom is stationed near Washington and claims that city for his home, and that the couple are residing at the capital temporarily. Lieut. Finch is understood to be in line for early promotion to the rank of first lieutenant. Mrs. Finch visited here a couple of years ago. She is an interesting and talented young woman. She is a singer of no small ability.
