SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the jammed-up body waste, bile and toxins. Most folks resort to "violent calomel," which is a dangerous salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bowels.

Every man and woman, sick or well, should drink each morning before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

A. E. I. O. U.

By Kenneth L. Roberts.

Over four and a quarter centuries ago Frederick III., Holy Roman Emperor and fifth Duke of Austria, originated the phrase "Austria Est Imperare Orbi Universo," or "It is Austria's destiny to rule the entire world," and adopted the initials of the Latin words as his favorite device. Subsequent rulers of Austria have continued to have the initials A. E. I. O. U. engraved on their toilet articles, note paper, and cigarette cases in token of the high estate to which Austria some day expects to rise. If Frederick III. had been a good English scholar, however, and had been given the opportunity to observe the gay and carefree manner in which Germany is preparing to swallow the dual monarchy, he would have interpreted the letters A. E. I. O. U. by the words Austria Ends in Overwhelming Upset and eliminated all the nonsense about imperating the orbi.

More Physicians Are Urgently Needed; 20 Per Cent. State's In

(Special to The Free Press)

Raleigh, May 4.—North Carolina is called upon for 100 physicians for the Medical Reserve Corps at once. Surgeon-General Gorgas of the army is asking for 5,000 additional physicians, and Surgeon-General Braisted of the navy for an additional 2,000. The list of men in the Medical Reserve Corps has been practically exhausted.

North Carolina has so far supplied about 400 doctors for the military service.

While the State has enlisted in this service virtually 20 per cent. of its physicians, the new call is expected to meet with a ready response.

Maj. J. W. Long of Greensboro has charge of this work in the State, and applications may be made to him.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Fly the Flag of Service

By BILLY SUNDAY
(Famous Evangelist)

(Copyright, 1917, by The Bell Syndicate, Inc.)

THE Service Flags are flying, wherever you take a slant, all over the Nation—those Red Ensigns, with the White Field, and the Blue Stars inside.

Every Star means that some Game Guy is doing his bit. Every Star means a Wallop on the Beezer for old Bill Hohenzollern.

There are a Couple of Million such Stars to be seen around the U. S. A. Just now, but they are Small Punkins compared with the Flock of Stars Kaiser Bill will see Dancing Around in front of his Lamps when this Bunch of Ours really Gets at him.

He's Booked to Learn the Wisdom of the Old Saying about Never Starting Anything that you can't Go All the Way Through with.

Are you flying a Service Flag? Maybe not. Not everybody has the Proud Privilege of Getting into the Big Scrap himself, or having Brother Jim and Son Tom in it.

But you can All do what a Patriotic Party told me the other day he was Pulling.

"Bill," says he, "Father Time has Got Me so I can't get to That Front myself. And I haven't any Kith or Kin to carry the old Family Moniker through the Greatest Show of All. But I Bought one of those Service Flags for myself, and I'm doing what I can to Earn the Right to keep it Hanging in the Room."

"I Bought Liberty Bonds. That counted for One Star.

"I Slipped some Dough to the Red Cross. That gave me Star No. 2.

"I got on the Water Wagon, which was Going Some for me, and posted the Third Star on the Flag.

"I Joined up with a Society that Looks After the Old Folks some of the Lads Left Behind, and see they're not Shy on the Rent or the Eats.

"So, I've got Four Stars on my Private Flag now, and I'm Snooping Around to get a couple more to make it a Round Half Dozen. If I only knew How, maybe I'd knit a Sweater."

I'm FOR that fellow, with Three Long Cheers. He's entitled to Fly the Flag, I think, if anybody is. And he's Grabbing more Real Fun out of this Little Game of his than an Orphan at a Circus.

Give the Scheme a Try. Spend your Wad at a Benefit Concert instead of in a Gin-mill.

Chip in for what the Boys in Khaki need, whether it's Sporting Goods or Warm Scenery for the Cold Days.

Take a Soldier into your home on Thanksgiving, and Stick his legs under the Mahogany for the Turkey Eats.

Get a little Flag of your Own and put a Lot of Stars on it! (17)

DOUBTS IF SHE'D HAVE LIVED TODAY.

Were It Not for Mantone—Well Known Lady Gained Wonderfully On It.

"Were it not for Mantone I feel that I could not have lived much longer," writes Mrs. Elizabeth Riggsbee, church worker, member of the Daughters of the Confederacy and well known lady of this State. Her home is in Bynum.

Before taking Mantone Mrs. Riggsbee suffered terribly for 16 months. "My blood was poisoned with impurities, I had complication of liver, kidney and nerve trouble, also a severe case of intestinal indigestion. My sleep was broken and did not rest me. I fell off in weight from 212 to 142 pounds. I had headaches, backaches and high blood pressure. My hands and arms were numb. I was dizzy, my tongue was coated and I was unseated.

"I learned what Mantone did for a friend and took the full treatment. Headaches and backaches have left me, my digestion is better, numbness has disappeared, my nerves are stronger and I sleep well. I never before praised any medicine but Mantone has done all this for me and I thankfully offer my story for the benefit of others who surer and whom I am sure Mantone will help."

Mantone—"Makes You Feel Good All Over;" is sold by J. E. Hood & Co., J. H. Newborn & Co., E. B. Marston Drug Co., Hudson's Drug Store.

FLORENCE

OIL COOK-STOVES

SAVE COAL

COOK THE FOOD, NOT YOURSELF

WOULD you rather build a fire in a stove these sultry summer mornings, and cook, bake and iron in the sweltering heat? Or turn a lever, light a match, and instantly get a clean hot flame just where you want it, all without dirt, ashes, or mess?

That's the comfortable, economical, modern Florence way. It's the simple, sensible, thrifty war-way.
Step in. Let us show you the way this safe stove burns kerosene, the cheap and plentiful fuel. The intense flame is right under the pan, kettle, pot and oven. No wasted heat. No wick. Built to last. A guarantee with every stove.
A five-minute demonstration and you're won. Come in as soon as you can. "Look for the Lever."
