MONDAY EVENING, MAY 12, 1919.

Chautauqua comes next!

Whale milk?—No thank you!

The Gentleman from Winston-Salem will please take notice that Lenoir County went over the top.

The seven joyous days which start June eleven, should be decidedly the most joyous for the past several years.

Really if the Victory Loan campaign is the last, what will the average good citizen who has been putting nine-tenths of his valuable time in war drives for the past two years do?

President Wilson has been asked to reply to the Germans regarding any point that may be raised in reference to his famous 14 varieties.—Therein the big three (or four) displayed good judgment.

The American people are determined that the casualty list shall become a permanent feature of the day's news.—Just as the peace terms are about to be signed bringing the European war to an end, the announcement comes that the Indianapolis speedway is to be reopened.

Automobile owners who have been dodging their taxes are given notice by the Highway Commission that they'll have to come across or stand the consequences. In fact North Carolina has served notice on all citizens that they must come clean with their taxes or help build roads with pick and shovel.

### SECRETARY DANIELS' SUGGESTION.

The suggestion of Secretary Josephus Daniels for disposing of the surrendered German fleet, appeals to The Free Press as being a most sensible riddance of what will certainly become a thorn in the flesh of peace and

harmony if any distribution among the Allies is attempted.

At the first suggestion of sinking the fleet, The Free Press demurred. At first glance it appeared to be a wanton waste of valuable machinery and equipment. The Free Press had the idea that the suggestion contemplated scuttling the ships, or in other words taking them out "behind the house" and sending them to the bottom. Secretary Daniels suggests that they be sunk with due formality, having flags unfurled and music going. Certainly an object lesson would be taught thereby.

Ordinance experts state that the ships could not be adjusted to conform to the units of any of the other nations and therefore their usefulness, even if distributed, to England, France, The United States or other of the Allied powers would be negligible as compared with the risk of discord and disruption that might accompany such a distribution.

### AMERICA WILL FINISH THE JOB.

Lenoir County is over the top! Another great response has been made to the call of the Government and Lenoir completes her war record with flying colors.

Congratulations to Chairman Robert H. Rouse and those who so ably assisted him in achieving what to the most optimistic was almost an impossible task.

Congratulations to Mrs. J. A. Long, state chairman; Mrs. R. E. Copeland, county chairman and others of the woman's committee that worked so faithfully and earnestly in arousing the patriotism and securing subscriptions.

Lenoir County did not start off auspiciously in the Victory Loan campaign. The organization of the committees was not effected until the drive was on throughout the country. Lieutenant Rouse, who saw active service for seventeen months in Europe, only took the chairmanship at the eleventh hour and he faced a work that from the very outset was not the most promising of success.

The Free Press would be remiss if it did not direct attention to the fine spirit that characterized the response of the good people of this county. Not that everybody in the county responded.—Not at all. Neither did all respond to their ability. In fact the success was made possible by the response of the few and not of the majority. But that is always the case. The select few put things worth while over the top. It is to those of that class, more numerous to be sure in Lenoir than in the average county, that The Free Press would pay tribute.

Lenoir has done a noble thing. She has proven that she is no quitter, that she believes in finishing the job. The country at large has likewise so proven. The American people have shown to the world that they were made of the proper stuff and that they believed in paying the bill although the music had ceased. They have achieved a success that will go down in history to their credit and that will be an honorable heritage to their children.

Anyhow we hadn't given much credence to the report that Mr. Wilson had yielded to the Italian demands.

## AFTER SUFFERING A WHOLE YEAR

### Mrs. King Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Iola, Kansas.—"I was a constant sufferer from female trouble for about a year. I had pains in back and stomach, in fact all over me, and was all run down. A friend of mine was cured of the same trouble by Lydia E. Pinkham's Vegetable Compound. I took it and it gave me health and strength and made a new woman of me. I cannot praise your Vegetable Compound too highly, and you may publish my testimonial as it may be the means of helping some other suffering woman."—Mrs. IRENE KING, 105 West Campbell Street, Iola, Kansas.

### HEAD SALESMAN SPENT HUNDREDS

#### Burton Suffered Twenty Years Before Finding the Right Medicine—Tanlac Soon Relieved His Troubles.

B. E. Burton, head salesman in the wholesale fruit and vegetable department at Lutey Bros., Butte, Mont., and living at 602 South Montana St., recently said:

"A few bottles of Tanlac fixed me up after I had spent almost every dollar I earned in the last twenty years trying to get relief from my awful rheumatism. My shoulders, knees and ankles ached so at times that I hardly had any use of myself. I was laid up in bed for six long months, and when I got up again I had to go about on crutches for three months. My appetite left me, I was constipated and suffered from awful headaches. I would wake up six or seven times during the night racked with pain. I couldn't raise my arms as high as my shoulders and was unable to put on my coat, and my knees were so stiff I could hardly walk.

"I hadn't finished my first bottle of Tanlac before the stiffness began to leave my joints, and now I never suffer a bit of pain or inconvenience. My second bottle gave me a big appetite, that constipation is relieved, I never suffer a bit of pain or have a headache and I sleep like a log all night."

# Indigestion, Gas and Bloat From Acid-Stomach

An acid-stomach cannot digest food properly. Instead, the food sours and ferments and, passing into the intestines, becomes a breeding place for countless millions of deadly germs—toxic poisons they are called. These poisons are absorbed into the system and cause untold misery. So, you see, it is just acid-stomach, nothing else—that makes so many people weak, listless and unfit; saps their strength and energy; robs them of their vigor and vitality. Biliousness, bad liver, nervousness, blinding, spitting headaches, rheumatism, lumbago, sciatica—these and many other still more serious ailments often are traced to the common source—an acid-stomach. Take EATONIC and get rid quickly of the pains of indigestion, heartburn, that horrible, lumpy, bloated feeling after eating; disgusting, belching, food-repeating, sour, gassy stomach. These stomach miseries are caused by what doctors call "Hypersacidity." It's just ACID-STOMACH. And in addition to the pains and miseries it causes, ACID-STOMACH is the starter of a long train of ailments that most people never dreamed are in any way connected with the stomach. Pleasant tasting EATONIC TABLETS that you eat like a bit of candy, quickly put an end to your stomach troubles. They act as an absorbent—literally wipe up the excess hurtful acid and make the stomach pure, sweet and strong. Help digestion so that you get all the power and energy from your food. You cannot be well without it! If you are one of those who have "tried everything" but in spite of it still suffer all kinds of acid-stomach miseries—if you lack physical and mental strength and vigor—begin at once to take EATONIC. Get back your physical and mental punch and enjoy the good things of life. Like thousands of others you will say you never dreamed that such amazingly quick relief and such a remarkable improvement in your general health was possible. Your druggist has EATONIC.
