WEDNESDAY EVENING, JUNE 4, 1919.

For the kind attention and information of Senator Poindexter and other Wilson vilifiers the news from the peace conference indicates that England and not America is leading in the fight to modify some of the terms imposed upon Germany.

A regiment of newly equipped Carranza troops joined the Villa forces, says a news report.—Just bearing out the surmise in these columns a day or so ago in which it was suggested that Villa benefitted from American munitions when the ban was lifted.

We are glad to note that the repeal of the daylight savings law is not to have such easy sailing after all. Certainly the interests and welfare of the millions of urban people who are benefitted by the extra hour of daylight from the workshop are worthy of thoughtful consideration. The repeal should be thoroughly discussed and not simply tacked on as a rider to some other bill.

Certainly there has been no stint to the honor shown Serg't Alvin C. York, Tennessee hero of the war who has been proclaimed the most distinguished soldier of all time by his comrades and higher ups. The men who have gone across the seas and thrown themselves unreservedly into the fight for freedom and country deserve such recognition as has been accorded the Tennessean. Nothing is too good for the boys. Nobody who has a heart hung in the right place begrudges the many courtesies shown Serg't York or any of the other heroes who have come back.

## PLENTY OF TIME LEFT.

Every American would take pride in a return trip by the NC-4 but the part of wisdom and safety approves the decision not to attempt the flight at this time. The United States Navy's attempt to send its seaplanes across the Atlantic was not to win any contest but for scientific purposes. We have the word of Secretary Daniels to that effect. The object of the expedition has been accomplished. Much valuable information has been gained through the experience of Commander Read and his crew. Time will be required to properly study and digest the data compiled by them. There is plenty of time for further experiments in ocean flying. All of the honor should not go to one set of navigators.—And will not. While it would add to the credit of the NC-4 to fly back, the chances of her success for so doing are against her and she would mar to some extent the effect so far as the public plaudits go her great achievement should she fail on the return. The average sane thinker will approve the plan to ship the famous plane home by transport.

## PREVENTING, TYPHOID FEVER.

"Be vaccinated against typhoid fever!" is the slogan of the Health Department just now.—And it is one that should be heeded by every citizen of the county, who hasn't been inoculated with the anti-serum within the past three years. Vaccination is as certain a preventive from typhoid as it is from smallpox. That is a proven fact. No longer are medical authorities experimenting to find out if typhoid is preventable. They know that it is beyond a shadow of doubt. By the observance of better sanitary rules and vaccination Lenoir's typhoid cases were reduced in 1918 almost to a nonentity. By further practice of these precautions there should be absolutely no case of this scourge here this year.

## PRIDE AND APPRECIATION.

City council and the county commissioners did well to appropriate for the entertainment and honor of the Lenoir County boys who fought in the great world war. There may be some who think the money could be better utilized and who are inclined to criticize council for its action, but The Free Press is inclined to think that they are few. It is certainly to be hoped that the vast majority of citizens of this good county are conscious of the great services that has been rendered and that they will not only join in approving such appropriations as have been made by city and county authorities, but will feel the responsibility of lending unstinted support to the occasion which is planned for July 4th in honor of the returned heroes. It ought to be, and The Free Press believes it is, a source of pride to the citizens of this county that plans are on foot to show the community's appreciation for the valiant deeds of its sons. There should be a friendly but zealous rivalry in welcoming the boys and making them feel the appreciation that wells in the hearts of their friends here at home.

## HAD SUFFERED FOR 30 YEARS, HE SAID

Denver Man Declares Tanlac Helped Him More Than Any Other Medicine He Has Ever Taken.

"Ever since I took that course of Tanlac I have felt better and stronger than I have in many years and it has done more for me than anything else I have ever taken," said J. W. Patterson, of 1359 Thirteenth Street, Denver, Colo. "For thirty years," he continued, "I suffered from catarrh of the nose and throat, and although I was operated on by a New York specialist at great expense I got only temporary relief. I just couldn't rest at all well at night and would get up in the mornings almost choking with mucous which nauseated me so I would often have to vomit. My stomach became affected so that everything I would eat soured and bloated me up with gas as tight as a drum. I was bilious too, had terrible headaches and suffered something awful. "I tried everything I could hear of but nothing helped me till I began taking Tanlac. It has relieved me of gas and every sign of indigestion and my stomach is in better condition than it has been in years. Tanlac has helped my catarrh wonderfully. It has calmed my nerves so I can get refreshing sleep at night and I am not troubled with that mucous or nausea any more." Sold by leading druggists everywhere.

Please call and try it. J. E. Hood & Co., Kinston, N. C.

## NOTICE OF RECORDER'S COURT ELECTION.

Whereas, under the law, it is provided that any Board of Aldermen of cities of the size of the City of Kinston, N. C., may call an election to determine whether or not a Recorder's Court shall be established for said City.

And whereas the Board of Aldermen of the City of Kinston, N. C., did in regular adjourned meeting assembled on the 12th day of May, 1919 call such an election, and Whereas it is further provided by the laws that a notice of said election shall be given for thirty days prior thereto;

And whereas it is provided that there shall be five balloting places, one in each ward in said city;

Now therefore notice is hereby given that on the 17th day of June, 1919, an election will be held for the City of Kinston, N. C., for the purpose of determining whether a Recorder's Court shall be established.

Notice is further given that the balloting places at said election shall be at Frank Brown's store in the First Ward, at the Farmers' Warehouse in the Second Ward, at the Courthouse in the Third Ward, at W. C. Sutton's store in the Fourth Ward, and at I. J. Sparrow's store in the Fifth Ward.

All citizens qualified to vote in the past City Election will not have to re-register. All others must register within the next twenty days in their respective wards.

This 12th day of May, 1919.  
 FRED. I. SUTTON,  
 Mayor of the City of Kinston, N. C.  
 Attest W. B. Coleman, City Clerk.  
 Dly 5-17 to 6-17 adv.

## SURE RELIEF FOR ALL RHEUMATICS

If So Crippled You Can't Use Arms or Legs, Rheuma Will Help You.

If you want relief in two days, swift, certain, gratifying relief, take a small dose of Rheuma once a day. If you want to dissolve every particle of uric acid poison in your body and drive it out through the natural channels so that you will be free from rheumatism, get a bottle of Rheuma from J. E. Hood & Co. or any druggist at once. It must give you joyful relief expected or money refunded. Rheumatism is a powerful disease strongly entrenched in joints and muscles. In order to conquer it a powerful enemy must be sent against it. Rheuma is the enemy of Rheumatism—an enemy that conquers it in nearly every instance. Judge John Barhorst, of Ft. Loramie, Ohio, knows it. He was walking with crutches, today he is well. It should do as much for you as it seldom fails.
