McCARVEN'S FATAL BLOW

Murphy Wins Out in Battle For Control

JUSTICE KELLY DECIDES CASE.

Elections Held in Future Will Be Dominated Over By Murphy-Coler Men—Means McCarven's Political Death and That He Will Control No Longer.

New York, July 11.—Justice Kelly, of the supreme court in Brooklyn, today, wiped state Senator Patrick Henry McCarven out of politics by denying a mandamus to compel the board of elections to appoint McCarven's men as election inspectors, poll clerks and other officials.

This means the political death of McCarven and that he will no longer control in Brooklyn, through election officials or city patronage.

Murphy has been fighting McCarven in the city and state for two years, but never has been able to completely overthrow the Brooklyn leader until now.

At the September primaries and November city, state and national elections, all officials at the polls will be Murphy-Coler men.

SNAKE INDIANS ON WARPATH.

Drive Oklahoma Sheriffs from Camp With Message of Defiance.

By Wire to The Sun. Muskogee, Okla., July 11.—The sheriffs of McIntosh and Okmulgee counties went to the Old Hickory grounds, near Henrietta, today, to investigate the uprising of Snake Indians, but were driven away from the camp by 30 armed Indians and negroes. Crazy Snake delivered a message, defying the laws of the state and the United States government, declaring they have no authority over the Indians.

The officers got into communication with Guthrie, and it is probable that state troops will be sent to disperse the malcontents. Crazy Snake is the leader of several hundred uncivilized Indians.

RALEIGH SOCIETY.

Notes of Interest Transpiring in the Capital City.

Special to The Sun. Raleigh, N. C., July 11.—A party of young people chaperoned by Mrs. James H. Pou, spent the week most delightfully camping at the Dr. Rogers bungalow near Milburnie, six miles from Raleigh. Fishing and rowing were among the chief features of entertainment, that with a jolly good time generally "roughing it." In the party were Miss Edith Pou, Miss Lizzie Rogers, Miss Nannie Hay, Miss Juliette rews, Miss Annie Era Pou, and Messrs Jessie Primrose, Hugh Thompson, Jno. Cole, Burke Haywood, J. S. Mason, Jno. Bushall, J. Y. Joyner, Jr., Dr. L. J. Pegrum and Mrs. Pou as chaperone.

The Raleigh Sunshiners are making abundant preparation for their annual outing, more than one hundred strong at Beaufort. They met several times with their chaperone, Mrs. Chas. H. Gattis and their director, Col. F. A. Olds, the past week perfecting their arrangements for the trip. They are to start Tuesday morning and be away two weeks. Two goodly boats have been chartered for the time and fishing and sailing will be among the chief pastimes. About seventy-five of the boys and fifty of the girls holding membership in the society are arranging for the trip.

Mrs. R. B. Glenn and Miss Rabeka are at the governor's mansion again having been obliged to return from their intended summer outing because of the accident that befell Miss Glenn in Jonesboro, Tenn., where her ankle was turned, spraining it so badly as to make it impossible for her to walk again before September or later. This is the second accident of the kind she has suffered within two years with the same ankle, making the recent injury all the more serious.

At the general reunion of the de-

endants of the signers of the Declaration of Independence, in Philadelphia the past week Raleigh had a representative in the person of Mrs. Helen DeB. Willis, a linial descendant of William Hooper, the "signer." She returned to Raleigh Thursday.

BELIEVES IN PUBLICITY.

Can Get All the Money Needed for Campaign Fund.

By Wire to The Sun. New York, July 11.—"I have always believed in publicity with respect to campaign expenditures," said George R. Shelton, the new treasurer of the republican national committee today. He added: "In the approaching campaign I will be guided solely by the publicity law."

In Mr. Sheldon's opinion publicity at this time will do good in dispelling exaggerated ideas on this subject. "Of course," he said, "there are objections on the part of many givers to having their names published. The reason is that they immediately become a target. For the same reason many large donors to charitable objects are unwilling that their gifts should be known to the public. I am not alarmed over the outlook for raising money for our expenses in the coming campaign. They told me I couldn't raise money for the Hughes campaign, but I did. I got all we need."

Mr. Sheldon left for Hot Springs, Va., this afternoon to confer with Mr. Taft.

CROP ENCOURAGING

Farmers Report That Conditions Are Good

Mr. Brock of the Firm of Neal and Brock, Says Reports From the Farm Are Encouraging.

Mr. Brock, of the firm of Neal and Brock, the well known livery firm who conducts a business on East Front street, stated this morning that business was in a fair condition that his firm had no complaint whatever. Mr. Brock spoke very encouragingly of conditions as he saw them.

"From what I can learn, and I have talked with many of the farmers across the river, crops are good this season. I am told that the corn crop will be excellent in Craven, or at least this part of the country."

"So far as I have learned," said Mr. Brock, "the average crop will be good."

Mr. Brock said he had talked with some farmers from Beaufort county and had learned that the crops there were in an excellent condition.

This firm is well known in New Bern and vicinity, for its reliability, having carried on a livery business that has won merits for its promptness and fair dealings, and we take it that the report on the conditions of the farm are valuable.

WOMAN RELENTS TOO LATE.

Judge Orders Her Arrest, as Well as College Student Companion.

By Wire to The Sun. New York, July 11.—Mrs. Elizabeth Washburn, of Lafayette, Ind., who caused the arrest last night of Enrique Llamas, a youthful Purdue University student on the charge of stealing \$12,400 from her, pleaded in vain with Magistrate Wahle today to dismiss the charge against the young man. Instead, the magistrate held Llamas in \$5,000 on the larceny charge, and then directed the arrest of Mrs. Washburn and the rearrest of the young man on a statutory charge. Each was held in \$500 bail.

Mrs. Washburn pleaded for the prisoner. "He is too nice a gentleman judge. He wouldn't steal the money," said she. "He could have stolen it a long time ago, and a great deal more, had he wanted to do so."

Mrs. Washburn told the court that she paid Llamas' tuition at Purdue University and made, hom an allowance of \$50 a month.

Llamas appeared much disturbed when he learned that Mrs. Washburn's husband had been apprised of the double arrest. "Maybe he will shoot me," said the young man.

BATTLESHIP IS LAUNCHED

South Carolina Goes Over at Philadelphia

SISTERSHIP TO THE MICHIGAN

Daughter of Governor Ansel Breaks the Bottle While All State Officials Stand With Bared Heads—Large Crowd from State.

Philadelphia, July 11.—The United States battleship South Carolina was launched here this afternoon at the Cramp's shipyard.

Many state officials from South Carolina were present and took part in the ceremonies and attended the launching. The South Carolina is one of the "all big gun" ships, the other one being the Michigan, recently launched at the New York Shipbuilding yard, at Camden, N. J.

The vessel was christened by Miss Fredericka Calvert Ansel, the daughter of Governor Ansel. Miss Ansel is a handsome young woman and when she broke the bottle of wine over the bow, the state officers stood by with bared heads.

Governor Ansel was accompanied by his staff and upwards of a score of other persons from South Carolina and the east.

SUIT TO OUST ICE COMPANY.

New York Attorney General Brings Action to End Its Business.

By Wire to The Sun. New York, July 11.—The American Ice Company was served with a summons and complaint Monday in a civil action, brought by Attorney General Jackson for the state, in which an effort will be made to prevent the corporation from doing further business in the State of New York. In the complaint the attorney general asks that the company be restrained from carrying out contracts made with various companies and firms, alleged to be for the purpose of creating a monopoly in the supply of ice.

The complaint charges the company with greatly increasing the selling price of ice in any about New York city, and with violation of the stock corporation law. It asks that the corporation be ousted from the state and enjoined from exercising corporate rights within this state.

The company has twenty days to file its answer.

FEARED INTERVENTION.

Senor Arias Resigns from Isthmian Cabinet to Insure Peace.

By Wire to The Sun. Panama, July 7.—Senor Ricardo Arias, who resigned yesterday as secretary of foreign relations, in an interview today, said: "The reasons for my resignation as secretary are the same as those which prompted my resignation as candidate for the presidency, a desire for the union of the political parties, so that peace may prevail in the republic and intervention by the United States be avoided."

It is believed in political circles here that Senor Arias intends to withdraw completely from public life for at time at least.

Horacio Alfaro, a young lawyer, who, until recently lived in Colombia, was appointed today to fill the office of secretary of foreign relations.

MARKET REPORT.

Cotton—

By Wire to The Sun. New York, July 11.—Cotton easy, good cables, fine weather belt. July 9, 33, bid.

Stocks—

New York, July 11.—Consolidated gas Southern Pacific Illinois Central unchanged, Anaconda down 1-4, St. Paul up 1-2, Smelting and Northern Pacific 3-8, Amalgamated 1-4, Union Pacific, Reading, Brooklyn Transit 1-8, Steel Preferred opened 1-4, lower.

LEAF SALES NOT MUCH

Less Than Half Tobacco Markets Report

THE PROTECTIVE ASSOCIATION

Call Issued—Old Engraving of George Washington—Mr. and Mrs. Leinster Return From Hamlet—Grimes Drug Co. Changes Name.

Raleigh, N. C., July 11.—One eighth of the leaf tobacco markets of North Carolina, less than half of them, report any sales for the month of June, according to an official report just issued by the state department as compiled from reports made by warehousemen under statutory requirement. The aggregate sales foot up 57,011 pounds, of this 43,552 pounds being first hand for growers. Winston and Oxford, only, report sales other than first hand, these being 3,646 for dealers and 9,399 for warehouse resales at Winston-Salem and 425 pounds at Oxford sold for dealers.

The "first hand" sales reported by the various markets show the following: Winston-Salem, 14,769; Reidsville, 9,504; Mt. Airy, 3,785; Oxford, 2,087; Warrenton, 923; Stoneville, 539 pounds. The T. W. Grimes Drug Company, of Salisbury, gives notice of change of name to the Smith Drug Company, with F. F. Smith as president.

J. O. W. Graveley and other members of the executive committee of the North Carolina Farmers' Protective Association, were in session here today at the call of Mr. Graveley, considering plans for maintaining the prices of tobacco at a reasonable scale for the crop soon to be put on the market. The outcome of the conference was determination to form a stock company sufficiently strong to have buyers on all the markets in the state and maintain sufficient competition in the buying and if necessary to assure the prices required, to go into the manufacture of tobacco.

A call is to be issued at once to the members of the North Carolina Farmers' Protective Association and any and all other tobacco growers in the state to meet in Winston-Salem, August 22, to further arrange and perfect the movement for maintaining prices, briefly stated, the meeting to take under consideration the perfection of the organization, control the marketing of the weed, regulate the production and create the fund for the corporation that is to go into the markets and assure sufficient competition to keep up the prices and if need be, manufacture the tobacco outright.

In a statement to the press, Mr. Graveley said that while the North Carolina growers depreciate and condemn the "night riding" carried on in Kentucky for keeping down the volume of crop and forcing up the prices, the association is determined to proceed to attain the same end by proceeding along such conservative lines as will induce investors in all branches of industry to join in the undertaking as a matter of profitable investment. There is to be a detailed statement of the plans of the committee issued to the public very soon. Those participating in the conference here were J. O. W. Graveley, Rocky Mount; P. B. Neal, Rockingham; J. L. Bailey, Wilson; R. H. Simmons, Surry; D. F. Tillotson, Stokes; H. M. Winstead, Edgecombe county.

An old steel engraving showing two views of the famous Conova statue of George Washington that was destroyed when the state house here was burned in 1831 has been found in the archives at Washington and sent to Secretary R. D. W. Connor, of the North Carolina Historical Commission, by F. W. Ruckstuhl, the distinguished sculptor who is now doing a marble bust representing Hon. W. A. Graham prominent in the early history of North Carolina and in that of the nation as well. One view of the engraving shows the inscription on the statue, the first lines of the farewell ad-

dress of Washington when he retired from the presidency. It is in Spanish.

Mr. Ruckstuhl goes to Paris soon to prosecute the work on the Graham notches in the rotunda of the state house.

Mr. and Mrs. R. L. Leinster returned today from Hamlet where they attended the marriage of Mrs. Leinster's sister, Miss Helen Hall to Mr. Thomas H. Gore, manager of the Western Union Telegraph office at Athens, Ga., celebrated in the home of the bride Wednesday. Rev. Mr. Fetter, rector of the Episcopal church, at Wadesboro, was the officiating minister. Mrs. Leinster was the dame of honor and Mr. Fred Gore, brother of the groom, was best man. Mr. and Mrs. Gore will reside in Athens, Ga., after a bridal trip.

MEMORIAL TO A. J. CASSATT.

Tablet Erected to Late President of The Pennsylvania.

By Wire to The Sun. Philadelphia, July 10.—A bronze memorial has been placed in the Episcopal Church of the Redeemer at Bryan Mawr in memory of Alexander Johnston Cassatt, late president of the Pennsylvania Railroad Company.

It is of Gothic design, in high relief and rests on the window sill underneath the memorial window which Mr. and Mrs. Cassatt erected a short time before his death in memory of their daughter, Mrs. Katharine Kelso Hutchinson; the wife of Dr. James P. Hutchinson.

PARIS BOUND OVER

Guard Who Shot Umm Toler Under Bond

Justices Find Reason for Holding the Guard for the Next Term of Craven Court.

The taking of testimony was resumed yesterday afternoon before Justice Baxter and Davis, in the case of State vs. Abner Parris, and was concluded just before night. At 8:30 the court resumed again to hear argument by counsel, which lasted till near 12 o'clock.

The defence showed that Toler was abusive to the guards, and was more or less in an ugly mood; that he used threatening and abusive language towards all who attempted to bother him.

The defence also showed that Parris' intention was not to kill Toler but to prevent him from escaping, as Toler was in the act of going away.

The argument was able and strong, carrying with it a vein of wit. The justices after considering the case, found that Parris be put under a \$250 bond. Parris is now in jail.

EXPELLED FOR PLAGIARISM.

Clergyman Made Odd Defense Before Amateur Press Association.

By Wire to The Sun. Milwaukee, July 11.—Richard Braunstein, a New York state clergyman, has been expelled from the National Amateur Press Association, for plagiarism. It is charged he was first detected through a story published which proved to be the same as a sketch printed elsewhere. Later, he submitted to the Scotchman, of Chicago, a poem entitled "The Voices," by Richard Braunstein. This, it is alleged, was plagiarized from Tennyson's "Two Voices."

Mr. Braunstein said he copied the poem for use in a sermon, and that it was sent to the Chicago paper by mistake. In the facsimile of the original copy, published to prove the case, the lines appear in quotation marks, but under the heading, "The Voices," by Richard Braunstein, it is said.

Bishop Curtis Dead.

By Wire to The Sun. Wilmington, Del., July 11.—Bishop Alfred Curtis, of the Roman Catholic diocese of Wilmington, died in Baltimore this morning at eight forty.

Services at First Baptist Church tomorrow at 11 a. m. Sunday school at 4 p. m. No services at night.

PLANS HAVE BEEN CHANGED

Mr. Bryan Not to go to Denver Now

HAPPIEST DAY IN HIS LIFE.

Committee Will Go to Fairview and Talk Over Matters—So Many Delegates Calling on Him That He Can't Get Away.

By Wire to The Sun. Denver, Col., July 11.—John W. Kern was nominated for vice-president on the democratic ticket as the running mate of W. J. Bryan.

"Question!" "Question!" came from all parts of the hall. Mr. James stated it and at 4.05 p. m. a roar of "ayes" made John W. Kern, of Indiana, the nominee for vice-president of the democratic party.

Lincoln, Neb., July 11.—Mr. Bryan made a formal announcement today that he will not, as at first planned, go to Denver for a conference with the national committee to select a chairman to manage the campaign but will on the other hand, invite the committeemen to come here and talk over matters and map out the campaign. Mr. Bryan had hoped to go to Denver but so many of the returning delegates stop at Fairview that he can't get away. He is anxious to have the chairman and other committee officials elected with all possible dispatch.

Demonstrations for the candidate on the part of neighbors, both democrats and republicans, continue and act unabated today and the candidate said to everybody that came "This is the happiest day in Bryan's life."

THE MAD STONE AGAIN.

Cabarrus Farmer Bitten By His Own Dog Yesterday Morning.

By Wire to The Sun. Charlotte, N. C., July 11.—Attacked suddenly in his yard by a dog belonging to him and falling in an attempt hastily to climb a small peach tree distant but a few feet from the place of attack, Mr. John T. Gardner, a Cabarrus farmer, was slightly bitten yesterday morning about 9 o'clock. He came to Charlotte last night accompanied by a friend and the Butler madstone was again applied for the third time in two days. The wound is just above the right ankle.

The timely intervention of Mr. Gardner's son in law, Mr. E. L. Torrence, who shot the dog, saved him from more serious injuries. Mr. Gardner at the time was standing in his yard and Mr. Torrence was on the porch. Between the two came the dog, making for the rather aged man, who, in turn, made a dash for the tree. As he was pulling himself up, the dog leaped into the air and seized his leg, cutting through his clothing. With an effort the man shook off the beast, and as the latter came back to the earth he was shot dead by Torrence, who had seen the whole thing and had been quick to act.

The animal as part bird dog and had manifested no special symptoms of insanity, although something was said by somebody about fits that morning. As recently as Saturday night his owner had fed him meat out of his hand.

PLEADS GUILTY OF BRIBERY.

Former Assistant Engineer of Columbus Admits Taking Paving Money.

By Wire to The Sun. Columbus, Ohio, July 11.—Arthur A. Beck, formerly assistant city engineer, pleaded guilty Monday to accepting a bribe of \$175 from Nelson Cannon, formerly agent of the Cleveland Trinidad Paving Company, and was released under a \$5,000 bond. Sentence was deferred until the other city hall bribery cases have been disposed of.

Beck denied, after his plea, that he had ever been a fugitive from justice, but declared that he had left America for Australia with the determination of returning whenever he was needed by the county prosecutor's office.
