DEMOCRATS OF WAKE COUNTY

Will Hold Primaries on Saturday

SHARP CONTESTS DEVELOPED.

Unfortunate Personalities Have Developed—Nominations Passed Between Rev. Hunter and the Friends of Capt. Williamson.

Raleigh, N. C., Aug. 13.—The Wake county democratic primaries will be held Saturday and several sharp contests have developed, notably for the county treasurership nomination and for county commissioners.

Special to The Sun. Raleigh, N. C., Aug. 13.—The Wake county democratic primaries will be held Saturday and several sharp contests have developed, notably for the county treasurership nomination and for county commissioners.

Unfortunate personalities have developed in relation to the candidacy of Capt. P. B. Williamson, for the past twelve years county treasurer, and Rev. A. D. Hunter, of Cary, who seeks the nomination, with L. Brown, Pegram and Chas. E. Crawford also in the race.

Rev. Hunter charges Capt. Williamson with retaining fees to which he is not entitled under the law and friends of Capt. Williamson are coming back at the minister with insinuations as to his ministerial status in his family relations.

To refute this Rev. Hunter issues to voters of the county a signed statement from his family physician, Dr. Templeton. It is generally expected that a second primary will have to be held for the treasurership.

For place on the party legislative ticket, W. B. Jones, son of Solicitor Armistead Jones, and A. C. Green, a well known business man, are contesting for the state senate while there are six in the contest for the three eliminations as representatives in the lower house.

These are J. D. R. Allen, Albert L. Cox, Eli T. Scarborough, Jno. W. Hinsdale, Jr., George Mitchener and N. M. Blalock. Messrs. Hinsdale and Cox are probably most certain of nomination.

MAY ENTER FIELD WORK

Governor My Enter Presbyterian Home Missions Raleigh, N. C., Aug. 12.—Friends of Governor Glenn are interested in a story that comes from Atlanta to the effect that the Home Missions Department of Southern Presbyterian Church, has made a proposition for him to enter the service of the board as a field worker when he retires from governorship.

The governor is out of the city and will not be back for a week or more so that there can only be surmises until he returns. However considerable credit is given the report especially for the reason that he has long been inclined toward church work and is known to have something of a dislike for re-entering the legal profession when he retired to private life.

He has been heard to remark the past few weeks that the propositions he has received from a number of lyceum bureaus have string attractiveness for him. And most probably this proffered work throughout the South for the church will attract him still more.

GOV. GLENN TALKS

Confidence in Democratic Success This Fall

The Governor Has Spent Much Time in Western States and Finds Things Very Encouraging.

Washington, D. C., Aug. 13.—In an interview here this morning Governor Glenn expressed great confidence in the Democratic success this fall. He has spent much of his time in the Middle West, during the last few weeks and says indications there are very encouraging.

The Governor believes the Democrats have a chance to carry Nebraska, Indiana, Illinois, New York, New Jersey, and Kansas, he having been in all these States and observed the trend of politics.

HEARING THE EVIDENCE.

Referee Benbow Takes Testimony in Tobacco Case.

Winston-Salem, Aug. 13.—Evidence was taken today by J. T. Benbow, referee, in the suit of John Coleman, L. E. Carrigan and the People's Bank of Darlington, S. C., vs. the People's National Bank of Winston-Salem, W. A. Blair and John W. Fries. The suit was taken from the Superior Court by agreement to be reported back.

The difference existing are due to leaf tobacco deals, Mr. Coleman having bought a few years ago, a great quantity of tobacco on the South Carolina markets and the present defendants were commercially interest in the transactions.

IN SESSION AT MOREHEAD

Annual Meeting of A. & N. C. Stockholders

DIRECTORS ARE RE-ELECTED

J. W. Grainger Chosen President of Board of Directors—D. J. Broadhurst, Secretary—And Col. P. M. Pearsall is General Counsel.

The stockholders of the Atlantic & North Carolina Railroad Company at their annual meeting today in Morehead City elected all of the old board of directors and the same Financial and Proxie committees.

Immediately after the stockholders adjourned their meeting, the directors held a meeting and elected J. W. Grainger, as President of that body. D. J. Broadhurst of Goldsboro was chosen secretary and treasurer of the company and Col. P. M. Pearsall of New Bern, was elected General Counsel for the road.

Morehead City was agreed upon as the place for the next annual meeting to be held in August. After all business had been attended to, the stockholders proceeded to put themselves in a position to get a breath of the salt breeze, many of them enjoying a short sail over the sound, which others looked for an opportunity to shake hand with some friend, whom they had not seen for some time.

MR. CHAFIN SWEARS OFF

Prohibition Candidate Will Not "Go Near the Water"

Chicago, Aug. 13.—Eugene W. Chafin, presidential nominee of the Prohibition party, was in Chicago today and will return next Tuesday to be notified of his nomination. He will visit every State in the Union, speaking three to eight times a day until election.

"Wouldn't it have been awful if I had come to my death by water?" he said speaking of his escape from drowning in the Y. M. C. A. natatorium at Lincoln, Neb. "I don't mind for myself, but it would be tough on the part to lose its head in that way; so until the election is over, I'm not going to have anything to do with water, except by the glassful."

CLEMENT E. TAYLOR DEAD

Young Man of 19 Years Passes Away at His Home

Clement E. Taylor, age 19 years, died at the home of his parents, Mr. and Mrs. Samuel B. Taylor, this afternoon about 2 o'clock. Mr. Taylor had been ill for almost a year and although he had not been confined to his room all this time, the end was not unexpected, and his dear ones who stood by and watched over him were painfully grieved at his suffering.

CITY HOME OF RICHMOND

Still Having Trouble With Officials

DOCTOR REFUSES STATEMENT.

Name Entered Wrong on the Books, Not Explained—All Information Held From Newspapers—Assistant Could Give No Light on Subject.

Richmond, Va., Aug. 13.—Although Miss Fannie Morris, of 1400 West Taylor street, drank a bottle of laudanum at her home last Monday afternoon, and was taken to the City Home and treated by Dr. Eggleston, no record of such a case is recorded on the official records of the institution.

When a reporter examined the record book at the home this morning he found that on last Monday, August 10th at 6:35 p. m., there had been an ambulance call to 1400 West Taylor Street and that Dr. Eggleston had responded. The name of the patient treated was given as "Mary Jones, C. F." (which means colored female) and her address was set down as 1400 West Taylor street. The interne, however, subsequently changed the address by scratching out the 1400 West Taylor street and substituting Nineteenth and Broad streets.

Fannie Morris undoubtedly was treated at the home after she had drunk the contents of a three ounce bottle of laudanum, but there is no record of her case. Certainly, if Dr. Eggleston wished to record the real name of the patient, he should have done so before, as the records are supposed to be written up after each day. The interne, however, failed to enter the name of Fannie Morris, although she spent a night at the City Home and was treated.

When a reporter attempted to learn something of the poisoning from the City Home yesterday, Dr. Eggleston flatly refused to give out the slightest bit of information. He said that he had promised the family not to give the case to the newspapers. And this too, despite the fact that everything the physician does in the way of handling cases, is supposed to be subject to public inspection.

The record plainly shows that the name was written on the book as one thing and then scratched out and written another way. Just what Dr. Eggleston's motive was in acting thus is a thing that cannot be understood, unless, indeed, he desired to "throw down" the newspapers. At the City Home this morning nothing could be learned of "Mary Jones," a "colored female," but it was said that a young white woman of the name of Fannie Morris had been treated there.

Assistant Superintendent Lewis was able to throw no light whatever on the case. He said that the internes had everything to do with the recording of all such matters; that he knew nothing about them except what the physicians happened to put on the record book. Mr. Lewis, as is always the case, was very polite and appeared to be disposed to give the press anything he had. Yet he could offer no information as to the misleading records described above.

NEGROES THRASHED

Become Impudent to Ladies Found Alone in a Farm House

Lake Charles, La., Aug. 13.—Six negroes who stopped at a farmhouse, finding the ladies alone, became very impudent and took possession of the premises, though offered no violence. A telephone message brought about 40 men to the rescue and the negroes becoming frightened had fled, but were caught and given a severe thrashing and made to move on. That they had offered no violence to the ladies saved their lives.

HILL HOST TO SCHOLARS

American Ambassador at Berlin Referred to as History Maker Berlin, Aug. 13.—Dr. David Jayne Hill, the American ambassador to Germany tonight gave a dinner to the delegates to the International Historical Congress and a number of distinguished scholars from foreign countries who are in attendance at the sessions.

Among those present were: Porfs. Charles Rockwell, Lanman, Hugo Munsterberg, Charles H. Haskins, and Kuno Francke, of Harvard University, Prof. Paul Haupt, of Johns Hopkins University; Frederick Hirth, of Columbia University; Jessie B. Carter, of the American Classical Institute at Rome; Sir William Ramsey, of Aberdeen; Prof. Koser, of Brandl, and the members of the Aremian embassy staff.

Dr. Hill toasted Dr. Koser, who is president of the congress, and Dr. Koser in reply offered the health of Dr. Hill and spoke of him as a history maker, as well as a history writer.

HOTELMAN STABED

Supposed to Have Been Victim of Black Hand

Body Found Literally Riddled With Bullets and Stab Wounds—Evidence of a Hard Struggle Before Death.

New York, Aug. 13.—Pietro Borillo, a well to do hotel man was stabbed to death by a band of men this morning. His body was literally riddled with stab and bullet wounds. That the dead man fought for his life was evident from a half emptied pistol found in his hand. From letters on the body the man is believed to be the victim of black hand.

MR. R. HENRY BURNS TAKES CHARGE OF ROXBORO SCHOOL.

Roxboro, N. C., Aug. 13.—Mr. R. Henry Burns has been elected superintendent of the Roxboro graded schools to succeed Mr. N. C. Newbold, who has resigned to accept the same position in the Washington schools. Mr. Newbold organized and brought the Roxboro schools up to their present high standing. He was largely instrumental in obtaining from the town a bond issue sufficient to build and equip the handsome and commodious building which is now nearing completion. Roxboro gives him up reluctantly. Washington is to be congratulated upon securing such an efficient superintendent. Mr. Burns has been principal of the Roxboro schools for two years. His efficient work and gentlemanly demeanor have won for him the deserved promotion. He will no doubt be a worthy successor of his able predecessor.

SEEKING FUNDS

Former Representative in Washington Wanted to Start Revolution

Washington, D. C., Aug. 13.—Don August F. Pulide, for fifteen years a representative of the Venezuelan government, in Washington, but who was suddenly recalled last year, is in New York, seeking funds to finance a revolution in his country, which is expected to result in the downfall of Castro's government.

Castro's treatment of the Americans who have been interested in the asphalt company and other companies of Venezuela, leads to the belief that it will not be difficult to raise a large sum for overthrow of Castro. Mr. H. P. Willis, has given the standpipe at the pumping station a thorough cleaning out and today he made a tour of the city opening the hydrants so that all the water standing in the pipes could be blown out, giving the mains a little cleaning. As Mr. Willis says, he is purifying the water to quench the thirst on these hot summer days.

CAPITAL CITY NEWS BUDGET

News of Interest From Raleigh

PHONE SITUATION IN RALEIGH.

Something of a Clarification of the Situation—Charters Issued—Contracts to Be Awarded in a Few Days for Negro School Building. Special to The Sun.

Raleigh, N. C., Aug. 13.—There is something of a clarification of the telephone situation in Raleigh by a report just submitted by a special committee from the Chamber of Commerce appointed to investigate complaints that had been filed as to the local service of the Capital City Telephone Company which has within the past few months moved into a specially designed new building with entirely new exchange equipment with underground wires in the business section of the city.

The committee through President Charles E. Johnson, reports that careful investigation and an inspection of the plant revealed the fact that the company has about gotten the new exchange into smooth running order and is now giving the city a service that seems to be eminently satisfactory. The defects that were complained of are attributed to the demoralization naturally consequent upon the change in exchanges.

Mr. William Boylan is manager of the exchange which is owned principally by the Southern Bell Company and former stockholders in the inter state which was in competition here for several years with the Bell Company. The American Moror Company, Greensboro, is chartered by the secretary of state to manufacture and sell motors and motor carriages and other vehicles and do an automobile rental business. The capital is \$25,000 and the incorporators are H. L. and L. B. Hopkins and J. C. Watkins.

Another charter of special interest is to the Farmers Protective Truck Growers Association, Mt. Olive, Wayne county. This corporation has \$100,000 capital authorized and \$1,000 subscribed by H. L. Faison, Wellington Patton and others and has for its purposes the promotion of the best interests of farmers and truckers generally and the co-operation of members of the corporation in the distribution of truck crops.

There is also a charter for the Wayne County Ice and Cold Storage Company, capital \$12,000 by M. L. Killian and others. Captain Jno. Duckett, of the state department of education, who has the supervision of the four state negro normal schools at Fayetteville, Franklinton, Winston-Salem and Fayetteville says the contracts will be awarded within a few days for school room and dormitory furniture for the new normal building at Fayetteville just completed at a cost of \$5,000. The location of the Fayetteville school has been changed and will reopen this fall very much "better fixed". The cornerstone of the new building has never been laid yet and the negro grand lodge of Masons for this state will perform this ceremony August 27th.

Study Scene of Braddock's Defeat.

Cumberland, Md., Aug. 13.—A party composed of educators, students, and others interested in history started this morning from here on a walk of 130 miles over the entire length of the famous Braddock road from Cumberland to Braddock, Pa., the scene of Braddock's defeat in the French and Indian wars. Georgia Legislature Adjourns. Atlanta, Aug. 13.—The Legislature adjourned this morning at 3 o'clock, without taking any further action on the convict lease question, leaving that at the Governor's suggestion to call an extra session.
