DAN PATRICK MAY BE APPOINTED A RECEIVER

Friction Continues Between Federal Judge's of The Eastern Districts of Virginia and North Carolina.

MR. PURNELL QUITE SICK Can't Talk The Matter Over Now

By Wire to The Sun. Raleigh, N. C., Sept. 16.—Friction continues between Judge Thomas R. Purnell of the Eastern District of North Carolina, and Judge Waddell, of Eastern District of Virginia, Federal courts, over kick of representation of North Carolina interests in the receivership and management of the Norfolk and Southern Railroad.

Judge Purnell has been quite sick, and is still prohibited by physicians from considering any business matters, but is sharply interested at the further reduction of North Carolina management by the dismissal of R. E. L. Bunch, General Passenger Agent.

Dissension started over the retirement of vice-president King. A much greater part of the Norfolk and Southern is in this State, and the elimination of North Carolina representation brought vigorous protest after Virginia court had taken jurisdiction.

Judge Purnell and his friends feel he should have had a share in the appointment of receivers. It is understood that Judge Waddell, now intimates that Judge Purnell may name a receiver and bring about other North Carolina representation, but Judge Purnell is too ill to take the matter up now.

COMMISSIONER RETRACTS.

Figures Concerning Jews Were Unreliable He Says.

By Wire to The Sun. New York, Sept. 16.—Police Commissioner Bingham today apologized for and utterly repudiated his attack upon Jews in a recent article in North American Review. Said figures he had based his statement were improper authority for making charge that half of the crime committed in New York was committed by Jews.

He says figures were unreliable and it is his duty to repudiate them. Result is victory for Jews, who demanded proof and fair treatment.

Instantly Killed.

By Wire to The Sun. New York, Sept. 16.—While seated in cafe Giuseppe Baselli was shot and instantly killed by an unknown assassin who made his escape by jumping through the window. The motive for murder is said to be jealousy over young girl.

WHO'LL PLAY THIS YEAR?

Successful Candidates for Membership in Glee Club Announced.

By Wire to The Sun. Wake Forest, N. C., Sept. 16.—The most desirable and much sought place by the students is the Glee Club, there being about a hundred applicants for the twenty places. Places on the Glee Club are desirable, not only for the significance of being an excellent singer, but because of the trips afforded its members. From present prospects one of the best Glee Clubs ever had at this college will be heard by the people of the different towns which will be visited this season. The fall trip begins about November 15th.

The trials for the Glee Club were held last Tuesday and this afternoon the successful candidates were announced. They are: First tenors, E. B. Earnshaw, E. E. White, E. T. Olive and T. O. Collins; second tenors, Prof. J. H. Highsmith, L. R. Abrian, T. C. White and T. M. Daniel; first basses, C. L. and L. C. Hardy, A. B. Ray and J. M. Adams; second basses, R. R. Carlyle, J. M. Cheek, L. L. Highsmith and J. L. Jenkins.

FIVE HUNDRED DOLLARS A DAY.

This is About the Average at the Wilson Dispensary for the Week Ending September Thirteenth.

By Wire to The Sun. Wilson, N. C., Sept. 16.—The dispensary has no kick coming—they get their portion of the large amounts paid out here daily by our banks. For the week ending Saturday night last, the receipts were about three thousand dollars. Saturday's sales reached nearly the eight hundred dollar mark. A few more months and this blight will be swept from the borders of the grand old state—and we make this prediction right here that after January first the borders at the county fall will be greatly diminished in numbers.

ATLANTA POSTMASTER

Explains Satisfactorily the Most Serious Charge Against Him

By Wire to The Sun. Washington, D. C., Sept. 16.—Acting Postmaster General Granfield, stated today that Postmaster Blodgett, of Atlanta, has explained to the satisfaction of the department the most serious charge made against him by the inspector and that there is nothing in the remaining counts to warrant the removal of the postmaster. He will probably be retained in the office.

Home Rule for Ireland.

By Wire to The Sun. New York, Sept. 16.—John Redmond, Irish nationalist, member of parliament, arrived in New York this morning as a delegate to the convention of the United Irish League at Boston next week. He says home rule for Ireland is certain as day follows night. He is accompanied by Mrs. Redmond. A big crowd greeted him.

Invitation to All Countries.

By Wire to The Sun. The Hague, Sept. 16.—It was learned today that Holland has invited all countries that participated in second Hague to draft Universal Treaty and to "exchange regulations."

Parsevals Airship Falls.

Berlin, Sept. 16.—Parsevals airship while maneuvering this morning was struck by a squall. Gas bag doubled up and airship fell on roof of villa.

CARTERET'S CONVENTION

Enthusiastic and Harmonious Gathering

EXCEPTIONALLY LARGE CROWD.

Resolutions Adopted Endorsing Democratic Principles, and the Representatives in the Congressional Bodies—Wallace Chosen for Legislature.

By Wire to The Sun.

Beaufort, N. C., Sept. 16.—The democrats of Carteret county, assembled in convention here yesterday. The gathering was a representative one, perfect harmony prevailing throughout the day.

All precincts were represented and brought encouraging news from their respective precincts for an overwhelming Democratic victory this year.

The committee on resolutions, offered the following resolutions, which were unanimously adopted by the convention:

We, the representative Democrats of Carteret county, in convention assembled, believing in the eternal principles of democracy, as taught and exemplified by Jefferson, Vance and Bryan, heartily reaffirm our faith in, and pledge our hearty support to, this, the only party that stands for the people's cause and we heartily endorse the National and State platform of the Democratic party.

Resolved, second, That we heartily endorse our representatives in the National Congress, Senators F. M. Simmons and L. S. Overman, and Congressman Chas. R. Thomas, of this, the Third District, and also our representative in the State Legislature, Mr. M. L. Davis.

W. L. ARENDELL, C. L. ABERNETHY, JAS. R. NORRIS, Committee.

Dr. C. N. Mason prepared the following resolutions which were adopted:

We pledge our hearty support to the democratic party, the only party that stands for the people's cause; the only party that has the courage to make war against the people's enemies, the trusts and monopolies; the only party that stands for equal rights to all and special privilege to none.

We urge all lovers of peace and prosperity, of right and righteousness, and of freedom to unite with us in the approaching contest against the republican party, whose policy has ever been for the benefit of the favored classes. It is a fight for manhood against money, for the people's rights against the power of dishonest wealth; for justice against injustice, for purity against plundering, for safety against ruin, for democracy against plutocracy.

We acknowledge as our great leader in this the people's cause, the great commoner, Wm. Jennings Bryan, of Nebraska, and we rally around the unstained standard of the state democracy in the hands of that splendid christian gentleman and champion of the people, Wm. Walton Kitchin.

We point with pride to the splendid achievements of the party in the state during the past eight years, the wonderful progress in all industrial lines, the greatly increased capital, and general business, the restored confidence and peace of the people.

The people's money has been judiciously spent, and correctly accounted for.

The state's institutions have been enlarged and well managed—no scandal or incompetence.

The confederate veterans have been cared for, receiving \$400,000 annually; while their enemy the republican party, has never appropriated one dime for confederate pensions or for the soldiers home, in excess of what was already appropriated by the democratic legislature.

To the democratic party alone must the people look for relief and reforms; for equal rights and justice to all, and no special favors for the rich; for a government of the people, by the people and for the people.

We review with satisfaction the record (Continued on Page Five)

News of Interest From Raleigh

PASSES OVER IMPORTANT CASE

Governor Glenn Announces That He Will Upon His Retirement, Take Up Work With The Southern Presbyterian Missions.

Special to The Sun.

Raleigh, Sept. 16.—The announcement made by Governor R. B. Glenn in connection with his visit to the Bristol, Va., Chataqua, that he will, on his retirement from the Governorship of North Carolina, take up work in connection with the Southern Presbyterian Board of Missions, raising funds for the Layman's Movement for the Evangelization of this country, comes as no surprise to his friends here. He had been for some time hesitating between the acceptance of this offer, propositions to go on the lyceum lecture platform and returning to his law practice. He had said that while he was fond of law, four years separation from practice would make it necessary for him to start all over again, and it would be difficult for him to renew his old professional connections and copartnership in his home town. He has always been very much of a lay evangelist, especially in the way of M. C. A., and other religious addresses. It will be no surprise here if Governor Glenn ultimately goes regularly in the Presbyterian ministry.

A State case, State vs. Wilkes, from Greene county, involving the constitutionality of the North Carolina Landlord and Tenant Act was dismissed in the Supreme Court this morning without the constitutionality of the act being passed upon at all. It was held that the court had no jurisdiction of the case according to its standing in court, in that the penalty for violation of the act being 30 days in jail and \$50 fine only magistrates court has original and exclusive jurisdiction. So that the case could only come to a higher court through appeal. In this case the Superior court had erroneously taken jurisdiction.

The special ordinance passed by the aldermen of Raleigh last week for the muzzling or leashing of dogs when on the streets has been repealed and it looks now like there will be no special measures to prevent any outbreak of rabies among dogs as threatened by the mad dog being at large in the city nearly two days last week. The aldermen seem to be badly mixed up. Mayor Johnson and others of the city officials claim that the seriousness of the situation, so far as dogs running at large is concerned, has been much overdrawn by the newspapers.

The enrollment in the Raleigh Public Schools which opened this week is 1,616 for the white school and 922 for the colored schools.

The faculty and students of the A. & M. College have adopted resolutions paying fitting tribute to the late Hon. S. L. Patterson, commissioner of agriculture, who, as commissioner of agriculture, and for a long while chairman of the board of trustees of the college, contributed in a large measure to the growth and development of the institution. The resolutions declare that Mr. Patterson was always personally interested in the students and the faculty and all that pertained to the best interests of the institution and that they desired to bear testimony to his kindness of heart, honest integrity, modest but earnest discharge of duty, broad unflinching love for the right and intense love for his own people and his own land. President D. H. Hill, in referring to the work of Mr. Patterson in connection with the college, declared that three of the principal buildings were really memorials to the faithful and effective effort of Mr. Patterson for the betterment of the college. These are the Watauga and Pullen halls and the (Continued on Page Five)

RESTRAINING ORDER ISSUED

Change of Grade Held up a While

ORDER SIGNED BY JUDGE ALLEN

Mr. and Mrs. L. S. Wood Ask That Grade on West Side of Eden Street Be Not Changed—Case to Be Heard in Greenville.

An injunction was issued this morning, which discontinues the work of changing the grading on Eden street. The papers were issued at the request of Mr. and Mrs. L. S. Wood, against city of New Bern, J. A. Bryan, mayor, and J. A. Bain, representing Alsop & Pierce. The restraining orders are signed by Judge O. H. Allen, and the defendants are ordered to appear before the court at Greenville, September 23rd.

The complainants, Mr. and Mrs. L. S. Wood, who are represented by Simmons, Ward & Allen, aver that they are in actual occupation and possession of two lots on the West side of Eden street, in the city of New Bern, and that at a meeting of the Board of Aldermen of the city of New Bern, N. C., on the 7th day of January, 1908, a resolution was passed authorizing the employ of Colvin and Henry, surveyors to make an elevation map of the said city for the purpose of establishing a grade for the pavement of the side walks, or streets, of said city. That on the 3rd day of March, 1906, the said engineers Colvin and Henry, presented the maps showing the grades of the streets to be paved, as surveyed by them which said grades were accepted and adopted by said Board of Aldermen as the established grade for the streets of said city; that the defendant Jas. A. Bryan, is the mayor of the city of New Bern, and as such appointed a Streets and Pumps Committee, which Committee claims to have the right and threatens to have the grade of the lower half of Eden street cut one foot lower than the grade established by the Board of Aldermen of said city; that the plaintiffs are informed and believe that the Streets and Pumps Committee have no authority to enter upon any work except ordinary repairs without the consent of the Board of Aldermen and that they have no authority to order the grade of said street changed; that the change of the grade of the said Street will compel plaintiff to reconstruct their premises aforesaid and adjust the same to the changed grade and to build a strong brick wall, and will deplete the whole of his property and otherwise inflict on the plaintiffs irreparable damage without any necessity and without authority of law; that the plaintiffs are informed and believe and so aver that it will be to the best interests of all the property owners on said street that the grade remain as it now is; that the damage to the plaintiff would be damage to their private property for public use without any necessity and under the Constitution of this State it cannot impose such hardship on plaintiff without just compensation; that a summons has issued in said action returnable to the October term of said court which convenes on the fourth Monday after the first Monday of September, 1908; Wherefore plaintiffs demand judgment that the defendants and each of them, their agents, servants, and employes, be enjoined changing the grade of Eden street and that they may have all proper relief in the premises.

Attorney M. H. Allen, of the firm of Simmons, Ward and Allen, appeared before Judge O. H. Allen in Kinston last night, asking that an injunction be issued. Temporary restraining orders was signed and the defendants are ordered to appear before him at Greenville, on September 23rd.

Following is a statement by Mr. L. S. Wood, concerning the restraining order: On yesterday L. S. Wood and S. C. Wood, through their attorneys, Simmons, Ward and Allen, procured from

THE RECORD CREDITABLE

Considerable Municipal Progress For Year

CHAMBER OF COMMERCE MEET.

Secretary Olds, of the Organization, Makes Encouraging Report on the Conditions of the Capital City—Banks in Excellent Shape.

Special to The Sun.

Raleigh, N. C., Sept. 16.—An especially creditable record of municipal progress for the past year was shown last night in the annual meeting of the Raleigh chamber of commerce. Secretary F. A. Olds, in his annual report brought out the fact that the banks of the city withstood the panic without the issuance of any script and that improvements generally went right along during the panic period. The Street Railway system was extended more than five miles and much of the lines in the center of the city was double tracked, \$300,000 being expended. The Carolina Power Company, a two million dollar corporation was formed and took over the street car and lighting plants and the Buckhorn Shoals power plant and will have the current here from Buckhorn for general manufacturing purposes by the new year. Several of the cotton mills are preparing to install the electric current for power.

The Grand Lodge Masonic Temple is just completed and there have been erected sixty-nine dwellings that cost more than \$2,000, each besides large numbers of less expensive ones. Also the \$23,000 high school building just opened for school purposes the past few days. Big improvements in the telephone service for the city especially the Capital City Company, controlled by the Southern Bell Company were reported, an excellent underground system, admirable new special telephone building and admirable service being mentioned.

The report referred to a recent gift received by the St. Mary's Episcopal college here of \$35,000 by Mrs. Clement's, a New England lady who was for many years a teacher in the school. Col. Charles E. Johnson was re-elected president and Col. F. A. Olds, secretary.

CHANDLER WILL WIN.

Will Be Nominated by Democrats of New York.

By Wire to The Sun. Rochester, Sept. 16.—At ten o'clock, the hour for assembling of the democratic convention but few delegates were in the hall. It is now conceded that Lieutenant Governor Chandler will be unanimously selected to head the democratic ticket. It is believed that Connors and McCorren have settled all differences, temporarily at least.

A conspicuous figure at the convention today is Senator Gore, of Oklahoma, who is here to talk with W. J. Bryan who gets here this afternoon. Stupendous arrangements have been made for Bryans reception.

Wrights New Record.

By Cable to The Sun. Lemons, Sept. 16.—Wilbur Wright made new European record today, covering twenty miles in 39 minutes, 19 seconds. Trip was made at military grounds. This record is only equaled by that of Orville Wright at Washington. He made 46 miles in an hour, the highest speed yet attained by aerial crafts.

Judge O. H. Allen, of Kinston, a restraining order against the city of New Bern, the contractors for the street pavements, and especially against the Streets and Pumps Committee, restraining them from cutting in front of their property on lower Eden street, west side, as they had threatened to do, a foot below the grade adopted by the Board of Aldermen. Nothing in the above order restrains the contractors from proceeding with their work, according to law.
