

Published Daily, except Sunday, by the New Bern Publishing Company. OFFICES AND PLANT: No. 33 Craven Street. OWEN G. DUNN, Managing Editor. SUBSCRIPTION PRICE: (In Advance) One Week 10 Three Months 1.25 Six Months 2.50 One Year 5.00 Telephone: Business Office No. 320. Editorial Rooms No. 4. Entered at the post office in New Bern, N. C., as second class mail matter. THURSDAY, January 14, 1909. HORRIBLE EXAMPLES.

Sometimes you meet a lovely maid Whose beauty has no taint, And get a sudden shock because You hear her say "I ain't!" Chicago's earnest motto is "I will" and not "I won't!" And yet there are Chicago girls Who calmly say "He don't!"

And so it goes. In Boston where There's culture beyond price, You sometimes hear the quick remark "Say, he don't cut no ice!"

There even is a man from Maine Who loves to walk and quik. An dyou would be surprised to know He often says "They is!" —Somerville Journal.

All men look alike to the disgruntled old maid.

Junk dealers are not all who sell old iron and steel.

Some men are so free-hearted they will give away advice.

Even the man with a sunny disposition goes out some dark night.

Even bald headed men feel they cannot part with the comb and brush.

It seems reasonable to think that jewelers would make good watchmen.

Diplomas do not mean that the holder has any great amount of diplomacy.

Now Senator Tillman thinks Attorney General Bonaparte has a bad memory.

Shad are beginning to come in. Now lets see what effect the panic will have on the price.

Oysters are plentiful again. If they stay here very long they will soon have their mouths open.

A good name is more to be desired than great riches" if you are not going to make a draw on a bank.

Keep face to the world and the world will keep face to you, provided both are not headed the same way.

Whiskey has no respect of person. It smells just as strong on the breath of a man with weak lungs as it does on the man who has good lungs.

More than four hundred people of New Bern have signed a petition asking the corporation commission to come to their rescue in securing a union passenger station here. Get four hundred more if they are required.

Senator Borah, of Idaho, has introduced a bill to prohibit lawyers, who are members of Congress, from practicing law. It will be remembered that the Senator was chief counsel for the State when Haywood, Moyer and Pettibone, labor leaders of the coal mine, were tried for the murder of Governor Stanburn. The Senator may have learned the lesson then which he is trying to teach his colleagues.

TILLMAN VS. ROOSEVELT. Many will look upon the Tillman-Roosevelt tussle with considerable interest. The question of whether or not Mr. Roosevelt was seeking re-election inspired by nature, or whether he meant to serve public interest, is a question which is being raised by many.

I want every person who suffers with any form of rheumatism, no matter how many remedies they have tried, to know that no matter how serious the case, to give Munyon's Kidney Remedy a trial. You will be astonished to see how quickly it relieves all pains in the back and neck. Also stiffness under the eyes, after taking a few doses of this remedy. You will be delighted to see the color returning to your cheeks and feel the thrill of vigor and good cheer. If your urine is thick or milky, if it is pale and foamy or contains sediment or brick-dust, if it is highly colored or has an offensive smell, if you urinate frequently, you should persist in taking this remedy until all symptoms disappear. We believe this remedy has cured more serious kidney ailments than all the kidney medicines that have been compounded. Professor Munyon believes that the terrible death rate from Bright's Disease and Diabetes is unnecessary and will be greatly reduced by this remedy. Once you try our druggist and purchase a bottle of Munyon's Kidney Remedy, if it fails to give satisfaction I will refund your money. For sale by all druggists. Price 25c.

wealth" and had been fighting fire with some member of his family about to be consumed, he could have fought with no greater energy. Even at this early in the game it was hinted by some of the leading papers that he desired to inflict punishment and had no aim whatever to correct an abuse. All along the spirit of vindictiveness has shown a plain hand. His criticisms have been much unlike those of other men in his position. He seems to have had occasion to find fault and discover dark spots upon the face of men in all walks of life. Men have sought him with no other purpose than to take his life; women have had to be ejected from the White House premises, one of which charged that she was roughly handled and sought an investigation at his hands; children have been reported to have been rudely rebuked for passing him on the roadway, and another little girl whom he has accused of following him. He has fearfully criticized the courts, in behalf of which his party made such an earnest plea during the last campaign, he has charged man after man with the lie, using such terms that the most conservative papers of the world have added their disgust, and many other detestable incidents have transpired during his life at the White House.

Mr. Tillman charges that valuable papers have been taken from his desk, stating they were there when he left to take the trip for the benefit of his health. Is it true that the agents of the President took advantage of his absence and secured the papers as is intimated by Mr. Tillman? The charge as made against Mr. Tillman by the President seems to rest on the fact that Senator Tillman stated before the Senate that he had not bought any land in the west nor had not undertaken to buy any, and that four days prior to this, according to the President, Mr. Tillman had addressed a letter to land agents at Portland, Oregon, seeking to secure the lands in question.

Mr. Tillman has demanded an investigation at the hands of the Senate, claiming no intention of deceiving the Senate or the public.

Considering all we know of the two men, we consider Mr. Tillman's statement a vindication of the charges until we hear the verdict of the Senate in the matter.

ILLINOIS DEADLOCK STILL ON Springfield, Ill., Jan. 14.—The two houses of the forty-sixth general assembly failed to agree today upon the wording of the resolution that is to bring the two bodies together to canvass the returns of the last election.

With the deadlock that has continued several days still unbroken, the house and senate adjourned until 10 o'clock tomorrow morning.

BY THE BOARD OF ALDERMEN OF THE CITY OF NEW BERN, BE IT ORDAINED: That all persons, firms or corporations holding franchises or easements of the city of New Bern for the laying of pipes or wires under the surface of the streets in that portion of the city directed to be paved pursuant to a resolution and election held January 5, 1908, are hereby required to lower the said pipes or drains or wires, when the same shall be necessary, to such depth as not to interfere with the work of the paving within thirty days hence.

It shall be the duty of the City Engineer, under the direction of the Finance and Public Committee, to furnish all such holders with information and direction as to which pipes, drains or wires are herein required to be lowered, and the depth to which they are to be lowered. And he shall further supervise the said work and so arrange that all pipes and excavations of the street shall be taken successively along each street until the whole shall be completed without restricting the obstruction of the street but one time.

FOR SOCIAL PURPOSES

Mrs. W. S. Chadwick, of Beaufort, N. C., was a visitor in the city yesterday, the guest of her daughters, Mrs. T. A. Uzell and Miss Mabel Chadwick.

Miss Glennie Willis, who has been visiting her aunt, Mrs. Chas. R. Edwards, in Roper, N. C., returned home last evening.
