### New Bern Cotton Oil and Fertilizer Mills

MANUFACTURERS OF  
Cotton Seed Products and High Grade Fertilizers

We make a Specialty of Cotton Seed Meal Guano, which properly mixed with other ammoniates, and best quality of Acid Phosphate, and Potash, is considered the best Fertilizer that can be used for the lands and crops of Eastern North Carolina. Some of our brands of Fertilizers are:

**CRAYEN COTTON GUANO, 8-2-2;**  
Onslow Farmers Reliance 8-2-1-2-3;  
**FOUR HIGH GRADE FERTILIZER, 8-2-3;**  
Ives Irish Pot. Guano, 7-5-7;  
Dunn's Standard Truck Grower, 7-7-7;  
Lenoir Bright Leaf Tobacco Grower, 8-2-3;  
Green County Standard Fertilizer, 8-2-3;  
Jones County Premium Crop Grower 8-2-1-2-3;  
Pitts Prolific Golden Tobacco Grower, 8-2-3;  
Pamlico Electric Top Dressing 5-10-2-1-2;  
Carleton Bone and Potash 10-0-2;  
Orleans Tobacco Grower, 8-4-4.

**These Brands Have Become Very Popular With The Farmers and Their Use Increased Yearly.**

We have a large list of testimonials from Satisfied Farmers who have used our Fertilizers and will use no others. Several farmers have raised over 100 barrels of Prime Potatoes from our Irish Potato Guano, and tobacco grown from our Lenoir Bright Leaf Tobacco Grower, has sold for \$1.00 per pound.

If you have not used our Fertilizers, you should insist upon your dealer furnishing it to you this season.

## OUR LONG SUIT

In sanitary plumbing is expert workmanship. Nothing taken for granted, skill born of long experience and the will to give every client the honest worth of his money. Never took a "cheap" job in our history—rather do it for nothing. But we do return value for money—charge you nothing for an estimate.

### PERSONAL MENTION

**Of People Coming and Going Seen on Trains and Elsewhere.**

Capt. R. O. Crisp, of the U. S. Cutter Pamlico, left last evening for Baltimore, Md., summoned there on account of the serious illness of his mother.

Mr. Chas. Reizenstein, of New York, N. Y., once a New Bernian, arrived in the city this morning on the east bound Norfolk and Southern train, on a visit with relatives and friends.

Mr. N. S. Richardson, of Dover, N. C., came down to New Bern this morning to attend criminal court.

Mr. J. Y. S. Mitchell, of Norfolk, Va., who has been in the city for a couple of days on railroad business, left this morning on the New Bern and Norfolk train, returning home.

Col. Thos. C. James, of Wilmington, a prominent railroad figure, was in the city for a couple of days in the interest of the Norfolk and Western, and left this morning for Washington, N. C.

Mr. J. R. Bell, of Harlowe, came up to New Bern this morning on the west bound Norfolk and Southern train.

Mr. E. H. Jordan left this morning for Fountain, on a short business trip in the interest of his insurance company.

Sheriff D. J. Saunders, of Onslow county, spent last evening in the city, and left this morning on the west bound Norfolk and Southern train, going up to Raleigh on some important business.

Mr. W. W. Clark, left this morning for Rocky Mount on professional business.

Mr. Frank D. Perry was among the passengers on the New Bern and Norfolk train this morning enroute to Greenville, N. C., on a business trip.

Mr. Thos. A. Green went down to Jacksonville, N. C., this morning on the Coast Line train for a day's stay on financial business.

Mr. R. L. Duffy is spending the day in Beaufort on business.

Mr. B. F. Green, Deputy U. S. Marshal, went up the road this morning on a short official visit.

Mr. Charles Flowers of Pamlico county, came up to New Bern this morning on the P. O. & W. train, and left on the Coast Line train for Wilmington, N. C., where a conference will be held between a delegation from Pamlico county and the officials of the A. C. L. Company, in regard to regulating certain traffic.

Mr. Owen G. Dunn went down to Oriental, Pamlico county this morning on the P. O. & W. train in the interest of the New Bern Publishing Company.

Mr. Thos. Mariner, the popular, clever and courteous baggage master of the Norfolk and Southern, between New Bern and Mackey's Ferry has been off for a few days. That is he had a short vacation at home with relatives and friends. The Captain was at his post this morning and making baggage fly.

**DRISCOLL OUTFIGHTS LANGDON.**

Welsh Boxer is Entitled to Decision in Six-Round Bout.

By Wire to The Sun.

Philadelphia, Feb. 3.—Displaying his usual cleverness, Jim Driscoll, the Welsh fighter, at the finish of his six-round bout with Tommy Langdon, of Fort Richmond, at the Washington Sporting Club last night, was entitled to the decision. Driscoll was best in every round, with the exception of the third and then he managed to get an even break.

Langdon made his best showing in the third when he rushed Driscoll to the ropes, with a series of body punches, and soon had the Englishman's mouth bleeding, a right uppercut to the face bringing the blood. He had obtained an even break in the round, and after that Driscoll led all the way.

Langdon was much slower in the fourth round, and Driscoll by cautious jabbing brought blood to the former's mouth and nose. In the closing rounds, Driscoll never let up, the work in the sixth being at close range. With a few seconds left in the last round, Driscoll caught Langdon with a right swing to the head and put the local lad down on his own knee for a count of one. Tommy jumped up, but it was not long before the final gong sounded.

**AVIATOR FLIES AT BERLIN.**

Eppler's Machine, After Failures, Covers a Mile Sixty Feet Up.

Berlin, Feb. 4.—Armand Eppler, the French aviator, succeeded today in making a flight in his aeroplane of nearly a mile at an altitude of 60 feet. M. Eppler has been carrying on his experiments at Tempelhof parade grounds, and his machine is known as a static biplane.

Previous attempts did not prove successful owing to defects in the motor and some of the details of the machine.

**WRECK STILL A MYSTERY.**

**Onondaga Returns to Norfolk After Fruitless Search.**

By Wire to The Sun.

Norfolk, Va., Feb. 3.—There is still no identification of the steamer reported to have foundered off Diamond Shoals, on the North Carolina coast, early Saturday. The revenue cutter Onondaga, which has been searching on the coast in an effort to determine what vessel it was that went down, came into port today but went out again.

The commander of the Onondaga filed a report with Admiral Taussig at Norfolk navy yard, in which he stated that during a search of two days off Diamond Shoals the Onondaga was unable to find any evidence of any description that would lead to the identification of the foundered steamer.

Those aboard the lightship are confident that the vessel which they saw go down could not have been an abandoned derelict.

Makes blood and muscle faster than and other remedy. Gives health, strength and vitality. Hollister's Rocky Mountain Tea towers above all other remedies for making sick people well, and well people "weller." 35 cents, Tea or Tablets.—Davis-Pharmacy.

**Movement for Y. M. C. A. at Anderson, S. C.**

By Wire to The Sun.

Anderson, S. C., Feb. 4.—A movement has been launched here to establish a Y. M. C. A., and a crusade will be begun at once to secure a large number of members. Mr. R. R. King, proprietor of Hotel Chiquola, has offered free of charge the use of a good gymnasium, the only condition being that the apparatus be properly installed so that best results may be obtained.

**Threatre-Goers Clamor for Rebuilding of Academy.**

By Wire to The Sun.

Durham, N. C., Feb. 4.—The aldermen were confronted last night in their meeting with a long petition from the entire theatre-going public in which they are urged to rebuild the Academy of Music at an early date. The council has not acted upon this petition, deferring it until the first losses have been adjusted. There has been a story that the insurance commissioner will not pay all of the insurance, owing to the good condition in which are found the walls of the old building. It is believed by a great many people here that the Academy building was never really hurt and that the place can be easily rebuilt at small cost. But there is a fear that the place is dangerous beyond limit now, and that it always was. The theatre matter is worrying more people than anything else.

Penny Photos are mighty good things to send your sweetheart, relatives and friends, as Valentine. You can get them at Wooten's Studio, on Middle street, next to the Baptist Church.

**Talk of Rockingham and Caswell Railroad Revived.**

By Wire to The Sun.

Reidsville, Feb. 4.—Mount Airy citizens have revived the talk of the Rockingham and Caswell railroad which was hushed during the past year, owing to unavoidable happenings. It has for years been discussed that from the county seat of Caswell via the county seats of Rockingham Stokes, Surry and on to Alleghany would be a handsomely paying investment, as it would open a vast, undeveloped country rich in timber, minerals, waterpowers, summer resorts etc. A splendid trade would thus spring up along this new territory which would mean the enrichment of towns like Reidsville, Mount Airy and others along the line. Wentworth, Yanceyville and Danbury, as well as the whole county of Ashe, are badly in need of railroad facilities, and the proposed road would mean great things for them.

**MOORESVILLE LOTS SELL WELL.**

Suburb Known as Eastern Heights is Opened For Residences.

By Wire to The Sun.

Mooreville, Feb. 4.—The Eastern Heights Company today offered for sale 150 beautiful lots on the elevation overlooking, and to the east of Mooreville, and known as Eastern Heights, 150 being sold in the morning. This afternoon the sale was continued and the remainder sold. This was no auction sale; the prices being marked on each lot, but they were sold on small payments down and small weekly installments.

This part of Mooreville bids fair soon to be one of the ideal building spots of the coming city. The grounds have been nicely laid off and trees in abundance have been planted in a systematic manner, and in a few years this will be one of the prettiest parts of Mooreville.

**AIR MILITIA CORPS FORMS.**

Wisconsin Volunteers Offer to Qualify For Army Service.

By Wire to The Sun.

Madison, Wis., Feb. 4.—Articles of incorporation were filed today of a military aeronautic corps, the first in the United States. The name of the corps is the Wisconsin National Aero-nautic and Signal Corps.

Among the incorporators are The Hon. J. M. Spooner, U. S. Senator; J. M. Spooner, U. S. Senator; J. M. Spooner, U. S. Senator; J. M. Spooner, U. S. Senator.

**Troops Back from Cuba.**

By Wire to The Sun.

Tampa, Fla., Feb. 3.—Two squadrons of the Fifteenth United States Cavalry 85 men and 117 head of army horses and mules, under command of Capt. McNamee, arrived on the transport Progresso today, after a very stormy passage from Havana. These troops have been stationed at Cienfuegos for over two years, and are en route to Fort Sheridan.

**MEXICO TAKES RAILROAD.**

Mexican Central's 7,012 Miles Become A Part of Government System.

By Wire to The Sun.

Mexico City, Feb. 3.—The merger of the Mexican Central and the National railways became effective today, and the Mexican government has taken over 7,012 miles of line. E. N. Brower has been named president of the new company.

S. M. Felton, formerly president of the Central, will remain in Mexico as the representative of the minority stockholders, consisting of a group of Americans headed by H. Clay Pierce. The financial corporation of the Central, of which Mr. Felton remains the head, is not disturbed by the merger.

**CADET EXAMINATIONS.**

U. S. R. C. "Pamlico", New Bern, N. C.

April 5th, 1909.

There will be held in this city or April 5th next an examination to fill vacancies in the position of cadets of the line and cadet engineers, United States Revenue Cutter Service.

Any other information will be given on application to the U. S. R. C. "Pamlico."

Respectfully,  
R. O. CRISP,  
Captain U. S. R. C. S., Commanding

**PROF. BELL HAS NEW FLYER.**

Inventor Will Install an Engine on His Tetrahedral Kite.

Ottawa, Ontario, Feb. 3.—Glen Curtis, the American aeronaut, of Hammondsport, N. Y., has just passed through Montreal on his way to Nova Scotia to assist Prof. Bell and others to test new flying machines.

"Prof. Bell is now finishing a new tetrahedral kite," said Curtis. "It is to have the engines used in the Silver Dart installed in her, and it will be Prof. Bell's first attempt to fly with his cellular kites by means of motor power."

"It also is the first kite of this description made to carry two men."

**SPENCER DWELLING BURNED.**

Capt. David P. Williams' Home Destroyed While He is Away.

By Wire to The Sun.

Spencer, Feb. 4.—Fire of an unknown origin destroyed a dwelling occupied by Capt. David P. Williams on Third street, here yesterday while the family was temporarily away from home. The blaze had gained much headway when discovered by neighbors, and it was heroic work on the part of the Spencer firemen and others that a small portion of the household goods was saved, a piano and a sewing machine being the principal articles taken from the burning building. The furniture was insured for \$750, which will fully cover the loss. The amount of insurance, if any, on the building is unknown, and it is said the damage will amount to about \$1,500. By a strange coincidence a man of the Spencer Water Company had burst only ten minutes before the fire was discovered and the water supply had been cut off for a few minutes when the alarm was given. It required only four minutes, however, to have the water again turned on, and the firemen saved much property by prompt work.

Mr. Williams was in Raleigh and was wired to come home.

**Child Fatally Burned.**

By Wire to The Sun.

Sharpsburg, Md., Feb. 3.—Curtis Bender, 3 years old, son of Webster Bender, a Norfolk and Western brakeman, was burned probably fatally today by putting paper in a stove and thereby setting fire to his clothes, nearly all of which burned from his body before his mother, who heard his screams in another part of the house, could extinguish the flames.

**Boy Burned to Death.**

By Wire to The Sun.

Roanoke, Va., Feb. 3.—Charlie Kidd, the 5-year-old son of Mr. and Mrs. Rosser Kidd, was burned to death today at Robertson's, Bedford county, while his parents were in the barn. It is believed the little fellow's clothing caught fire from the grate.

Can't look well, eat well or feel well with impure blood feeding your body. Keep the blood pure with Burdock Blood Bitters. Eat simply, take exercise, keep clean and you will have long life.

**FIRE CONCERNS OPPOSE TAX.**

Claim Assessment for Firemen's Relief Is Unconstitutional.

By Wire to The Sun.

Richmond, Va., Feb. 3.—It is the purpose of the fire insurance companies doing business in Virginia to fight the constitutionality of the act which imposes a tax of 1 per cent. on their premiums for the benefit of the Firemen's Relief Association.

It is an open secret that the fight will assume the form of injunction proceedings, with the idea of restraining Col. Joseph Button, Insurance Commissioner, from promulgating certain information from the insurance companies to form a basis for the tax.

**COLONIES' UNION HELD UP.**

Trouble Over Location of Capital Blocks South African Conference.

By Wire to The Sun.

Cape Town, Cape Colony, Feb. 3.—The convention now being held here with the object of forming a plan for the union of all colonies, has been deadlocked for a week over the question of which city shall be the capital which threatens to wreck the whole scheme.

A compromise, however, is now being discussed, whereby the honors will be divided. This provides that Cape Town shall be the seat of parliament; Pretoria the administrative capital, and Bloemfontein the headquarters of the judiciary.

It is thought probable that this plan will be adopted.
