The Greenville Reflector expects Chief Smith is going to make a better record for tiger catching in Greenville than Mr. Roosevelt is going to make in Africa. Does such animals live in America?

The Durham Herald seems not to take much stock in an eight-hour law, but accedes that when the law undertakes to regulate our morals we suppose it also has the right to regulate our other affairs.

The Greensboro Record gets mad because the legislature would not move the State capitol to that city and hints that there is something behind that vote of thanks the legislature extended to the Capital Club for its many courtesies.

The legislature forgot to pass resolutions of thanks to the squirrels on capitol square for the pleasure the little fellows afforded them. But there is hardly a doubt that the squirrels were thankful for the peanuts.—Greenville Reflector. Gracious! You don't mean that it was a peanut legislature?

**THE POLITICAL CENTER.**  
 Virginia supplied the chief magistrate during 36 years of the life of the republic—24 years consecutively, 1801 to 1825—and, in addition, two others of the Presidents were Virginia born; but not since 1845 has a citizen of Virginia been at the head of the nation, and Taylor, the last of the Virginia-born Presidents, a citizen of Louisiana, died in 1850.

Ohio equals Virginia in the number of her citizens who attained to the Presidency. Only one of them was re-elected, however, and he died six months after his second inauguration, another died one month, and yet another in six months, after inauguration, while the title of Mr. Hayes was denied by about one-half his fellow-citizens. Mr. Taft, another Ohio man, has just been inaugurated, and the fact emphasizes the political primacy of the great Commonwealth of Ohio, long the empire State of the Mississippi valley and only recently supplanted in first place by Illinois.

Ulysses S. Grant and Benjamin Harrison also were Ohio born. Thus, the political scepter, so long at the South—the first 70 years of our national life is now in the "middle West" and north of Mason Dixon's line. That it will go farther West there is little doubt, and it may cross the big river and locate in Missouri, soon to be one of the most populous of the States, and already politically a debatable factor.

The trans-Mississippi never has furnished a President or a Vice-President and but one Speaker of Congress; but we may be sure that future Presidents, Vice-Presidents and Speakers will come from that region, some of them now born, some doubtless already eminent in public life this good year of 1909, centennial of the birth of so many illustrious men.

Leaving Andrew Johnson out of the account no Southern man has been inaugurated President in three score years; but as the harbor covers are ousted of the rough ashlar section, we may be sure that future Presidents will be taken from the South—the cotton South at that.

Who would have faith in the republic—Washington Post.

Annual Sale, Ten Million Boxes

Trade Report.  
 Richmond, Va., Mar. 11.—Bradstreet's Saturday will say for Richmond and vicinity:

Trade conditions generally are about as reported last week. Conservatism in placing future orders is still noted, but the tendency is toward improvement along practically all lines. Building operations show more activity with the approach of spring.—Lumber shows more activity and inquiries show an increase. Wholesale dealers in and rosters of coffee report increased orders. Dry goods, notions and shoes are in fair demand. Tobacco sales are large and the demand active. Weather condition favorable to farming operations have prevailed during this week. Wholesale millers report increased sales as the season advances. Retail trade is fair. Collections in most lines show improvement.

**FIREMAN SWIMS TO SAFETY.**

Sticks to Locomotive Upside Down in a Flood.

By Wire to The Sun.  
 Altoona, Pa., Mar. 11.—A light locomotive coming east today ran upon a deal rail near Mineral Point and, leaping the track, plunged down over an embankment and into the backwater of a swollen stream that runs along the base of the mountain. The fireman stuck to his post, and went down with the big machine, which turned bottom side up in the water.

His escape from injury was providential and his escape from drowning no less remarkable. He was obliged to swim in the icy water to reach safety. The engineer jumped and sprained both ankles.

**SAVED FROM DROWNING IN OIL.**

Boy in Kerosene Tank Rescued by Mother and Neighbor.

By Wire to The Sun.  
 Chester, Pa., Mar. 11.—Joseph, the young son of Patrick J. Ryan, an Edinburg merchant, was gazing into a tank of kerosene today when he lost his balance and fell into six feet of oil.

The splash was heard by Mrs. Ryan, who leaned into the tank, while a woman customer in the store held her by the feet as she pulled her boy from the liquid. Joseph swallowed some of the oil and became very ill. His condition is not fatal, however.

**SEEKS CHANGE OF INAUGURAL.**

Delaware, the First to Ratify Federal Constitution, Takes Action.

Dover, Mar. 12.—The Delaware legislature will petition Congress to change the date of the Presidential inauguration to the first Wednesday in May. A joint resolution to this effect was introduced in the House and Senate today by Representative Connelly, Democrat, Wilmington, and Senator Connor, Republican, of Kent county. It sets forth that the uncertainty of the weather makes March 4th an unsatisfactory time for the ceremony, and that the people of Delaware want the inauguration to take place when there is a reasonable assurance of favorable weather, and concludes: "Delaware being the first State to ratify the Federal constitution, it desires to make a suggestion in regard to this matter."

**200,000 OUT OF WORK.**

Men Deserting Wives and Children in New York Says Mission Worker.

Albany, N. Y., Mar. 12.—Thousands of men are deserting their wives and children in New York, because they cannot find work. Frank W. Warner, university extension worker, told the assembly ways and means committee today that there were 200,000 idle men and women in New York city alone today. Seventy per cent were farm laborers who had drifted in from the country.

Mr. Warner urged the creation of a commission to investigate the unemployed.

**KENTUCKY JOE RESENTENCED.**

To Finish Term After Escape From Raleigh Prison Ten Years Ago.

Lynchburg, Va., Mar. 12.—H. C. Miller, known as "Kentucky Joe," who escaped from the federal prison at Raleigh, N. C., ten years ago, and was recaptured at Bluefield, W. Va., last December, was resentenced to the federal prison at Atlanta, Ga., today for three years, 11 months and 24 days. The remainder of his sentence, for robbing the Maynard, Warren county, post office, in 1888.

Francis Dorn, of Butler, Pa., pleaded guilty to an indictment charging him with the robbery of the post office at Tip Top, Pa., on September 12th last. He was sentenced to a year and 4 days at the Atlanta prison.

**LUMSDEN FOUND GUILTY.**

Jury Convicts Slayer of Broker Suddam of Manslaughter.

New York, Mar. 12.—The jury in the case of John C. Lumsden, the North Carolinian charged with the murder of Harry Suddam, a curb broker, in the latter's office last December, tonight brought in a verdict of manslaughter in the first degree.

After being charged as to the various degrees of homicide, the jury retired at 4.30, returning two hours later for further instructions. These being given, the twelve men again returned to their deliberations, but no verdict appearing likely at 8.30, they were taken under guard to a nearby hotel for dinner.

Almost immediately after their return the jury sent in word that a verdict had been reached, and at 10.20 the foreman announced it.

**ACCUSED BY BRIDE'S MOTHER.**

Richmond, Va., Mar. 12.—Howard W. McCoy, aged 28, who made a vain attempt to procure a license to wed Miss Bessie Aldridge in this city on March 5th, was arrested in Baltimore following his marriage to the young girl, whose mother charges McCoy with enticing the young woman away from her home.

Mrs. Aldridge did not discover the whereabouts of McCoy until after the knot had been tied, but refused to withdraw the charge.

**CHEAPER MEAT SOON.**

J. Ogden Armour Predicts Lower Prices by Summer.

Atlanta, Ga., Mar. 12.—"Meat will be cheaper this summer," said J. Ogden Armour, who passed through Atlanta in his private car, en route from Palm Beach to Chicago. "Meat is high, too high, at present," he continued, "but this is because of the increased cost of feeding stock just now. It follows that when corn is high meat is high. This summer we expect the price of corn to go down, and meat will be cheaper."

**PIERCE IS KNOCKED OUT.**

Philadelphia, Pa., Mar. 12.—Abe Attell last night knocked out Young Pierce, colored, of this city, in the sixth round of what was scheduled as a fifteen-round bout, before the Olympic Athletic Association, at Eastington.

Attell was the colored boy's master throughout, the latter at no time being able to land an effective blow on the featherweight champion. The best Pierce could do was to jab light lefts to the face, and these blows had no appreciable effect on Attell.

 Careless Result of Jungle Fever Contracted by Sportsman.  
 Cincinnati, Mar. 12.—Arthur Hodgson, aged 22, of London, who came to this country after a protracted sojourn in Africa, where he spent months hunting big game in the jungles, was taken to the Cincinnati Hospital last night in a very serious condition from the terrors of a fever contracted in Africa. The doctors do not think he can recover.

A strange feat of the ailment with which he is afflicted is that all the perspiration and moisture he exudes is of a very dark, inky color. He is a veritable fountain of ink.

**Says Electrocuting is Illegal.**
