Mrs. Dors White, whose body was recovered Sunday. The wa-ter on which the corpse was found floating has been dragged repeatedly to no avail. Frederick Dammeyer de the discovery and reported it to the police. The two women dis-

The result will not be given to the pub-lic until the information has been placed in the hands of the State's attorney. Miss Shores' body showed some discolerations, but so far there are no facts known to the public to instity a belief in foul play. The body will be taken to the home of Thomas Kelly, of Eastport, from whence it will be burled. Justice John N. Davis, who is the

coronar in the inquests upon the bod-les of Mrs. John H. White and her sister, Miss Alice Shores, stated that he will not resume the investigation in Mrs. White's case until Friday, when he will summon a jury upon the body of Miss Shores, and will take testimony before both juries at

the same time. State's attorney Nicholas H. Green stated that a thorough investigation is being made to discover, if possible, anything tending to show that the vited by Sam Lilly to go over and desth of the two sisters was due to have a drink. Sam Lilly it seems

It will be remembered that at the October term of Court that Sanders skipped his bond andwieft his bondsman, Mr. Kit Jones of Beaufort, with the bag to hold. Sanders went to Florida, he said, where his brother Jack is as he had some business there. The witness stated on the stand that while in Florida he wrote his brother, Dr. Sanders that he was coming back and would be ready for trial. He was caught last week in the woods near Mansfield while en route with his wife and children for Morehead City. It was also testified by Sanders that he wasson his way to meet his bondsman when officer Lilly caught him, aided by Deputy Sheriff Forlaw of Beaufort.

# **"SPECIAL** EXPRESSIONS ON COURT" COUNTY AND "FARM-LIFE SCHOOL"

By Citizens of the County

We have published letters from all the members of the present board of County Commissioners relative to the establishment of a "Special Court for Craven County" as well as letters from two of the members of the LAST Board of County Commissioners, the President of the Farmers Educational, and Co-Operative Union, and other prominent citizens of the County OPPOSING THE BILL.

We publish below letters from some of the Mayors of incorporated towns in this county. These towns have their own municipal government and we judge by their letters that they are capable of managing their own affairs.

Dover, N. C., April 26, 1911. Editor THE SUN:

### New Bern, N. C.

Dear Sir:-I beg to advise that I have talked with nearly every voter in this precinct and every one with whom I have talked has expressed his determination to vote AGAINST the "Recorder's Court" and FOR "Farm Life School." For my part I am with the voters as I believe the "Recorder's Court" will prove an expensive proposition to the people without any material benefits, and the "Farm Life School" will prove a great benefit to the people of Crawen County, ESPE-CIALLY THE FARMERS.

> Very truly, W. B. H. BLANDFORD,

Mayor of Dover, N. C.

# Cove City, N. C., April 25, 1911.

### Editor THE SUN:

In regard to the "Special County Court" I wish to say that everybody to a man is against it. There may be some that will vote for it, but I can't name them. I will say all are against Recorder's Court.

Yours very respectfully,

J. S. ROBINSON,

Mayor Cove City.
