

Rules to Govern District Primary

Sub-Committee Decides That A Congressional Candidate Must Get a Majority at Primary, Otherwise Nomination To be Decided by District Convention—To Be Ratified by Executive Committee.

Last night the sub-committee appointed by the district Democratic executive committee met to set a date and formulate rules for the coming Congressional primary, as instructed at the recent committee meeting in Goldsboro.

Chairman Hill of the committee, from Duplin, was unable to attend, though he was present by proxy. The other members of the sub-committee were all present, namely, J. L. Barham of Goldsboro, who was made chairman of last night's meeting, W. M. Webb of Morehead City, H. L. Gibbs of Oriental, and J. C. Thomas, Jr., of New Bern.

Mr. George E. Hood of Goldsboro, one of the candidates for the Congressional nomination, came down with Mr. Barham and spent last evening here.

Tomorrow the entire district executive committee will meet in Goldsboro for the formal ratification of the date set and the regulations compiled by its sub-committee as instructed.

May 12 was the date decided upon last night, and this selection has given general satisfaction, the consensus of opinion being that there is no need of "stringing out" several weeks or months of political excitement by postponing the primary too long.

It was decided the first thing to arrange a primary so as "to best meet the people's wishes and best serve the interest of the Democratic party."

The rules formulated are designed to secure a primary which will be equally fair to all the candidates and to the voters, and the regulations, which are given in full below, are expected to give the same general satisfaction as did the decision of the executive committee to call a district primary in the first instance.

Plans for holding a Democratic primary in the Third Congressional district of North Carolina for nomination of a candidate for Congress in said district. Pursuant to an order of the Democratic Congressional Committee at a meeting held in Goldsboro on the 2nd day of April, 1914.

Section 1. That a primary for the selection of a Democratic candidate for Congress from the Third Congressional district of North Carolina shall be held in and at the various and several precincts in said district on the 12th day of May, 1914.

Section 2. That for the purpose of holding said primary, there shall be appointed by said Committee three managers in each voting precinct of the several counties of said district to be recommended by the members of the Congressional Committee for the respective counties. Said managers shall be good loyal Democrats and as compensation for such service shall receive a per diem of one (\$1.00) dollar, and should any manager fail to serve, the remaining two managers of the precinct shall appoint a substitute.

Section 3. That at said primary no person shall be allowed to vote except such as are qualified to vote under the General Election Laws of the State of North Carolina, and who are bona fide residents of the Democratic district.

38 AVIATORS KILLED IN THREE MONTHS

The United States, With a Loss of Five, is Fourth Largest Loser.

Washington, April 9.—Death levied a heavy toll on the aviators of the world for the first three months of this year, according to records kept here. Between January 1 and April 1, thirty-eight men in all parts of the world lost their lives through the uncertainty of air currents or the failure of their flying machines. The United States, with five killed, stands fourth on the list, which France heads with ten dead. Of the five Americans killed this year, two were officers, one of the navy and one of the army. One of the civilians was killed in Argentina in an attempted flight across the Andes. Six of the eight German victims and two of the French were army officers, as were four of the British.

MRS. DRUMMOND FINED IN COURT

Suffragette Screams at the Magistrate and Hurts Missile at His Head.

London, April 9.—Mrs. "General" Flora Drummond, one of the most militant of the suffragettes, was fined \$10 yesterday for rioting in Trafalgar Square last Saturday during the anti-home rule demonstration.

Mrs. Drummond was considerably more subdued than she was on Monday, when she caused such a commotion in the court room that she had to be forcibly removed to her cell.

The imposition of the fine aroused Mrs. Drummond from her apparent submissiveness.

"How dare you fine me for attempting to secure the freedom of women?" she shouted at the judge.

When the policemen tried to overpower her she caught a whistle from the belt of one of the officers and hurled it at the magistrate.

However, a good man isn't necessarily a desirable neighbor.
