

NEW ADVERTISEMENTS IN THIS WEEK'S REPUBLICAN.

BOOKS—W. G. HALL. LINENRY—MRS. McDONALD. GOTS, CASSIMERES—R. N. TAY.

REMARKABLE CURE—DISOSWAY. NAWAY—J. M. STEVENSON.

ADVERTISING. The fall trade is about to commence.

Merchants are getting in their winter stock. Streets are lined with boxes, emptied of contents now for sale within.

What shall I get them? Shall we tell you? Shall we public what kind of goods you have?

Let them know where such goods as they may want can be bought cheap.

Why, by advertising—this is the best means of securing customers.

All should advertise—the merchant to inform his customers, what he has for sale—the Young Merchant to inform the public of his whereabouts, and get his share of patronage.

Try it and see; and if you don't get customers, put us down as no account.

Who would respectfully solicit a share of advertising patronage? Our circulation in this city is pretty large, and we feel confident in saying that Merchants and others would find it to their advantage to advertise in the columns of the Republican.

MR. JORDAN'S ADDRESS. We are indebted to a friend for the opportunity of publishing the address of Wm. Hill Jordan.

Wm. Hill Jordan, before the literary societies of Wake Forest College, on the 10th June, 1847.

He precludes the possibility of our inserting, although our readers would doubtless be interested in his personal, both pleasure and profit, we ourselves have done.

The reciprocal influence of Education and Religion, in the improvement of human character, and the promotion of human happiness is the subject of his address—a subject deserving of the most careful reflection by all, and most, by those who enter upon the busy scenes of life.

That Col. Paine has proved deficient in these qualities, experience has shown. Then let the fault lie at the door of him who appointed him.

Superior Court for this County will be held in Newbern next week. His honor Judge Manly will preside.

BANK RATES OF EXCHANGE.—Some time ago we observed that the Wilmington Banks had reduced the rates of exchange between that place and N. Y. to 1/2 per cent. premium.—We see now that they have returned to the former rates 1 per cent.

THE WEATHER. Last week, we experienced almost a beginning of winter. Fire was by no means uncomfortable. Two or three sharp frosts have visited us. On Sunday it began to grow warmer, and to day it is pleasant fall weather.

News from the army is very meagre this week. We have made a selection of the most important items to be found on the opposite page.

NORTH CAROLINA REGIMENT. We have spoken freely about the conduct of Col. Paine and the North Carolina Regiment. We have done so under a sense of duty for the fair fame and honor of our State, as well as that of the Regiment.

But we have stated no fact or drawn any inference, except upon the most reliable sources, from the very scene of action; and we shall say nothing in justification of any disorderly or disobedient conduct—far be it from us to encourage or justify such, especially we would do no wrong to Col. Paine, either privately or publicly.

If the deep interest we feel in the matter betrays us into any such expression, it is not our intention; but his public conduct is so conspicuous a public station, shall receive its proper comment.

There is a great fault somewhere in this transaction. Either the Colonel's bad treatment has produced these disorders, or the Regiment has disgraced itself by its mutinous conduct; in either event the reputation of the State suffers.

Gov. Graham is responsible for the appointment of Col. Paine. For that highly distinguished and responsible post he should have selected a person not only qualified by his military knowledge and his talents for command, but by his hearty co-operation with his Volunteers in the cause they were engaged in—one who could appreciate the feelings of those under his command, and never disregard their rights—one prepared to be the "Guardian and Father" over those who had trusted their dearest rights in his hands.

That Col. Paine has proved deficient in these qualities, experience has shown. Then let the fault lie at the door of him who appointed him. No other commander in Mexico has been so unpopular with his own regiment.

MARYLAND. Snow Hill, February 21, 1840.

Mr. Seth W. Fowle.—Sir—Please send me as soon as possible, another lot of Wistar's Balsam of Wild Cherry. I have been selling this valuable medicine in this town for many years. It has proved to be highly useful in many cases. Much has been said and written in commendation of this article, and justly too, I think of my own opinion of its effect upon others, and my own experience in using it. Some months since, having a pericarditis in using it. Some months since, having a pericarditis in using it. Some months since, having a pericarditis in using it.

REMARKABLE CURE OF SCROFULA. THE attention of the reader is called to the following astonishing cure of Scrofula by the use of SANDS' SARSAPARILLA. THIS is to certify that I have a Negro Woman who has been afflicted for the last 5 years with Scrofula, and all the remedies I used had no effect in arresting the progress of the complaint, on the contrary she constantly grew worse; and after expending between \$70 and \$80 with Physicians, besides using other remedies without success, till the disease had eaten away the cartilage of her nose, and had made its appearance on various parts of her body, and had finally commenced its ravages in the roof of her mouth. In this dreadful situation, with the prospect of death staring her in the face, I stated her case to Mr. Disosway, the Agent for Sands' Sarsaparilla, in New Bern, by whom I was advised to use that article; and to my surprise, and that of my neighbors, to whom her case was known, after using 4 1/2 bottles she was restored to perfect health; and that in the space of three weeks, and was able to do good service in two weeks from the time she commenced taking it. In witness of the truth of which statement, I have hereunto affixed my name, this 19th day of September, 1847. JOSEPH MCCOTTER, J. P. North of Neuse River Craven County, N. C. The above named invaluable medicine is for sale by I. DISOSWAY, Druggist, Cor. Pollock and Middle Street, the Proprietor's only agent for this place, who has for sale also Dr. Williams' Pink Pills, Oils, Glass Putty, Dry-Stuffs, Perfumery, Garden Seeds, &c., &c. Oct. 20, 44th.

MARKETS. Newbern, October 12. TURPENTINE.—The receipts of this article continue to be moderate, and during the last week prices have been very steady at our quotations. There have been no large lots on the market. On Saturday a lot of 100 barrels was sold at \$2.72 1/2. TAR.—No change, very little in the market. BACON AND LARD.—None in market. GRAIN.—We notice a lot of Hyde Co. Oats at the wharf which was sold at 32 1/2 cts. MITCHEN MARKET.—Our country friends seem almost to have forgotten us. We went into the market this morning and could find almost nothing to eat. Perhaps if they would bring us some turkeys, chickens &c. they would meet with ready sale. Provisions are pretty scarce and no mistake, judging from the bareness of the Market. Bring along your gobblers; we long to be at one. New York, 13th Oct. 1847. NAVAL STORES.—Sales of 500 bbls. North county rosin were made at 65c. Raw Turpentine was firm at \$3.50 @ 250 lb, and Spirits of do. at 50c asked. Tar we quote at \$3.37 @ 50.

FORTY DOLLARS REWARD. THE above reward and all expenses will be paid for the apprehension and delivery to me, of my slave Oliver, who ran away on the 12th inst. THE PILES. A CURE FOR LIFE SECURED. DR. UPHAM'S VEGETABLE ELECTUARY, Or Internal Remedy for the Piles. PREPARED BY A. UPHAM, New-York a regularly educated Physician, who devotes his attention almost entirely to this disease.—No mineral salt is detected in the composition—No other article that can be directly or indirectly deleterious. The remedy was invented by Dr. Upham after he left college. He was driven to find a cure for the piles by the misery the disease inflicted upon him; and he now offers the benefits of his discovery to THE WORLD AT LARGE. The proprietor of the Electuary unequivocally and distinctly avers—(an unchallengeable contradiction)—that it will completely cure external internal, blind or bleeding PILES OF THE LONGEST STANDING, no matter how obstinate the case may be, or how long the patient may be considered situated. Three one dollar boxes have entirely eradicated the disease, after it had existed for twelve; fifteen, twenty and twenty-five years; in proof of which, the fortunate individuals who were made whole have presented the most positive and unmistakable testimony.—In some instances a cure has been effected by six doses, or half a box, after the ingenuity of a host of physicians, and the DREADFUL KNIFE of the Surgeon had been exercised to the utmost with but the smallest shadow of success. These are no idle assertions, falsely put forth to entrap the credulous, but solemn and wonderful truths that which hundreds will testify. Even if a surgical operation were certain to accomplish a permanent cure, it is too disgusting to be thought of, while the agony it engenders is appalling in the extreme, and shatters the constitution beyond a hope of recovery.—The number of persons effectually cured of piles by the Electuary in two years fall but little short of TEN THOUSAND in New York, Philadelphia, Boston and other cities of the Union. This is a great result to boast of, and is not equalled, or even approached, by any event noted in the medical history of the world. It is reasonable to suppose that sneers will be levied at these remarks. So they were at Fulton when he first made known the worth of steam and its great practical utility—so they were at the persecuted Galileo when he published his discovery of the Microscope—so they were at Morse when he hinted at the discovery of the Magnetic Telegraph which is now a familiar and every day affair. It is safer for the sufferer to TRY BEFORE HE SCOFFS, and procure happiness and a renowned lease of life if he can. Many a man has lost his existence by permitting his incredulity to master his judgment. The Electuary is particularly commended to the attention of married ladies, the one half of whom are subjected to the attacks of piles in a modified form. The medicine can be safely taken under all circumstances. Either before the piles appear, or after they have made their sad havoc, the victim is made to endure severe costiveness, giddiness, inflammation of the spleen, kidneys, liver, intestines, bladder and spine, with many corresponding ailments for the cure cure of all of which nothing equals the Electuary. These professions are not solely mercenary, but are made with a view of alleviating THE DISTRESSES OF MYRIADS who can discover no method whereby to gain a restoration of their health. This fact will be apparent to all who inspect the medicine when, by so doing, they may perceive that its cost must necessarily be almost as great as the price demanded for it! While this MESSRS. WYATT AND KETCHAM—Gents: For several years past I have been troubled with Piles, a very costly state of the bowels, indigestion and weakness of the system. But my complaint not being so severe as to disable me from business, and a dread I had of physicians and patent medicines, that until this Spring I never used any medicine or applied to a physician for relief. The Piles then being so severe that I allowed several operations to be performed, without any benefit. Determined after this to try other means, I read an advertisement of a cure guaranteed by the use of Dr. Upham's Electuary. I purchased three boxes at your store, and from the use of which I found myself entirely cured of the Piles and my health much improved. I remain, sirs, your much indebted friend. EZRA DIBBLE, 194 Broadway. PHILADELPHIA CERTIFICATE. DR. UPHAM—Dear Sir: About five years ago I was afflicted with what was called Chronic Dysentery. I have suffered with it ever since, and physicians have told me that my liver was affected, and that my bowels were ulcerated, for blood and pus, attended with a peculiarly putrid smell, were the frequent discharges. A short time since I made a visit to Massachusetts, in hopes of benefit from a change of air, but suffered more severely than ever before. While there a physician offered to cure me for \$40, in three months. Happily in the midst of intense pain, occasionally relieved by laudanum, I saw in a wrapper of your Electuary a perfect description of my complaint, together with many certificates of cures. This gave me great confidence in the medicine, and I purchased a box, and nine doses of which has apparently cured me, and am prepared to say anything in its favor, or render any service I can to humanity by subscribing to its merits. Respectfully yours, BENJAMIN PERCIVAL. 89 South Sixth-st. Letter from Capt. McLean, U. S. N. NAWAY, June 16, 1847. "I have been afflicted for years with the piles, and have tried, without anything like permanent benefit, almost everything assuming the name of a remedy. Had, as a matter of course lost all confidence in medicine. Under this feeling, I was induced—without reluctance, I confess—to use Upham's Electuary, and having used it for about three weeks according to the directions laid down, I find, to my utter surprise as well as satisfaction, that every symptom of the disease has left me. I think it due alike to Dr. Upham and myself to make this statement. "G. W. McLEAN, late of the U. S. N." Sold, wholesale and retail, by WYATT & KETCHAM, 121 Fulton-st. New-York. For Sale by I. DISOSWAY, Newbern. Price \$1 a box.
