FASHION FANCIES.

NEW AND IMPORTANT DETAILS OF FEMININE GARMENTS.

Tendency of the New Cont Sleeves is waist and sleeves, and is prettily to Make the Arm Look Long and Slight - Wrapper of Turquoise Bine Cashmere.

S might have been expected, writes May Manton, the coar sleeves are represed in accordance with the medicied sleeve of the gown over which it is to be worn. The tendency of the newest and shelt as possible with the (ulucand sign as positive with the thouses so disposed at the top as to give width to the simulter. We here illustrate two of the latest models.

No. I is of in higo bine cloth. The

shaping is accomplished by smooth under and full upper portions, so ar-ranged as to flare stylicibly above the ellow with the adjustment below closed. A single box-plait is inid at the shoulders; forward and backward termin side plants adjusting the returning side platts adjusting the re-mainder of the fulness. They are com-pleted at the wrists with upturned circutar cuffs that flars fashionably toward the top where braiding forms a suitable decoration. No. 2, of fancy costing, presents a

comfortably close fit from the close to the wrist, where it is finished by a circular cuff of velvet. The under portion is smooth and extends to the arm's eye, while the upper portion is arranged above the elbow in the term shared in tabs that are decorated with

the body linings at yoke depth, the lower edge being also gathered and adjusted to the waist linings to fall in slight blouse effect. A stylish acces sory is the fanciful collar that falls deeply over the upper portions of the

of a modified leg-of-matton, with the fulness at the top, labl in plaits.

All manner of cloakons may be employed in making—light, medican or heavy-weight. Last season's ceats can be smartened up wonderfully by the addition of the new sleave cut from either pattern here given.

To make these sleaves for a buly in the medican size, No. 1 design requires one and one-fourth yards. For a miss in the medican size No. 1 design will require one and three eighths yards, and for No. 2 design, one and

one eighth yards of forty-four-inch years will require three and one-half wide material.

LADIES' WRAPPER WITH WATHAU PLANT, with curved side and centre back penes of shirt waist. The materials seams. The back, presenting the used are plain satin and plaid silks, popular "Watteau" effect, has a wide and in light bine, pink and white they

of the skirt. Below the want line the linen lawn edged with narrow lace.

LADIES' WRAFFEIL

seams of the garment pradually o pand, affording the requests fainess to the skirt, which has a foot descration in the form of a narrow, lace edge rulle headed with a band of invertion At the under arm scame pointed but sections are inserted which hold the fulness at the front of which like in position. The nock is completed wit a rolling collar. The atylon sleeves of moderate dim motors, are said with single recess, the write has complet I with single bands of inwith lace and imerlion, but over the electes and outrings the lower edge of the voke-front and simulators your

Cashmere, Henriotta, challis an i a employed in making. Lawn, persons, gingham, baptiste, disnity or other cotton wash fabrics will develop dunt ily in this style with decorations of lace or embrodery.

DEED FOR BUTG! OURS. This little dress is unitable to be made in silk, weeks or cotton fabrics. As illustrated it is composed of sirelywoolen. The fancilal codar is of said faced cloth and the best and necession are of velvet. The want is arrange over body imings that are littled by

yards of forty-four-meh wide material.

The display of women's neckwear in display from each of the shops is certainly a revelation of ingenity transmed with cross lace in the shops is certainly a revelation of stylish adjustment is made over fitted lining fronts of basque death that close in the centre, the input portions of made are faced to form a draible pointed yoke. The full fronts are gathered at the top and arranged or the linings under lower calce of yoke. the linings under lower edge of yels. Her, in a soft, wide one, which is more Under-arm gores give a smooth affect ferences, and in a full-dedged fear-over the hips, the back being fitted in land, which covers quite an expopular Watteau cheet, has a wall lox-plait laid at the neek which falls in graceful fulness to the lower edge of the skirt. Below the waist line the cheen collars. All the stocks have a - merrow linen collar turning over the dge, while for those to whom this is at becoming there are collars of

NEW STYLE OF UNDERSKIET.

Modister are making a new style of under-kert to wear with costumes and bulets. The skirts are narrowly gored and at the back an extender or dress improver is a qualcil that is formed inpanding shape by "in plante" hoops and narrow shads that come ready made for application. These extenders are fastened to the skirt by means of buttons and buttouholes or tiny backles and clastic bands. They are reale variously of silk, mohair, satine, alpaca, mercun, percaline of satin-faced English twill, and they are inselled to eive a certain new flare and meket to the back of the fashionable cowns for spring and summer like-

IT THEFT ARE IN.

Little bonnets are worn on all occa-ions, and every truly modish bonnet made a pair of strings. So a wreath it roses with one tait of bird of Parahis crest and a pair of ince strings constitutes a full-dress bounct. White ero atrongo are as fashionable as black mes, an a sprite no smart as either are or may be knotted to either side or restly under one's chin, or the two in strings need not be drawn in a low at all, but one takend allowed to eroes the other and lasten with a short, wend or puzzl headed pin under

NUMBER OF STREET

Not trimmings are very effective, specially those exvered by Oriental atterns blazing with gold thread and mock jewels. Appliqued velvet, or stoth in a different shade from the goods of the dress, is another effective rimming. One imported costume iflistrates how claterate trammings quan is cut out in intricate patterns al the perferations are surrounded or embraideries in colored silks and

THURST HUR ON ONE STOR.

Hats are trimened very high on one dr. Erilliant flowers, and many of tanno, are used in the trimming, and are worn well tilted over the eyes. The French woman follows the exshoulder and no terarm scams and trains of this fashion, and almost con-close in controbach. The full fronts scale the tip of her nose under the ceals the tip of her nose under the and back are gathered and joined to brim of her hat.
